Amended Proposed Withdrawal, Notice of Public Meetings, Partial Termination of Segregative Effect; Arizona, California, Colorado, Nevada, New Mexico, and Utah

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The Assistant Secretary of the Interior for Land and Minerals Management proposes to withdraw approximately 677,384 acres of public lands from settlement, sale, location, or entry under the public land laws, including the mining laws, on behalf of the Bureau of Land Management (BLM) to protect and preserve for a 5-year

period, 24 Solar Energy Study Areas, now known as proposed Solar Energy Zones (SEZ), while they are analyzed for future solar energy development as part of the Programmatic Environmental Impact Statement for Solar Energy Development in Six Southwestern States. The lands will remain open to the mineral leasing, geothermal leasing, and mineral material laws. On June 30, 2009, a Notice of Proposed Withdrawal was published in the **Federal Register** (74 FR 31308), which segregated the lands from settlement, sale, location, or entry under the general land laws, including the mining laws, for a 2-year period. This new Notice slightly amends the prior proposal and provides revised legal descriptions for the proposed SEZs to include some additional lands. It also terminates the segregative effect as to lands no longer included in the proposed withdrawal.

DATES: Comments must be received by July 20, 2011. The BLM will hold a public meeting on the proposed withdrawal. The location, date, and time of the scheduled public meeting is listed in the **SUPPLEMENTARY INFORMATION** section below.

ADDRESSES: Written comments should be sent to the BLM Director, 1849 C Street, NW., (WO-350), Washington, DC, 20240.

FOR FURTHER INFORMATION CONTACT: Linda Resseguie, BLM, by telephone at 202-912-7337, or by e-mail at linda_reseguie@blm.gov; or one of the BLM State Offices listed below.

SUPPLEMENTARY INFORMATION: The applicant is the BLM at the address above, and its amended application requests the Assistant Secretary of the Interior for Land and Minerals Management to withdraw, subject to valid existing rights, approximately 677,384 acres of public lands located in the States of Arizona, California, Colorado, Nevada, New Mexico, and Utah from settlement, sale, location, or entry under the public land laws, including the mining laws, but not the mineral leasing, geothermal leasing, or the mineral material laws. On June 30, 2009, a Notice of Proposed Withdrawal and Opportunity for Public Meeting was published in the **Federal Register** (74 FR 31308), which segregated the lands from surface entry and mining for a 2-year period. As a result of scoping comments received, and land management decisions made since then, adjustments to the boundaries of all 24 original SEZs have been made and they have been conformed to the Public Land Survey System by establishing legal land descriptions for each area. Three modifications were made regarding the

subject lands: (1) Including lands within the exterior boundaries of the SEZs that have slopes greater than 5 percent; (2) deleting lands from the original areas that are not applicable to the purpose for the proposed withdrawal; and (3) adding adjacent lands that were found to be equally well suited to solar energy development. Copies of maps depicting the updated land descriptions are available at the Programmatic EIS Web site (<http://solareis.anl.gov>) and are also available from the BLM offices listed below:

Arizona State Office, One North Central Avenue, Suite 800, Phoenix, Arizona 85004.

California State Office, 2800 Cottage Way, Suite W-1623, Sacramento, California 95825.

Colorado State Office, 2850 Youngfield Street, Lakewood, Colorado 80215.

New Mexico State Office, 301 Dinosaur Trail, Santa Fe, New Mexico 87508.

Utah State Office, 440 West 200 South, Suite 500, Salt Lake City, Utah 84101.

The Assistant Secretary of the Interior
 for Land and Minerals Management has
 approved the BLM's petition
 amendment. Therefore, the petition
 constitutes a withdrawal proposal of the
 Secretary of the Interior (43 CFR
 2310.1–3(e)).

The purpose of the proposed
 withdrawal is to protect and preserve 24
 SEZs for a 5-year period while they are
 analyzed for future solar energy
 development.

The use of a right-of-way, interagency
 or cooperative agreement, or surface
 management by the BLM under 43 CFR
 3715 or 43 CFR 3809 regulations will
 not adequately constrain
 nondiscretionary uses, which could
 result in loss of adequate protection and
 preservation of the subject lands for
 future solar energy development. There
 are no suitable alternative sites for the
 withdrawal.

No water rights would be needed to
 fulfill the purpose of the requested
 withdrawal.

Records relating to the amended
 proposal and application may be
 examined by contacting Linda Resseguie
 at the above address or by calling 202–
 912–7337.

The application for proposed
 withdrawal will be processed in
 accordance with the regulations set
 forth in 43 CFR part 2300.

For a period of 90 days from the date
 of publication of this notice, all persons
 who wish to submit comments,
 suggestions, or objections in connection
 with the proposed withdrawal may
 present their views in writing to the
 BLM Director at the address noted
 above.

Notice is also hereby given that a
 public meeting in connection with the
 proposed withdrawal will be held
 Monday, May 23, 2011, from 6 p.m. to
 8 p.m. at the BLM Southern Nevada
 District Office, 4701 North Torrey Pines
 Drive, Las Vegas, Nevada 89130.

At this meeting, the public will have
 an opportunity to provide oral and
 written comments.

All comments received will be
 considered before any recommendation
 concerning the proposed withdrawal is
 submitted to the Assistant Secretary of
 the Interior for Land and Minerals
 Management for final action.

The lands described in this notice will be segregated from settlement, sale, location, or entry under the general land laws, including the mining laws, until June 29, 2011, unless an application is denied or cancelled or the withdrawal is approved prior to that date.

Certain lands described in the June 30, 2009, Notice of Proposed Withdrawal, as published in the **Federal Register** (74 FR 31308), are not applicable to the purpose for which the withdrawal was proposed and have been deleted from the revised SEZ descriptions provided in this Notice. The original withdrawal proposal is cancelled and the segregative effect established by the June 30, 2009, Notice of Proposed Withdrawal, is hereby terminated as to those lands.

Comments including names and street addresses of respondents will be available for public review at the BLM Washington Office at the address noted above, during regular business hours 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
