

identify potential air quality problems, allow EPA to issue permits or approvals, and ensure appropriate records are available to verify compliance with these FIPs. The information collection requirements listed above are all mandatory. Regulated entities can assert claims of business confidentiality and EPA will address these claims in accordance with the provisions of 40 CFR part 2, subpart B.

**Burden Statement:** The annual public reporting and recordkeeping burden for this collection of information is estimated to average 3 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

**Respondents/Affected Entities:** Entities potentially affected by this action include owners and operators of emission sources in all industry groups and tribal, Federal, and local governments, located on the identified Indian reservations.

**Estimated Number of Respondents:** 1,694.

**Frequency of Response:** Annually and on occasion.

**Estimated Total Annual Hour Burden:** 6,245.

**Estimated Total Annual Cost:** \$396,245. This includes an estimated labor cost of \$396,245. Capital investment and operation and maintenance costs are assumed to be zero.

**Changes in the estimates:** There is an increase of 1,956 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This increase is the result of a number of changes. It reflects adjustments to the burden estimates for this collection using consultation input, historical data, and experience with implementing the FARR. Some components of the burden estimates increased and some components decreased. In most cases, the burden estimates increased based on input from

the source consultations. For some provisions the estimates of the number of respondents increased. Some estimates changed based on additional information EPA has gained through implementing the rules.

Dated: April 6, 2011.

## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OAR-2004-0093; FRL-9294-2]

### Agency Information Collection Activities; Submission to OMB for Review and Approval; Comment Request; Clean Air Act Tribal Authority (Renewal)

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), this document announces that an Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval. This is a request to renew an existing approved collection. The ICR, which is abstracted below, describes the nature of the collection and the estimated burden and cost.

**DATES:** Additional comments may be submitted on or before May 13, 2011.

**ADDRESSES:** Submit your comments, referencing Docket ID Number EPA-HQ-OAR-2004-0093, to (1) EPA online using [www.regulations.gov](http://www.regulations.gov) (our preferred method), by e-mail [a-and-r-docket@epa.gov](mailto:a-and-r-docket@epa.gov), or by mail to: EPA Docket Center, Environmental Protection Agency, Air and Radiation Docket Information Center, Mail Code: 28221T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, and (2) OMB by mail to: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

#### FOR FURTHER INFORMATION CONTACT:

Darrel Harmon, Office of Air and Radiation, Immediate Office, (6101A), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: 202-564-7416; fax number: 202-564-0394; e-mail address: [harmon.darrel@epa.gov](mailto:harmon.darrel@epa.gov) or Danielle Dixon, Environmental

Protection Agency, Office of Air and Radiation, Office of Air Quality Planning and Standards, Outreach and Information Division, (C304-01), Research Triangle Park, North Carolina 27711; telephone number: 919-541-2808; fax number 919-541-0072; e-mail address: [dixon.danielle@epa.gov](mailto:dixon.danielle@epa.gov).

**SUPPLEMENTARY INFORMATION:** EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On November 29, 2010 (75 FR 73076), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments. Any additional comments on this ICR should be submitted to EPA and OMB within 30 days of this notice.

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-OAR-2004-0093, which is available for public viewing on-line at <http://www.regulations.gov>, or in person viewing at the Air Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202-566-1744, and the telephone number for the Air Docket is 202-566-1742.

Use EPA's electronic docket and comment system at <http://www.regulations.gov>, to submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the docket that are available electronically. Once in the system, select "docket search," then key in the docket ID number identified above. Please note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at <http://www.regulations.gov> as EPA receives them and without change, unless the comment contains copyrighted material, Confidential Business Information (CBI), or other information whose public disclosure is restricted by statute. For further information about the electronic docket, go to <http://www.regulations.gov>.

**Title:** Clean Air Act Tribal Authority (Renewal).

**ICR numbers:** EPA ICR No. 1676.06, OMB Control No. 2060-0306.

**ICR Status:** This ICR is scheduled to expire on 05/31/2011. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not

required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, and are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

*Abstract:* This Information Collection Request (ICR) seeks authorization for Tribes to demonstrate their eligibility to be treated in the same manner as states under the Clean Air Act (CAA) and to submit applications to implement a CAA program. This ICR extends the current collection of information period for determining eligibility, which expires May 31, 2011. The ICR also is revising the estimates of burden costs for Tribes in completing a CAA application.

The program regulation provides for Indian Tribes, if they so choose, to assume responsibility for the development and implementation of CAA programs. The regulation, Indian Tribes: Air Quality Planning and Management (Tribal Authority Rule [TAR] 40 CFR parts 9, 35, 49, 50 and 81), sets forth how Tribes may seek authority to implement their own air quality planning and management programs. The rule establishes: (1) Which CAA provisions Indian Tribes may seek authority to implement, (2) what requirements the Tribes must meet when seeking such authorization, and (3) what Federal financial assistance may be available to help Tribes establish and manage their air quality programs. The TAR provides Tribes the authority to administer air quality programs over all air resources, including non-Indian owned fee lands, within the exterior boundaries of a reservation and other areas over which the Tribe can demonstrate jurisdiction. An Indian Tribe that takes responsibility for a CAA program would essentially be treated in the same way as a state would be treated for that program.

Responses to the collection of information are required to obtain a benefit (40 CFR parts 9, 35, 49, 50 and 81). Any information submitted to the Agency for which a claim of confidentiality is made will be safeguarded according to the Agency policies set forth in Title 40, Chapter 1, part 2, subpart B—Confidentiality of Business Information (see 40 CFR 2; 41 FR 36902, September 1, 1976; amended by 43 FR 40000, September 8, 1978; 43

FR 42251, September 20, 1978; 44 FR 17674, March 23, 1979). There is no sensitive information required.

*Burden Statement:* The annual public reporting and recordkeeping burden for this collection of information is estimated to average 40 hours per response. Burden means the total time, effort or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

*Respondents/Affected Entities:* States, locals, Indian Tribes.

*Estimated Number of Respondents:* 8.

*Frequency of Response:* One-time application.

*Estimated Total Annual Hour Burden:* 320.

*Estimated Total Annual Cost:* \$18,896.00, which includes \$0 annualized capital or O&M costs.

*Changes in the Estimates:* There is a decrease of 40 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. The total burden hours have been updated to reflect new estimates that are based on the number of applications the EPA received under the previous ICR and what EPA estimates it will receive in the upcoming years. There is no difference between the active ICR and this ICR in the number of hours per response.

Dated: April 7, 2011.

## **ENVIRONMENTAL PROTECTION AGENCY**

**[FRL-9294-5]**

### **Clean Water Act Section 303(d): Availability of List Decisions**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of availability.

**SUMMARY:** This notice announces the availability of EPA's action identifying water quality limited segments and associated pollutants in Louisiana to be listed pursuant to Clean Water Act Section 303(d), and request for public comment. Section 303(d) requires that States submit and EPA approve or disapprove lists of waters for which existing technology-based pollution controls are not stringent enough to attain or maintain State water quality standards and for which total maximum daily loads (TMDLs) must be prepared.

On April 5, 2011, EPA partially approved and proposed to partially disapprove Louisiana's 2008 Section 303(d) submittal. Specifically, EPA approved Louisiana's listing of 409 waterbody pollutant combinations, and associated priority rankings. EPA proposed to disapprove Louisiana's decisions not to list three waterbodies. These three waterbodies were added by EPA because the applicable numeric water quality standards marine criterion for dissolved oxygen was not attained in these segments. EPA is providing the public the opportunity to review its proposed decisions to add the three waters to Louisiana's 2008 Section 303(d) List. EPA will consider public comments and if necessary amend its proposed action on the additional waterbodies identified for inclusion on Louisiana's Final 2008 Section 303(d) List.

**DATES:** Comments must be submitted in writing to EPA on or before May 13, 2011.

**ADDRESSES:** Comments on the decisions should be sent to Diane Smith, Environmental Protection Specialist, Water Quality Protection Division, U.S. Environmental Protection Agency Region 6, 1445 Ross Ave., Dallas, TX 75202-2733, telephone (214) 665-2145, facsimile (214) 665-6490, or e-mail: [smith.diane@epa.gov](mailto:smith.diane@epa.gov). Oral comments will not be considered. Copies of the documents which explain the rationale for EPA's decisions and a list of the 3 water quality limited segments for which EPA proposed disapproval of Louisiana's decisions not to list can be obtained at EPA Region 6's Web site at <http://www.epa.gov/region6/water/npdes/tmdl/index.htm>, or by writing or calling Ms. Smith at the above address. Underlying documents from the administrative record for these decisions are available for public inspection at the above address. Please contact Ms. Smith to schedule an inspection.

**FOR FURTHER INFORMATION CONTACT:** Diane Smith at (214) 665-2145.
