DEPARTMENT OF JUSTICE

Office of Justice Programs

[OJP (NIJ) Docket No. 1550]

Stab Resistance of Personal Body Armor (2000) Standard Special Technical Committee Request for Proposals for Certification and Testing Expertise

AGENCY: National Institute of Justice, DOJ.

ACTION: Request for Proposals for Certification and Testing Expertise.

SUMMARY: The National Institute of Justice (NIJ) is in the process of revising its *Stab Resistance of Personal Body Armor (2000) Standard* and corresponding certification program requirements. This work will be performed by a Special Technical Committee (STC), comprised of practitioners from the field, researchers, testing experts, certification experts, and representatives from stakeholder organizations. It is anticipated that the STC members will participate in up to twelve 2-day meetings over an 18-month time period with the goal of completing development of the standard and certification program requirements.

It is anticipated that STC meetings will begin in June 2011. Travel expenses and per diem will be reimbursed for all STC meetings; however, participation time will not be funded. NIJ is seeking representatives from (1) certification bodies and (2) test laboratories with experience in programs for similar types of personal protective equipment. Additional preferred knowledge includes experience with law enforcement and corrections operations. There are up to four positions to be filled on the STC, and NIJ will accept the first 20 submissions for review. Interested parties are requested to nominate individuals from their organizations and submit no more than two pages describing the nominee's applicable experience, preferred knowledge, and affiliations with standards development organizations.

To be considered, there must not be any conflict of interest in which the proposed STC member has a direct financial relationship with manufacturers of stab-resistant armor.

Debra Stoe is the NIJ Program Manager responsible for this work, and Casandra Robinson is the point of contact for Ms. Stoe. Responses to this request for proposals shall be submitted to Casandra Robinson at casandra.robinson@usdoj.gov by May 13, 2011. The submissions will be reviewed, and participants will be notified regarding their acceptance by May 20, 2011.

FOR FURTHER INFORMATION CONTACT: Casandra Robinson by telephone at 202-305-2596 [Note: this is not a toll-free telephone number], or by e-mail at casandra.robinson@usdoj.gov.

DEPARTMENT OF LABOR

Office of the Secretary

Agency Information Collection Activities: Proposed Collection; Comment Request; DOL Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery

ACTION: Notice.

SUMMARY: As part of a Federal Government-wide effort to streamline the process to seek feedback from the public on service delivery, the Department of Labor (DOL) is submitting a Generic Information Collection Request (Generic ICR): "DOL Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery" to the Office of Management and Budget (OMB) for approval under the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et. seq.*).

DATES: Submit comments on or before May 25, 2011.

ADDRESSES: A copy of this ICR, with applicable supporting documentation; including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained from the RegInfo.gov Web site, <http://www.reginfo.gov/public/do/PRAMain>, on the day following publication of this notice or by contacting Michel Smyth by telephone at 202-693-4129 (this is not a toll-free number) or sending an e-mail to DOL_PRA_PUBLIC@dol.gov.

Submit comments about this request to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the Department of Labor—Departmental Management, Office of Management and Budget, Room 10235, Washington, DC 20503, Telephone: 202-395-6929/Fax: 202-395-6881 (these are not toll-free numbers), e-mail: OIRA_submission@omb.eop.gov.

FOR FURTHER INFORMATION CONTACT: Contact Michel Smyth by telephone at 202-693-4129 (this is not a toll-free number) or by e-mail at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative, and actionable communications between the DOL and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior fielding the study. Depending on the degree of influence the results are likely

to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid OMB control number. See 5 CFR 1320.5(a) and 1320.6. The DOL received no comments were received in response to the 60-day notice published in the **Federal Register** of December 22, 2010 (75 FR 80542).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within 30 days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should reference OMB ICR Reference Number 201104-1225-001. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and

Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Below we provide the DOL projected average estimates for the next three years:¹

SUPPLEMENTARY INFORMATION: I. Section 105(b)(1) of the Trafficking Victims Protection Reauthorization Act of 2005 ("TVPRA of 2005"), Public Law 109-164 (2006), directed the Secretary of Labor, acting through ILAB, to "develop and make available to the public a list of goods from countries that the Bureau of International Labor Affairs has reason to believe are produced by forced labor or child labor in violation of international standards."

Pursuant to this mandate, in December 2007 DOL published in the **Federal Register** a set of procedural guidelines that ILAB follows in developing the list of goods (72 FR 73374). The guidelines set forth the criteria by which information is evaluated; established procedures for public submission of information to be considered by ILAB; and identified the process ILAB follows in maintaining and updating the list after its initial publication.

On September 10, 2009, ILAB released its initial list of goods from countries (TVPRA list). This list will be updated periodically, as additional countries and territories are researched and new information for countries and territories already reviewed is evaluated. The first update to the list was published December 15, 2010. For a copy of the 2010 TVPRA report, Frequently Asked Questions, and other materials relating to the TVPRA list, see ILAB's TVPRA Web page at: <http://www.dol.gov>
