

participants. The Exchange believes that by amending the computation from an average daily computation to a monthly computation and also amending the tier levels, because the computation is based on a total monthly volume, additional member organizations could benefit from the ability to obtain greater subsidy payments. The Exchange also believes that the proposed amendments to the rates paid to member organizations are both reasonable and equitable because the Exchange continues to pay member organizations the subsidy. Although the rates are lowered, the Exchange added an additional tier which provides member organizations the ability to obtain the same or larger subsidy payments based on volume, potentially with lower volume.

The Exchange also believes that the amendments to the computations to exclude customer-to-customer executions, dividend, merger and short stock interest strategies, and firm facilitation transactions are reasonable because the proposal to compute the monthly total eligible contracts, which could result in a greater number of eligible contracts, may still provide member organizations with the same or greater benefits as the previous subsidy. In addition, the proposals to amend the computation are equitable because the computations apply uniformly to all member organizations.

Finally, the Exchange does not believe that this subsidy is unreasonable or discriminatory because any floor broker is capable of meeting the volume criteria.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.⁸ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to be

Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-Phlx-2011-62 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-Phlx-2011-62. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street, NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make

available publicly. All submissions should refer to File Number SR-Phlx-2011-62 and should be submitted on or before June 3, 2011.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁹

Cathy H. Ahn,

Deputy Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-64444; File No. SR-BYX-2011-012]

Self-Regulatory Organizations; BATS Y-Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Add BYX Rule 11.22, Entitled "Data Products"

May 9, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 5, 2011, BATS Y-Exchange, Inc. (the "Exchange" or "BYX") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to continue to make available those data feeds provided by the Exchange to data recipients³ without charge and to start making available the Latency Monitoring feed, which will also be available without charge. The Exchange also proposes to add language to its Rules to memorialize those data feeds that have already been approved by the Commission.⁴

The text of the proposed rule change is available at the Exchange's Web site

⁹ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ Exchange data recipients include Members of the Exchange as well as non-Members that have entered into an agreement with the Exchange that permits them to receive Exchange data.

⁴ BATS has separately filed a rule proposal and received approval to offer certain data products for which it assesses a fee but, outside of its fee schedule, did not propose written rules related to such data products. See Securities Exchange Act Release No. 61885 (April 9, 2010), 75 FR 10332 (April 16, 2010).

⁸ 15 U.S.C. 78s(b)(3)(A)(ii).

at <http://www.batstrading.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to continue to make available, without charge, several of the Exchange's data feeds for receipt by Exchange data recipients. In addition, the Exchange proposes to introduce a new feed, the Latency Monitoring feed, which will also be available without charge. The free data feeds offered and proposed to be offered by the Exchange include: (i) TCP PITCH; (ii) TCP FAST PITCH; (iii) Multicast PITCH; (iv) TOP; (v) DROP; (vi) Historical Data; and (vii) Latency Monitoring (collectively, the "Data Feeds").

The Exchange provides detailed and up to date technical information regarding each of the Data Feeds currently offered by the Exchange on its public Web site.⁵ All orders and executions displayed through the Data Feeds are anonymous and do not contain the identity of the party that submitted the order.

By making the Data Feeds available free of charge, the Exchange believes that it enhances market transparency and fosters competition among orders and markets. At this time, the Exchange does not have plans to charge any fee associated with the receipt of the Data Feeds.⁶ Of course, should the Exchange determine to charge fees associated with the Data Feeds, the Exchange will submit a proposed rule change to the Commission in order to implement

those fees. Below is a description of each of the Data Feeds.

(i) TCP PITCH

The BYX TCP PITCH data feed provides Exchange data recipients with depth of book quotations and execution information based on equity orders entered into the System⁷ on an uncompressed feed. The PITCH feeds offered by BYX (including TCP FAST PITCH and Multicast PITCH) are the data feeds through which Exchange data recipients can receive full, real-time quotation and execution information. Each PITCH message reflects the addition, deletion or execution of an order in the System. TCP PITCH is the data feed used by Exchange data recipients to receive BYX PITCH information via a TCP/IP connection.

(ii) TCP FAST PITCH

The BYX TCP FAST PITCH data feed, like TCP PITCH, offers depth of book quotations and execution information, however, unlike TCP PITCH, this data feed is compressed and packaged by BATS prior to transmission and is translated by the recipient. The Exchange plans to cease offering TCP FAST PITCH effective July 1, 2011.

(iii) Multicast PITCH

The BYX Multicast PITCH data feed, like TCP PITCH and TCP FAST PITCH, offers depth of book quotations and execution information, however, unlike other PITCH data feeds offered by BYX, this data feed is transmitted in a manner that can be processed more efficiently by recipients.

(iv) TOP

The BYX TOP data feed offers top of book quotations and last sale execution information based on equity orders entered into the System. By only providing top of book quotations and last sale information, TOP offers data recipients a significant reduction in required bandwidth and processing when compared to BYX's standard TCP PITCH data feed. The quotations made available via TOP provide an aggregated size and do not indicate the size or number of individual orders at the best bid or ask.

(v) DROP

The BYX DROP data feed offers information regarding the trading activity of a specific Member. This feed

is typically used by Members or clearing firms to monitor trading activity. DROP information is only available to the Member to whom the specific data relates and those recipients expressly authorized by the Member, such as the Member's clearing firm or a third-party vendor who provides services to the Member. The Exchange offers two forms of DROP, one of which provides a record for each execution and the other of which provides a record of each order and each execution.

(vi) Historical Data

The BYX Historical Data product offers up to three months of BYX data on a T+1 basis. Such information can be downloaded from the Exchange's Web site. In addition, upon request, if an Exchange data recipient provides an external hard drive to the Exchange, the Exchange will download additional data onto the drive and return it to the requesting party. Historical data provided by the Exchange can be used for a variety of purposes. For instance, data recipients that wish to back-test certain trading strategies can use historical data to do so. As another example, data recipients that provide market information through public Web sites or develop dynamic stock tickers, portfolio trackers, price/time graphs and other visual systems can use historical data for such purposes.

(vii) Latency Monitoring

The BYX Latency Monitoring data product will offer real-time latency information based on equity orders entered into the System to data recipients on an uncompressed feed. This data feed will provide various statistics to data recipients based on the latency from when an order enters the BYX network until the time that the order appears on a particular BYX data feed. The Exchange will initially present various statistics aggregated across the exchange and also separated by matching engine unit including minimum latency, maximum latency, average latency, standard deviation, and the number of samples observed. The Exchange may add additional aggregate statistics in the future. In addition, the Exchange may also add other latency measures to the data feed in the future, to the extent a different method becomes relevant. The latency data will not be member or port specific. This data feed does not include any quotation or execution information.

2. Statutory Basis

Approval of the rule change proposed in this submission is consistent with the requirements of the Act and the rules

⁵ <http://www.batstrading.com/support/#menu-md-docs>.

⁶ The Exchange does not charge directly for any of the Data Feeds, nor does it currently charge any connectivity fees.

⁷ As defined in BYX Rule 1.5(aa), the term "System" means "the electronic communications and trading facility designated by the Board through which securities orders of Users are consolidated for ranking, execution and, when applicable, routing away."

and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.⁸ In particular, the proposed change is consistent with Section 6(b)(5) of the Act,⁹ because it would promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest. Specifically, the Exchange believes that this proposal is in keeping with those principles by promoting increased transparency through the dissemination of BYX data along with information regarding the Exchange's internal latencies.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change imposes any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(6) thereunder.¹¹

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act¹² normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)¹³ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. BYX requests that the Commission waive the 30-day operative

delay in order to allow BYX to continue to provide without interruption the Data Feeds that are already available, voluntary, and free to subscribers. In addition, BYX requests waiver of the 30-day operative delay for the Latency Feed because it is ready for distribution, voluntary, free to receive, and contains only aggregate statistical information related to the latency of the System. BYX believes that waiver of the operative delay will allow it to continue providing market participants that use the Data Feeds with useful real-time and historical data concerning orders that have been entered, executions that have occurred, and the latency of the system, consistent with other products provided by other exchanges. The Commission believes that waiving the 30-day operative delay¹⁴ is consistent with the protection of investors and the public interest and designates the proposal operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-BYX-2011-012 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-BYX-2011-012. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use

¹⁴ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission,¹⁵ all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-BYX-2011-012 and should be submitted on or before June 3, 2011.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁶

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[File No. 500-1]

Order of Suspension of Trading; City Network, Inc.

May 11, 2011.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of City Network, Inc. because it has not filed any periodic reports since the period ended September 30, 2006.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above-listed company. Therefore, it is ordered, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in the securities of the above-listed company is suspended for the

¹⁵ The text of the proposed rule change is available on the Commission's Web site at <http://www.sec.gov/rules/sro.shtml>.

¹⁰ 15 U.S.C. 78s(b)(3)(A).

¹¹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. BYX has satisfied this requirement.
