Type of Review: Revision.

Title of Collection: U.S. Department of Education, Institute of Education Sciences Research Performance Progress Report.

OMB Control Number: 1850–0881.

Agency Form Number(s): N/A.

Frequency of Responses: Annually.

Affected Public: State, Local, or Tribal Government, State Educational Agencies or Local Education Agencies.

Abstract: The Research Performance Progress Report (RPPR) format and instructions are used in order for Institute of Education Sciences' grantees to meet the established due dates for submission of performance reports for IES discretionary grant programs. Recipients of multi-year discretionary grants must submit an annual performance report for each year funding has been approved in order to receive a continuation award. The annual performance report should demonstrate whether substantial progress has been made toward meeting the approved goals and objectives of the project. The Institute also requires recipients of "forward funded" grants that are awarded funds for their entire multi-year project up-front in a single grant award to submit the RPPR on an annual basis. In addition, the Institute will require recipients to use the ED 524B to submit their final performance reports to demonstrate project success, impact and outcomes. In both the annual and final performance reports, grantees are required to provide data on established performance measures for the grant program (e.g., Government Performance and Results Act measures) and on project performance measures that were included in the grantee's approved grant application. The RPPR will contain research and related (total Federal and non-Federal) budgetary forms that will be used to collect budgetary data from the recipient organization. The information submitted will be used to conduct periodic administrative/budgetary reviews. Performance reporting requirements are found in 34 CFR 74.51, 75.118, 75.253, 75.590 and 80.40 of the Education Department General Administrative Regulations.
