

Applicants who are chosen as members should expect to serve 3-year terms, pursuant to the Council's Charter. The Council consists also of three state and three Federal non-voting ex-officio seats.

DATES: Applications are due by 10 June 2011.

ADDRESSES: Application kits may be obtained from *Elizabeth.Stokes@noaa.gov*, Stellwagen Bank National Marine Sanctuary, 175 Edward Foster Road, Scituate, MA 02066. Telephone 781-545-8026, ext. 201. Completed applications should be sent to the same address or e-mail, or faxed to 781-545-8036.

FOR FURTHER INFORMATION CONTACT: Contact *Nathalie.Ward@noaa.gov*, External Affairs Coordinator, telephone: 781-545-8026, ext. 206.

SUPPLEMENTARY INFORMATION: The Council was established in March 2001 to assure continued public participation in the management of the Sanctuary. The Council's 23 members represent a variety of local user groups, as well as the general public, plus seven local, state and Federal government agencies. Since its establishment, the Council has played a vital role in advising NOAA on critical issues and is currently focused on the sanctuary's final five-year Management Plan. The Stellwagen Bank National Marine Sanctuary encompasses 842 square miles of ocean, stretching between Cape Ann and Cape Cod. Renowned for its scenic beauty and remarkable productivity, the sanctuary supports a rich diversity of marine life including 22 species of marine mammals, more than 30 species of seabirds, over 60 species of fishes, and hundreds of marine invertebrates and plants.

Authority: 16 U.S.C. Sections 1431, *et seq.* (Federal Domestic Assistance Catalog Number 11.429 Marine Sanctuary Program)

Dated: April 19, 2011.

Daniel J. Basta,

Director, Office of National Marine Sanctuaries, National Ocean Service, National Oceanic and Atmospheric Administration.

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a public meeting (conference call).

SUMMARY: The Pacific Fishery Management Council (Pacific Council) will convene a conference call of its Coastal Pelagic Species Advisory Subpanel (CPSAS) that is open to the public.

DATES: The conference call will be held Wednesday, May 11, from 2 p.m. until 4 p.m. Pacific Time.

FOR FURTHER INFORMATION CONTACT: Kerry Griffin, Staff Officer; telephone: (503) 820-2280.

SUPPLEMENTARY INFORMATION: The primary purpose of the meeting is to develop a report to provide advice to the Pacific Council's Ecosystem Plan Development Team, in advance of the June Council meeting. Other topics may be discussed as time allows, at the discretion of the CPSAS Chair. These topics may include the mackerel Stock Assessment Review (STAR) panel meeting, consideration of the Pacific sardine management, and future meeting planning.

Although non-emergency issues not contained in the meeting agenda may come before the CPSAS for discussion, those issues may not be the subject of formal action during this meeting. CPSAS action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the CPSAS's intent to take final action to address the emergency.

Special Accommodations

This meeting is accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Ms. Carolyn Porter at (503) 820-2280 at least 5 days prior to the meeting date.

Dated: April 25, 2011.

William D. Chappell,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Stock Status Determination for Atlantic Highly Migratory Scalloped Hammerhead Shark

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: This action serves as a notice that NMFS, on behalf of the Secretary of Commerce (Secretary), has determined that overfishing is occurring on an Atlantic highly migratory species (HMS) scalloped hammerhead shark, and the stock is overfished.

NMFS notifies the public whenever it determines that: overfishing is occurring, a stock is overfished, or a stock is approaching an overfished condition.

FOR FURTHER INFORMATION CONTACT: Peter Cooper at 301-713-2347 or Jackie Wilson at 240-338-3936.

SUPPLEMENTARY INFORMATION: For an Atlantic HMS that has been determined to be overfished or approaching an overfished condition, NMFS, on behalf of the Secretary, must take action to end or prevent overfishing in the fishery and to implement conservation and management measures to rebuild overfished stocks within 2 years of making this determination. This action must include implementing a rebuilding plan, through an FMP amendment or regulations, which ends overfishing immediately and provides for rebuilding the fishery in accordance with 16 U.S.C. 1854(e)(3)-(4) as implemented by 50 CFR 600.310(j)(2)(ii). When developing rebuilding plans, in addition to rebuilding the fishery within the shortest time possible in accordance with 16 U.S.C. 1854(e)(4) and 50 CFR 600.310(j)(3), NMFS must ensure that such actions address the requirements to amend the FMP for each affected stock or stock complex to establish a mechanism for specifying and actually specify Annual Catch Limits (ACLs) and Accountability Measures (AMs) to prevent overfishing in accordance with

16 U.S.C. 1853(a)(15) and 50 CFR 600.310(j)(2)(i).

In October 2009, Hayes *et al.* (2009) published in the North American Journal of Fisheries Management a stock assessment of the Atlantic population of scalloped hammerhead sharks in U.S. waters. Based on this paper, in 2005, the population was estimated to be at 45 percent of the biomass that would produce the maximum sustainable yield (MSY), and fishing mortality was estimated to be 129 percent of fishing mortality associated with MSY. The stock is estimated to be depleted by approximately 83 percent of virgin stock size (*i.e.*, the current population is only 17 percent of the virgin stock size). In addition, it was estimated that a total allowable catch (TAC) of 2,853 scalloped hammerhead sharks per year (or 69 percent of 2005 catch) would allow a 70 percent probability of rebuilding within 10 years. NMFS has reviewed this paper and concluded that: the assessment is complete; the assessment is an improvement over a 2008 aggregated species assessment for hammerhead sharks; and the assessment is appropriate for U.S. management decisions.

Based on the results of this paper, NMFS is making the determination that scalloped hammerhead sharks are overfished and experiencing overfishing. Pending the results of the ongoing sandbar, dusky, and blacknose shark stock assessments, NMFS will publish a Notice of Intent regarding the development of a fishery management plan amendment and implementing regulations to end overfishing and rebuild the scalloped hammerhead shark stock within two years as mandated under the Magnuson-Stevens Fishery Conservation and Management Act. In addition, for fisheries experiencing overfishing, NMFS must propose and adopt effective ACLs and AMs to end overfishing.

Dated: April 25, 2011.

Margo Schulze-Haugen,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

National Telecommunications and Information Administration

[Docket No. 110418247-1247-01]

Low-Power Television and Translator Upgrade Program: Notice of Final Closing Date

AGENCY: National Telecommunications and Information Administration (NTIA), U.S. Department of Commerce.

ACTION: Notice of final closing date for receipt of applications and change in census database.

SUMMARY: The National Telecommunications and Information Administration (NTIA) announces that the final Closing Date for receipt of applications for the Low-Power Television and Translator Upgrade Program (Upgrade Program) will be Monday, July 2, 2012. NTIA also announces that it will use population data from the newly available 2010 U.S. Census for applications received after July 1, 2011 in determining whether a facility meets the rurality eligibility requirement of the Upgrade Program. Applications submitted up to and including July 1, 2011, can continue to use the population reported in the 2000 Census. All other requirements for the Upgrade Program remain unchanged as set forth in the Notice of Availability of Funds and Program Guidelines (Upgrade Program NOFA), 74 FR 22402 (May 12, 2009), available at <http://www.ntia.doc.gov/lptv/LP-Upgrade-NOFA-FRMay-1209.pdf>.

DATES: NTIA will continue to process applications received by the first business day of each month as long as funds are available (Closing Dates), but the last Closing Date will be July 2, 2012. Applicants must ensure that the carrier they use guarantees delivery of the application by 5 p.m., Eastern Time on the Closing Dates. Applications received after any of the monthly Closing Dates will be held until the next grant round. Applicants should note that all material sent via the U.S. Postal Service (including "Overnight" or "Express Mail") is subject to delivery delays of up to two weeks due to mail security procedures at the Department of Commerce. If an application is received after the Closing Date due to (1) carrier error, when the carrier accepted the package with a guarantee for delivery by the Closing Date and Time, or (2) significant weather delays or natural disasters, NTIA will, upon receipt of proper documentation, consider the application as having been received by the deadline.

ADDRESSES: To submit completed applications or send any other correspondence, write to the Upgrade Program at the following address: NTIA/Upgrade Program, Room H-4812, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230. Application materials may be obtained electronically via the Internet at <http://www.ntia.doc.gov/lptv>. Applications submitted by facsimile will not be accepted. The Upgrade Program application is not available for submission through the Grants.gov Web site.

FOR FURTHER INFORMATION CONTACT:

William Cooperman, Upgrade Program Director, Public Broadcasting Division, NTIA Office of Telecommunications and Information Applications, telephone: (202) 482-5802; fax: (202) 482-2156; e-mail: wcooperman@ntia.doc.gov. Information about the Upgrade Program can also be obtained electronically via the Internet at <http://www.ntia.doc.gov/lptv>.

SUPPLEMENTARY INFORMATION: On May 12, 2009, NTIA published the Upgrade Program NOFA, which established a procedure through which NTIA would process applications received by the first business day of each month as long as funds were available.

Although the Federal Communications Commission has not established a deadline for the conversion of analog low-power television facilities to digital broadcasting,¹ pursuant to Section 3009 of the Digital Television Transition and Public Safety Act of 2005 (the Act), NTIA's authority to make payments for the Upgrade Program expires on September 30, 2012.² Since NTIA must complete payments to Upgrade Program grant recipients by the end of September 2012, NTIA is providing potential applicants with approximately fourteen months advance notice of the final Closing Date.

As of April 2011, NTIA has approximately \$32 million available for award as reimbursement grants in the

¹ See Further Notice of Proposed Rulemaking and Memorandum Opinion and Order In the Matter of Amendment of Parts 73 and 74 of the Commission's Rules to Establish Rules for Digital Low Power Television, Television Translator, and Television Booster Stations and to Amend Rules for Digital Class A Television Stations, MB Docket 103-185, FCC 10-172, 25 F.C.C. Rcd. 13833 (rel. Sept. 17, 2010).

² The Digital Television Transition and Public Safety Act of 2005 is Title III of the Deficit Reduction Act of 2005, Public Law 109-171, 120 Stat. 4, 21 (Feb. 8, 2006). Section 2(b) of the DTV Transition Assistance Act, Pub L. 110-295, 122 Stat. 2872 (July 30, 2008), amended section 3009 to clarify the period during which NTIA could make awards for the Upgrade Program.
