

Interested persons are invited to submit comments, by noon, June 13, 2011, on the desirability of engaging in negotiations to expand the ITA. Comments are invited in particular on: (1) Additional ICT products that the United States should seek to include under the ITA, and (2) U.S. trading partners that are significant producers or consumers of ICT products that are not currently participants in the ITA and that the United States should seek to have join the ITA. Comments on proposed additional ICT products may address products that existed when the ITA was concluded in 1996 but that were not covered under the agreement as well as products that have been developed since that time. Those comments should include a detailed description of the specific product(s) and, whenever appropriate, the six-digit (or 8-digit, where applicable) Harmonized System tariff classification number for the product(s) concerned. The TPSC requests this advice pursuant to 19 U.S.C. 2155.

Requirements for Submissions

All comments must be submitted in English and must identify (on the first page of the submission) the subject matter of the comment as the "Possible Expansion of the Information Technology Agreement." In order to be assured of consideration, comments should be submitted by noon, June 13, 2011.

In order to ensure the timely receipt and consideration of comments, USTR strongly encourages commenters to make on-line submissions, using the <http://www.regulations.gov> Web site. Comments should be submitted under the following docket: USTR-2011-0003. To find the docket, enter the docket number in the "Enter Keyword or ID" window at the <http://www.regulations.gov> home page and click "Search." The site will provide a search-results page listing all documents associated with this docket. Find a reference to this notice by selecting "Notices" under "Document Type" on the search-results page, and click on the link entitled "Submit a Comment." (For further information on using the <http://www.regulations.gov> Web site, please consult the resources provided on the Web site by clicking on the "Help" tab.)

The <http://www.regulations.gov> Web site provides the option of making submissions by filling in a comments field, or by attaching a document. USTR prefers submissions to be provided in an attached document. If a document is attached, it is sufficient to type "See attached" in the "Type comment &

Upload File" field. USTR prefers submissions in Microsoft Word (.doc) or Adobe Acrobat (.pdf). If the submission is in an application other than those two, please indicate the name of the application in the "Comments" field.

For any comments submitted electronically containing business confidential information, the file name of the business confidential version should begin with the characters "BC." The top of any page containing business confidential information must be clearly marked "BUSINESS CONFIDENTIAL." Any person filing comments that contain business confidential information must also file in a separate submission a public version of the comments. If a comment contains no business confidential information, the file name should begin with the character "P," followed by the name of the person or entity submitting the comment.

Please do not attach separate cover letters to electronic submissions; rather, include any information that might appear in a cover letter in the comments themselves. Similarly, to the extent possible please include any exhibits, annexes, or other attachments in the same file as the submission itself, not as separate files.

Public Inspection of Submissions

Comments will be placed in the docket and open to public inspection pursuant to 15 CFR 2006.13, except confidential business information exempt from public inspection in accordance with 15 CFR 2006.15.
