

FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade and, in general, to protect investors and the public interest. FINRA believes that the proposed rule change is consistent with the clearly erroneous rules of other SROs and will promote the goal of transparency and uniformity across markets concerning reviews of potentially clearly erroneous executions in various contexts. Further, FINRA believes that the proposed changes enhance the objectivity of decisions made by FINRA with respect to clearly erroneous executions.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁶ and Rule 19b-4(f)(6)(iii) thereunder.⁷ FINRA has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver will allow the pilot program to continue uninterrupted and help ensure uniformity among the national securities exchanges and FINRA with respect to the treatment of

clearly erroneous transactions.⁸ Accordingly, the Commission waives the 30-day operative delay requirement and designates the proposed rule change as operative upon filing with the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-FINRA-2011-014 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-FINRA-2011-014. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street, NE.,

⁸ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of such filing also will be available for inspection and copying at the principal office of FINRA. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make publicly available. All submissions should refer to File Number SR-FINRA-2011-014 and should be submitted on or before May 4, 2011.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁹

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-64201, File No. SR-MSRB-2011-04]

Self-Regulatory Organizations; Municipal Securities Rulemaking Board; Order Granting Approval of Proposed Rule Change To Amend the MSRB Short-Term Obligation Rate Transparency (SHORT) Subscription Service

April 6, 2011.

I. Introduction

On February 10, 2011, the Municipal Securities Rulemaking Board ("MSRB"), filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Exchange Act"),¹ and Rule 19b-4 thereunder,² a proposed rule change to amend the MSRB's Short-term Obligation Rate Transparency subscription service to provide subscribers with additional information as well as documents. The proposed rule change was published for comment in the *Federal Register* on March 2, 2011.³ The Commission received no comment letters about the proposed rule change. This order approves the proposed rule change.

II. Description of the Proposed Rule Change

The Short-term Obligation Rate Transparency ("SHORT") System is a

² 17 CFR 240.19b-4.

⁶ 15 U.S.C. 78s(b)(3)(A).

⁷ 17 CFR 240.19b-4(f)(6)(iii). In addition, Rule 19b-4(f)(6)(iii) requires that a self-regulatory organization submit to the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the filing of the proposed rule change, or such shorter time as designated by the Commission. The Commission notes that FINRA has satisfied this requirement.

facility of the MSRB for the collection and dissemination of information about securities bearing interest at short-term rates. Rule G-34(c), on variable rate security market information, currently requires certain dealers to report to the SHORT System interest rates and descriptive information about Auction Rate Securities (“ARS”) and Variable Rate Demand Obligations (“VRDOs”). All reported information is disseminated from the SHORT System to subscribers pursuant to the MSRB SHORT subscription service⁴ and is posted to the MSRB’s Electronic Municipal Market Access (“EMMA”) Web portal pursuant to the EMMA short-term obligation rate transparency service.

On August 20, 2010, the Commission approved changes to Rule G-34(c) that will increase the information dealers are required to report to the SHORT System. This rule change will add to the SHORT System documents that define auction procedures and interest rate setting mechanisms for ARS and liquidity facilities for VDROs, information about orders submitted for an ARS auction, and additional information about VRDOs.⁵ To provide subscribers with access to these additional items of information and documents, the proposed rule change would amend the SHORT subscription service to include the additional information and documents as well as an ARS “bid to cover” ratio that would be computed by the SHORT System. A more complete description of the proposal is contained in the Commission’s Notice.

The MSRB has requested an effective date for the proposed rule change of May 16, 2011.

III. Discussion and Commission Findings

The Commission has carefully considered the proposed rule change and finds that the proposed rule change is consistent with the requirements of the Exchange Act and the rules and regulations thereunder applicable to the MSRB⁶ and, in particular, the requirements of Section 15B(b)(2)(C) of the Exchange Act⁷ and the rules and regulations thereunder. Section 15B(b)(2)(C) of the Exchange Act

requires, among other things, that the MSRB’s rules shall

be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in municipal securities and municipal financial products, to remove impediments to and perfect the mechanism of a free and open market in municipal securities and municipal financial products, and, in general, to protect investors, municipal entities, obligated persons, and the public interest.

The Commission believes that the proposed rule change is consistent with the Exchange Act in that the amendments to the SHORT subscription service would serve as an additional mechanism by which the MSRB works toward removing impediments to and helping to perfect the mechanisms of a free and open market in municipal securities. The subscription service would make the additional information and documents collected by the SHORT System available to market participants for re-dissemination and for use in creating value-added products and services. Such re-dissemination and third-party use would provide market participants, including investors and the general public, additional avenues for obtaining the information collected by the SHORT System and would make additional tools available for making well-informed investment decisions. Broad access to the information and documents collected by the SHORT System, in addition to the public access through the EMMA Web portal, should further assist in preventing fraudulent and manipulative acts and practices by improving the opportunity for public investors to access material information about Auction Rate Securities and Variable Rate Demand Obligations.

The Commission further believes that broader re-dissemination and third-party use of the information and documents collected by the SHORT System should promote a more fair and efficient municipal securities market in which transactions are effected on the basis of material information available to all parties to such transactions, which should allow for fairer pricing of transactions based on a more complete understanding of the terms of the securities (including any changes thereto).

The proposed rule change will become effective on May 16, 2011, as requested by the MSRB.

It is therefore ordered, pursuant to Section 19(b)(2) of the Exchange Act, that the proposed rule change (SR-

MSRB-2011-04), be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority:⁸

Cathy H. Ahn,
Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-64245; File No. SR-CBOE-2011-026]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing of a Proposed Rule Change To Trade Options on Individual Stock Based Volatility Indexes and Certain Exchange-Traded Fund Based Volatility Indexes

April 7, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on March 29, 2011, the Chicago Board Options Exchange, Incorporated (“Exchange” or “CBOE”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

CBOE proposes to amend its rules to list and trade options on individual stock based volatility indexes and certain exchange-traded fund based volatility indexes. CBOE will list a total of 40 combined individual stock and exchange-traded fund based volatility indexes. These are in addition to options on the CBOE Gold ETF Volatility Index (“GVZ”), which has already been approved for trading by the Commission. Such volatility index options must be based on an individual stock option or exchange-traded fund option that already trades on CBOE. The proposed options will be cash-settled and will have European-style exercise. The text of the rule proposal is available on the Exchange’s Web site (<http://www.cboe.org/legal>), at the Exchange’s
