*Title:* Statewide Automated Child  
 Welfare Information System (SACWIS)  
 Assessment Review Guide (SARG).  
*OMB No.:* 0970-0159.  
*Description:* For HHS to fulfill its  
 obligation to effectively serve the  
 nation's Adoption and Foster Care  
 populations, and to report meaningful  
 and reliable information to Congress  
 about the extent of problems facing  
 these children and the effectiveness of  
 assistance provided to this population,  
 the agency must have access to timely  
 and accurate information about child  
 welfare service populations and child  
 welfare services. Section 476(b) of the  
 Social Security Act requires that States  
 submit statistical reports for child  
 welfare populations, and Section 479 of  
 the Act details State responsibilities to  
 report specific information related to  
 child abuse and neglect. CFR 1355.52  
 provides funding authority for statewide  
 automated child welfare information  
 systems (SACWIS) that meet Federal  
 requirements for child welfare data  
 collection. If a State chooses to  
 implement a SACWIS, that system  
 serves as the primary data source for  
 Federal reporting. Currently, states use  
 their SACWIS to support their efforts to  
 meet the following Federal reporting  
 requirements related to child welfare:  
 the Adoption and Foster Care Analysis  
 and Reporting System (AFCARS)  
 required by section 479(b)(2) of the  
 Social Security Act; the National Child

Abuse and Neglect Data System  
 (NCANDS); Child Abuse Prevention and  
 Treatment Act (CAPTA); and the Chafee  
 Independent Living Program's National  
 Youth in Transition Database (NYTD).  
 These systems also support state efforts  
 to provide the information to conduct  
 the Child and Family Service Reviews.  
 Currently, forty-two States and the  
 District of Columbia have developed, or  
 are developing, a SACWIS with Federal  
 financial participation.  
 45 CFR 1355.55 provides for  
 continuing review, assessment and  
 inspection of SACWIS. The purpose of  
 this review is to determine whether the  
 system, as described in the approved  
 Advance Planning Document has been  
 adequately completed and conforms to  
 applicable regulations and policies.  
 To initiate a review, States complete  
 and submit the SACWIS Assessment  
 Review Guide (SARG) and other system  
 documentation when they have  
 completed system development and the  
 system is operational statewide. The  
 SARG template provides a format for  
 State description of system  
 functionality, operation, and outputs  
 such as reports. The additional  
 materials submitted as part of this  
 process, such as system design  
 documentation, are typically readily  
 available to the State as a result of good  
 project management practices.  
 The information collected in the  
 SACWIS Assessment Review Guide will  
 allow Federal reviewers to determine if  
 the State's SACWIS meets the  
 requirements for title IV-E Federal  
 Financial Participation (FFP) defined at  
 45 CFR 1355.50, and that systems meet  
 the goals and objectives of the approved  
 Advance Planning Documents (APD)  
 and conforms to the schedule, budget,
