

date, as provided for by section 751(a)(2)(C) of the Act: (1) For the exporters listed above, the cash deposit rate will be established in the final results of this review (except, if the rate is zero or *de minimis*, *i.e.*, less than 0.5 percent, no cash deposit will be required for that company); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 206.00 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporters that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Dated: May 2, 2011.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for a new information collection.

Economic data on the costs of operating commercial fishing businesses are needed by the National Marine Fisheries Service (NMFS) to meet the legislative requirements of the Magnuson-Stevens Fishery Conservation and Management Act, the National Environmental Policy Act, Executive Order 12866 and the Regulatory Flexibility Act. The Social Sciences Branch (SSB) of the NMFS, Northeast Fisheries Science Center (NEFSC) is responsible for estimating the economic and social impacts of fishery management actions.

Lack of information on vessel operating costs has severely limited the ability of the SSB to assess fishermen's behavioral responses to changes in regulations, fishing conditions, and market conditions. Establishing an ongoing, consistent, data collection program will enable the SSB to provide a level of analysis that meets the needs of the New England Fishery Management Council, the Mid-Atlantic Fishery Management Council and NMFS, on behalf of the Secretary of Commerce, to make informed decisions about the expected economic effects of proposed management alternatives.

II. Method of Collection

The survey will be administered via mail and online. Vessel owners will receive a survey packet via mail, which will contain a password and a secured link to an online version of the survey. Vessel owners will be given the option of completing the survey online or by mail.

III. Data

OMB Control Number: None.

Form Number: NA.

Type of Review: Regular submission (request for a new information collection).

Affected Public: Individuals or households; business or other for-profit organizations.

Estimated Number of Respondents: 1,280.

Estimated Time per Response: 1 hour.

Estimated Total Annual Burden Hours: 1,280.

IV. Request for Comments

Comments are invited on:

(a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility;

(b) The accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: May 4, 2011.

SUPPLEMENTARY INFORMATION: The items of discussion in the committee's agenda are as follows:

The Groundfish Oversight Committee will meet to begin work on Framework Adjustment 47 (FW 47) to the Northeast Multispecies Fishery Management Plan. FW 47 will adopt Annual Catch Limits for fishing years 2012-2014 and will address several management issues. The Committee will discuss adjustments to accountability measures for windowpane flounder, ocean pout, Atlantic halibut, Atlantic wolffish, and SNE/MA winter flounder. They will also discuss modifications to the cap on yellowtail flounder that applies to the scallop fishery access areas in Closed Area I, Closed Area II, and the Nantucket Lightship Closed Area. The Committee will discuss whether changes are needed to the Georges Bank yellowtail flounder rebuilding strategy as a result of the International Fisheries Agreement Clarification Act. They will also review public comments on Amendment 17, an amendment that if approved will authorize state permit banks, and will consider making a recommendation to the Council for that amendment. The Committee will consider providing advice to the National Marine Fisheries Service to consider when making in-season adjustments to common pool trip limits and days-at-sea adjustments. Council staff will update the Committee on plans for a sector workshop. Other business may be discussed.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency.
