Food and Drug Administration

[Docket No. FDA-2011-N-0002]

Science Board Advisory Committee; Notice of Meeting

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

This notice announces a forthcoming meeting of a public advisory committee of the Food and Drug Administration (FDA). The meeting will be open to the public.

Name of Committee: Science Board to the Food and Drug Administration (Science Board).

General Function of the Committee: The Science Board provides advice primarily to the Commissioner of Food and Drugs and other appropriate officials on specific complex and technical issues, as well as emerging issues within the scientific community in industry and academia. Additionally, the Science Board provides advice to the Agency on keeping pace with technical and scientific evolutions in the fields of regulatory science, on formulating an appropriate research agenda, and on upgrading its scientific and research facilities to keep pace with these changes. It will also provide the means for critical review of Agency sponsored intramural and extramural scientific research programs.

Date and Time: The meeting will be held on Friday, May 20, 2011, from 9 a.m. to 4 p.m.

Location: Food and Drug Administration, 10903 New Hampshire Ave., Bldg. 31, rm. 1503, Silver Spring, MD 20993-0002. Information regarding special accommodations due to a disability, visitor parking, and transportation may be accessed at: <http://www.fda.gov/AdvisoryCommittees/default.htm>; under the heading "Resources for You," click on "Public Meetings at the FDA White Oak Campus." Please note that visitors to the White Oak Campus must enter through Building 1. For those unable to attend in person, the meeting will also be Web cast. The link for the Web cast is available at <https://collaboration.fda.gov/scienceboard>.

Contact Person: Martha Monser, Office of the Commissioner, Food and Drug Administration, 10903 New Hampshire Ave., Bldg. 32, rm. 4286, Silver Spring, MD 20993-0002, 301-796-4627, or FDA Advisory Committee Information Line, 1-800-741-8138 (301-443-0572 in the Washington, DC

area), and follow the prompts to the desired center or product area. Please call the Information Line for up-to-date information on this meeting. A notice in the **Federal Register** about last minute modifications that impact a previously announced advisory committee meeting cannot always be published quickly enough to provide timely notice. Therefore, you should always check the Agency's Web site and call the appropriate advisory committee hot line/phone line to learn about possible modifications before coming to the meeting.

Agenda: On May 20, 2011, the Science Board will discuss the report from the subcommittee's review of the Pharmacovigilance Program at the Center for Drug Evaluation and Research. The Science Board will be provided with updates on FDA's nanotechnology research program plans and on FDA's activities in support of Comparative Effectiveness Research. The Science Board will also initiate the charge to the subcommittee for a science review of the Center for Devices and Radiological Health.

FDA intends to make background material available to the public no later than 2 business days before the meeting. If FDA is unable to post the background material on its Web site prior to the meeting, the background material will be made publicly available at the location of the advisory committee meeting, and the background material will be posted on FDA's Web site after the meeting. Background material is available at <http://www.fda.gov/AdvisoryCommittees/Calendar/default.htm>. Scroll down to the appropriate advisory committee link.

Procedure: Interested persons may present data, information, or views, orally or in writing, on issues pending before the committee. Written submissions may be made to the contact person on or before May 13, 2011. Oral presentations from the public will be scheduled between approximately 1 p.m. and 2 p.m. Those individuals interested in making formal oral presentations should notify the contact person and submit a brief statement of the general nature of the evidence or arguments they wish to present, the names and addresses of proposed participants, and an indication of the approximate time requested to make their presentation on or before May 5, 2011. Time allotted for each presentation may be limited. If the number of registrants requesting to speak is greater than can be reasonably accommodated during the scheduled open public hearing session, FDA may conduct a lottery to determine the

speakers for the scheduled open public hearing session. The contact person will notify interested persons regarding their request to speak by May 6, 2011.

Persons attending FDA's advisory committee meetings are advised that the Agency is not responsible for providing access to electrical outlets.

FDA welcomes the attendance of the public at its advisory committee meetings and will make every effort to accommodate persons with physical disabilities or special needs. If you require special accommodations due to a disability, please contact Martha Monser, at least 7 days in advance of the meeting.

FDA is committed to the orderly conduct of its advisory committee meetings. Please visit our Web site at <http://www.fda.gov/AdvisoryCommittees/AboutAdvisoryCommittees/ucm111462.htm> for procedures on public conduct during advisory committee meetings.

Notice of this meeting is given under the Federal Advisory Committee Act (5 U.S.C. app. 2).

Dated: April 28, 2011.

Leslie Kux,

Acting Assistant Commissioner for Policy.

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish periodic summaries of proposed projects. To request more information on the proposed project or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer at (240) 276-1243.

Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be

collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Assessment of the Underage Drinking Prevention Education Initiatives State/Territory Videos Project—New

The Substance Abuse and Mental Health Services Administration/Center for Substance Abuse Prevention (SAMHSA/CSAP) is requesting Office of Management and Budget (OMB) approval of three new data collection instruments—

- State/Territory Video Contacts Interview Form
- State/Territory Videos Project—Dissemination Update Form
- Video Viewers Feedback Form

This new information collection is for a process assessment of the Underage Drinking Prevention Education Initiatives State/Territory Videos project to be conducted from 2011 through 2014. In 2007, four States participated in a pilot study to produce videos highlighting the underage drinking (UAD) prevention efforts of the States. Based upon the success of those videos in showcasing the States' UAD prevention activities, 10 additional States and 1 Territory were provided funds to produce UAD prevention videos in 2009. SAMHSA/CSAP intends to support the production of the State/Territory UAD prevention videos annually. Therefore, from 2010 through 2013, SAMHSA/CSAP will invite approximately 45 additional States/Territories to produce their own UAD prevention video.

The information collected for the assessment will be used by SAMHSA/CSAP to (1) ascertain whether the videos produced under the State/Territory Videos project are assisting States and Territories in communicating effectively about their underage drinking prevention initiatives, goals, and objectives; (2) document the dissemination efforts of the videos; and (3) enhance the technical assistance (TA) that is provided by the video production team in producing the videos. This information collection is being implemented under authority of Section 501(d)(4) of the Public Health Service Act (42 USC 290aa).

There are three phases to the process assessment of the State/Territory Videos project—(1) State/Territory video contacts interviews, (2) dissemination updates, and (3) video viewers feedback.

Phase I—State/Territory Video Contacts Interviews—A member of the

assessment team will contact the designated State/Territory point of contact once the video is finalized. The focus of the interview will be around the State's/Territory's experience in producing the UAD prevention video, the dissemination efforts of the video, and TA received. The interview will be guided by the State/Territory Video Contacts Interview Form. The State/Territory Video Contacts Interview Form includes 31 items, among which are included the following:

- Objectives of the video.
- Targeted audiences of the video.
- Dissemination efforts of the video.
- Identification of how the video increases capacity to communicate about UAD prevention activities.
- Usefulness of the preplanning materials and activities.
- Assessment of the TA received.

By 2014, the State/Territory Video Contacts Interview Form will be completed with approximately 45 State/Territory points of contact for videos produced from 2010 through 2013. It will take an average of 20 minutes (0.333 hours) to read the informed consent statement and complete the interview. This burden estimate is based on interviews that were conducted with the pilot sites in 2007. Only 1 response per respondent is required.

Phase II—Dissemination Updates—At about 6 months after the interview, the State/Territory points of contact will be sent an e-mail from the assessment team detailing the need to update the dissemination efforts of the video for the past 6 months. The e-mail will include a coded link to access the State/Territory Video Project—Dissemination Update Form. The State/Territory Video Project—Dissemination Update Form includes 16 items, among which are included the following:

- Dissemination efforts of the video in the past 6 months.
- Feedback received on the video in the past 6 months.
- Unintended positive outcomes from the video in the past 6 months.
- Assessment of TA received in the past 6 months.

At the end of the form, the contact is thanked and reminded that they will be recontacted in about 6 months to update the dissemination efforts of their State's/Territory's video. Following OMB clearance, an e-mail will be sent to the State/Territory points of contact for videos produced during 2007–2009 noting that OMB clearance has been received for the assessment and asking them to update the dissemination efforts of the video for the past 6 months. These State/Territory points of contact provided initial details of the

dissemination activities of their State's/Territory's video to the video production team during the post-production phase of the video. All videos produced under the State/Territory Videos project during 2007–2013 (total of 60) will be assessed in this phase.

The State/Territory Videos Project—Dissemination Update Form will be completed by State/Territory points of contact every 6 months through 2014. A total of 226 updates are expected through 2014. It will take an average of 10 minutes (0.167 hours) to review instructions and complete the online form. The burden estimate is based on comments from several potential respondents who reviewed the form and provided comments on how long it would take them to respond to it. The annualized hour burden is expected to vary because of differences in when the videos were produced and the number of updates that are expected through 2014.

Phase III—Video Viewers Feedback—

The purpose of this phase of the assessment is to obtain feedback on the videos to determine if the videos increased community awareness of the UAD prevention efforts of the States/Territories. The Video Viewers Feedback Form will be located on the "State Videos" page of <http://www.stopalcoholabuse.gov>. A link to the feedback form may also be placed on SAMHSA's YouTube channel (if additional clearance is obtained). If States/Territories conduct in-person meetings to showcase the video, they may direct persons to the "State Videos" page of <http://www.stopalcoholabuse.gov> to complete the form or a link to the form will be provided that can be placed on their agency's Web site. Viewers will be asked to complete 1 feedback form for each video viewed. The Video Viewers Feedback Form includes 16 items, among which are included the following:

- Indication of which video was viewed.
- When and how the video was viewed.
- Indication of increased awareness of the State's/Territory's UAD prevention activities.
- Perception of increased involvement.
- Demographics of the viewers.

This phase will include all videos produced since 2007 (total of 60). It is estimated that by 2014, a total of 12,224.40 viewers will complete the online form, which will take an average of 5 minutes (0.083 hours) to review the informed consent statement,

instructions, and complete the form. The average completion time is based on comments from several potential respondents who reviewed the form and provided comments on how long it would take them to respond to it. Viewers of the video are assumed to be persons in the health education field or members of the general public (25 and 75 percent, respectively). The hour burden is expected to vary because of this difference in viewers.

ESTIMATED BURDEN TABLE BY PHASE—ALL FOUR YEARS (2011–2014)

Phases	Number of respondents (production year of video)	Responses per respondent	Total responses	Hours per response	Total hour burden
Phase I—State/Territory Contacts Interviews	45	1	45	0.333	14.99
	4 (2007)	6	24	0.167	4.01
