DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Notice of Intent To Accept Proposals, Select One Lessee, and Contract for Hydroelectric Power Development at the Pueblo Dam River Outlet, a feature of the Fryingpan-Arkansas Project (Fry-Ark Project), Colorado

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of intent.

SUMMARY: Promoting responsible development of renewable energy and

moving the Nation toward a clean energy future is a top priority of the Department of the Interior. The Department signed a Memorandum of Understanding in March 2010 intended to focus on opportunities for development of environmentally sustainable hydropower at existing Bureau of Reclamation (Reclamation) facilities. The Department, acting through the Reclamation will consider proposals for non-Federal development of hydroelectric power at Pueblo Dam River Outlet of the Fry-Ark Project, Colorado. Reclamation is considering such hydroelectric power development under a lease of power privilege. No Federal funds will be available for such hydroelectric power development. The Department will prioritize projects that appropriately balance increased energy generation with consideration of environmental impacts. The Western Area Power Administration (Western) would have the first opportunity to purchase and/or market the power that would be generated by such development under a lease of power privilege. The Fry-Ark Project is a Reclamation project. This Notice presents background information, proposal content guidelines, information concerning selection of one or more non-Federal entities to develop hydroelectric power at Pueblo Dam River Outlet, and power purchasing and/or marketing considerations. Interested entities are invited to submit a proposal on this project.

DATES: A written proposal and seven copies must be submitted on or before 12 p.m. (MDT), on August 19, 2011. A proposal will be considered timely only if it is received in the office of the Lease of Power Privilege Coordinator by or before 12 p.m. (MDT) on the designated date. Interested entities are cautioned that delayed delivery to this office due to failures or misunderstandings of the entity and/or of mail, overnight, or courier services will not excuse lateness and, accordingly, are advised to provide sufficient time for delivery. Late proposals will not be considered.

ADDRESSES: Written proposals and seven copies should be sent to Mr. George Gliko, Lease of Power Privilege Coordinator (GP-2200), Bureau of Reclamation, Great Plains Regional Office (GP-2200), P.O. Box 36900, Billings, MT 59107-6900.

Information related to Western's purchasing and/or marketing the power may be obtained at Western Area Power Administration, Rocky Mountain Region, Attn: Dave Neumayer, Power Marketing Manager, 5555 East
