

meeting may contact Mr. Aaron Yeow, Designated Federal Officer (DFO), EPA Science Advisory Board Staff Office (1400R), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; by telephone/voice mail at (202) 564-2050 or at yeow.aaron@epa.gov. General information about the CASAC, as well as any updates concerning the meeting announced in this notice, may be found on the EPA Web site at <http://www.epa.gov/casac>.

SUPPLEMENTARY INFORMATION:

Background: The CASAC was established pursuant to the Clean Air Act (CAA) Amendments of 1977, codified at 42 U.S.C. 7409D(d)(2), to provide advice, information, and recommendations to the Administrator on the scientific and technical aspects of issues related to the criteria for air quality standards, research related to air quality, sources of air pollution, and the strategies to attain and maintain air quality standards and to prevent significant deterioration of air quality. The CASAC is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2. Pursuant to FACA and EPA policy, notice is hereby given that the CASAC Lead Review Panel will hold a public meeting to provide consultative advice on EPA's draft *Integrated Review Plan for the National Ambient Air Quality Standards for Lead*. The CASAC Lead Review Panel and the CASAC will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Section 109(d)(1) of the CAA requires that the Agency periodically review and revise, as appropriate, the air quality criteria and the National Ambient Air Quality Standards (NAAQS) for the six "criteria" air pollutants, including lead. EPA is currently reviewing the primary (health-based) and secondary (welfare-based) NAAQS for lead. Accordingly, the SAB Staff Office solicited nominations for the CASAC Lead Review Panel on October 28, 2009 (74 FR 55548-55549). Membership of the Panel is listed at <http://yosemite.epa.gov/sab/sabpeople.nsf/WebCommitteesSubcommittees/CASAC%20Lead%20Review%20Panel%20%282010-2013%29>.

EPA's Integrated Review Plan (IRP) will serve as the framework for its review of the lead NAAQS. The draft IRP presents the current plan and specifies the schedule for the entire review, the process for conducting the review, and the key policy-relevant science issues that will guide the review. The draft document also

describes the different phases of the review, including the science assessment, risk/exposure assessment, and policy assessment/rulemaking, for which EPA will prepare documents which will be submitted for later CASAC review and public comment. The purpose of this teleconference is for the CASAC Panel to provide consultative advice on the draft *Integrated Review Plan for the National Ambient Air Quality Standards for Lead*.

Availability of Meeting Materials:

Agendas and materials in support of this meeting will be placed on the EPA Web site at <http://www.epa.gov/casac> in advance of the meeting. For technical questions and information concerning the review materials please contact Dr. Deirdre Murphy of EPA's Office of Air and Radiation at (919) 541-0729, or murphy.deirdre@epa.gov.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office.

Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit comments for a federal advisory committee to consider as it develops advice for EPA. Input from the public to the CASAC will have the most impact if it provides specific scientific or technical information or analysis for CASAC panels to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should contact the Designated Federal Officer directly. **Oral Statements:** In general, individuals or groups requesting an oral presentation at a teleconference will be limited to three minutes. Each person making an oral statement should consider providing written comments as well as their oral statement so that the points presented orally can be expanded upon in writing. Interested parties should contact Mr. Aaron Yeow, DFO, in writing (preferably via e-mail) at the contact information noted above by April 28, 2011 for the teleconference, to be placed on the list of public speakers. **Written Statements:** Written statements should be supplied to the DFO via email at the contact information noted above by April 28, 2011 for the teleconference so that the information may be made available to the Panel members for their

consideration. Written statements should be supplied in one of the following electronic formats: Adobe Acrobat PDF, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format. It is the SAB Staff Office general policy to post written comments on the Web page for the advisory meeting or teleconference. Submitters are requested to provide an unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its Web sites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the SAB Web site. Copyrighted material will not be posted without explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities, please contact Mr. Aaron Yeow at (202) 564-2050 or yeow.aaron@epa.gov. To request accommodation of a disability, please contact Mr. Yeow preferably at least ten days prior to each meeting to give EPA as much time as possible to process your request.

Dated: March 31, 2011.

Vanessa T. Vu,

Director, EPA Science Advisory Board Staff Office.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2010-1046; FRL-8869-9]

Proposed Pesticide Program's Pilot Fragrance Notification Program; Notice of Availability

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA's Office of Pesticide Programs (OPP) is publishing for comment a proposed Pilot Fragrance Notification Program (PFNP) for registrants seeking to add new or modify existing fragrances in new or currently registered pesticide products. The Agency intends to implement the proposed PFNP for two years as a process improvement effort to streamline the current 90-day process used to amend registrations to a 30-day notification process when fragrance ingredients are added, removed, or modified.

DATES: Comments must be received on or before May 16, 2011.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2010-1046, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

- *Mail:* Office of Pesticide Programs (OPP) Regulatory Public Docket (7502P), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001.

- *Delivery:* OPP Regulatory Public Docket (7502P), Environmental Protection Agency, Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. Deliveries are only accepted during the Docket Facility's normal hours of operation (8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays). Special arrangements should be made for deliveries of boxed information. The Docket Facility telephone number is (703) 305-5805.

Instructions: Direct your comments to docket ID number EPA-HQ-OPP-2010-1046. EPA's policy is that all comments received will be included in the docket without change and may be made available on-line at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or e-mail. The www.regulations.gov website is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through www.regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: All documents in the docket are listed in the docket index available at <http://www.regulations.gov>. Although listed in the index, some information is not publicly available, e.g., CBI or other

information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the OPP Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305-5805.

FOR FURTHER INFORMATION CONTACT: SanYvette Williams, Antimicrobials Division (7510P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 305-7702; fax number: (703) 305-7484; e-mail address: williams.sanyvette@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are a registrant wishing to add or modify fragrances in registered products or fragrance suppliers. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through www.regulations.gov or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When submitting comments, remember to:

- i. Identify the document by docket ID number and other identifying

information (subject heading, **Federal Register** date and page number).

- ii. Follow directions. The Agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.

- iii. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.

- iv. Describe any assumptions and provide any technical information and/or data that you used.

- v. If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.

- vi. Provide specific examples to illustrate your concerns and suggest alternatives.

- vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.

- viii. Make sure to submit your comments by the comment period deadline identified.

II. What action is the agency taking?

The Agency is taking this action as a follow up to the 2007 Fragrance Notification Pilot Program and it is very similar in conduct. The proposed PFNP incorporates the ability to self certify and rely on the Fragrance Ingredient List (FIL). The FIL is comprised of more than 1,500 fragrance component ingredients contained in pesticide products previously reviewed and registered by the Agency and have undergone an evaluation to determine their suitability for safe use as components of fragrances used in nonfood use pesticide product formulations. Only fragrances in which all of the components in the fragrance are on the FIL are eligible to participate in the proposed PFNP.

The objectives of the current pilot are to improve public transparency, reduce the amount of paperwork required of registrants and decrease tracking. The number of fragrance documents needing to be tracked would be decreased because they would be submitted twice a year versus with every application. These efficiencies will allow resources to be focused on other regulatory work without compromise to public health or the environment.

This is a voluntary program where interested entities have an opportunity to participate. The Agency is publishing this for comment by registrants as part of process improvement. Comments on the proposed process for this pilot are welcomed.

List of Subjects

Environmental protection.

Dated: April 8, 2011.

Steven Bradbury,

Director, Office of Pesticide Programs.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9296-4]

Science Advisory Board Staff Office; Request for Nominations of Candidates to the EPA's Advisory Council on Clean Air Compliance Analysis (Council) EPA's Clean Air Scientific Advisory Committee (CASAC) and EPA's Science Advisory Board (SAB)

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: The U.S. Environmental Protection Agency (EPA) invites nominations of scientific experts from a diverse range of disciplinary areas to be considered for appointment to the Advisory Council on Clean Air Compliance Analysis (Council), Clean Air Scientific Advisory Committee (CASAC), the Science Advisory Board (SAB), or SAB Committees described in this notice. Appointments are anticipated to be filled by the start of Fiscal Year 2012. Sources in addition to this **Federal Register** Notice may also be utilized in the solicitation of nominees.

DATES: Nominations should be submitted in time to arrive no later than May 16, 2011.

FOR FURTHER INFORMATION CONTACT: Nominators unable to submit nominations electronically as described below may submit a paper copy by the Designated Federal Officers for the committees, as identified below. General inquiries regarding the work of the Council, CASAC and SAB or SAB Standing Committees may also be directed to them.

Background: Established by statute, the Council (42 U.S.C 7612), the CASAC (42 U.S.C. 7409), and SAB (42 U.S.C. 4365) are EPA's chartered Federal Advisory Committees that provide independent scientific and technical peer review, consultation, advice and recommendations directly to the EPA Administrator the scientific bases for EPA's actions and programs. As Federal Advisory Committees, the Council, CASAC, and SAB conduct business in accordance with the Federal Advisory Committee Act (FACA) (5 U.S.C. App. 2) and related regulations. Generally, Council, CASAC and SAB meetings are

announced in the **Federal Register**, conducted in public view, and provide opportunities for public input during deliberations. Additional information about these Federal Advisory Committees may be found at <http://www.epa.gov/advisorycouncilcaa>, <http://www.epa.gov/casac> and <http://www.epa.gov/sab>, respectively.

Members of the Council, CASAC, and the SAB, constitute a distinguished body of non-EPA scientists, engineers, economists, and social scientists that are nationally and internationally recognized experts in their respective fields. Members are appointed by the EPA Administrator for a period of three years. This notice specifically requests nominations for the Council, CASAC, the SAB, and SAB Committees from academia, industry, state, and tribal governments, research institutes, and non-governmental organizations throughout the United States.

Expertise Sought: The Council was established in 1990 pursuant to the Clean Air Act (CAA) Amendments of 1990 to provide advice and recommendations to the EPA Administrator on technical and economic aspects of the impacts of the Clean Air Act (CAA) on the public health, economy, and environment of the United States. The SAB Staff office is seeking nominations for individuals to serve on the Council with demonstrated expertise in air pollution issues. A nominee's expertise may include the following disciplines: *Environmental economics; economic modeling; air quality modeling; atmospheric science and engineering; epidemiology; statistics, and human health risk assessment.* For further information on the Council, please contact Ms. Stephanie Sanzone, DFO, by telephone at 202-564-2067 or by e-mail at sanzone.stephanie@epa.gov.

Established in 1977 under the Clean Air Act (CAA) Amendments, the chartered CASAC reviews and offers scientific advice to the EPA Administrator on technical aspects of national ambient air quality standards for criteria pollutants. As required under the CAA section 109(d), CASAC will be composed of seven members, with at least one member of the National Academy of Sciences, one physician, and one person representing State air pollution control agencies. The SAB Staff Office is seeking nominations of experts to serve on the CASAC with demonstrated experience in: *Public health; environmental medicine; environmental health sciences; and risk assessment.* For further information about CASAC, please contact Dr. Holly Stallworth, DFO, by telephone at 202-

564-2073 or by e-mail at stallworth.holly@epa.gov.

The chartered SAB was established in 1978 by the Environmental Research, Development and Demonstration Act to provide independent advice to the Administrator on general scientific and technical matters underlying the Agency's policies and actions. All the work of the SAB is under the direction of the Board. The chartered Board provides strategic advice to the EPA Administrator on a variety of EPA science and research programs and reviews and approves all SAB subcommittee and panel reports. The SAB Staff Office is seeking nominations of experts to serve on the chartered SAB in the following disciplines: *Social, behavioral and decision sciences; ecological sciences and risk assessment; environmental modeling; environmental economics; environmental engineering; environmental medicine; pediatrics; public health; and human health risk assessment.* For further information about the SAB, please contact Dr. Angela Nugent, DFO, by telephone at 202-564-2218 or by e-mail at nugent.angela@epa.gov.

The SAB Drinking Water Committee (DWC) provides advice on the technical aspects of EPA's national drinking water standards program. The SAB Staff Office is seeking nominations of experts to serve on the DWC in the following disciplines: *Microbiology; epidemiology; public health; and environmental engineering.* For further information about the DWC, please contact Mr. Aaron Yeow, DFO, by telephone at 202-564-2050 or by e-mail at yeow.aaron@epa.gov.

The SAB Environmental Economics Advisory Committee (EEAC) provides advice on methods and analyses related to economics, costs, and benefits of EPA environmental programs. The SAB Staff office is seeking nominations of experts in environmental *economics* to serve on the EEAC. For further information about the EEAC, please contact Dr. Holly Stallworth, DFO, by telephone at 202-564-2073 or by e-mail at stallworth.holly@epa.gov.

The SAB Exposure and Human Health Committee (EHHC) provides advice on the development and use of guidelines for human health effects, exposure assessment, and human health risk assessment of chemical contaminants. The SAB Staff Office is seeking nominations of experts to serve on the EHHC in the following disciplines: *Toxicology; biostatistics; and risk assessment.* For further information about the EHHC please contact Dr. Suhair Shallal, DFO, by telephone at
