DATES: Written comments should be received on or before June 13, 2011.

ADDRESSES: Interested persons are invited to submit written comments on this proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the OMB Desk Officer for Customs and Border Protection, Department of Homeland Security, and sent via electronic mail to oir_submission@omb.eop.gov or faxed to (202) 395-5806.

SUPPLEMENTARY INFORMATION: U.S. Customs and Border Protection (CBP) encourages the general public and affected Federal agencies to submit written comments and suggestions on proposed and/or continuing information collection requests pursuant to the Paperwork Reduction Act (Pub. L. 104-13). *Your comments should address one of the following four points:*

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency/component, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agencies/components estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collections of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological techniques or other forms of information.

Title: Request for Entry or Departure for Flights To and From Cuba.

OMB Number: 1651-0134.

Form Number: None.

Abstract: Until recently, direct flights between the United States and Cuba were required to arrive or depart from one of three named U.S. airports: John F. Kennedy International Airport, Los Angeles International Airport, and Miami International Airport. On January 28, 2011, Customs and Border Protection's (CBP) regulations were amended to allow additional U.S. airports that are able to process international flights to request approval by CBP to process authorized flights between the United States and Cuba.

To be eligible to request approval to accept flights to and from Cuba, an airport must be an international airport,

landing rights airport, or user fee airport, as defined and described in part 122 of the CBP regulations, and have adequate and up-to-date staffing, equipment, and facilities to process international traffic. In order for an airport to seek approval to allow arriving and departing flights from Cuba, the port authority must send a written request to CBP requesting permission. Information about the program and how to apply may be found at: http://www.cbp.gov/xp/cgov/newsroom/highlights/cuba_flights.xml.

This information collection is authorized by 19 U.S.C. 1433, 1644a, 8 U.S.C. 1103, and provided for by 19 CFR 122.153.

Current Actions: This submission is being made to extend the expiration date of this information collection with a change to the burden hours resulting from revised estimates by CBP of the number of respondents. There is no change to the information being collected.

Type of Review: Extension (with change).

Affected Public: Businesses.

Estimated Number of Respondents: 30.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Responses: 30.

Estimated Time per Response: 1 hour.

Estimated Total Annual Burden Hours: 30.

Bureau of Ocean Energy Management, Regulation and Enforcement

[Docket ID No. BOEM-2011-0020]

BOEMRE Information Collection Activity: 1010-0068, Unitization, Extension of a Collection; Comment Request

AGENCY: Bureau of Ocean Energy Management, Regulation and Enforcement (BOEMRE), Interior.

ACTION: Notice of extension of an information collection (1010-0068).

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), BOEMRE is inviting comments on a collection of information that we will submit to the Office of Management and Budget (OMB) for review and approval. The information collection request (ICR) concerns the paperwork requirements in the regulations that are related to unitization activities on the OCS.

DATES: Submit written comments by July 12, 2011.

FOR FURTHER INFORMATION CONTACT: Cheryl Blundon, Regulations and Standards Branch at (703) 787-1607.

You may also contact Cheryl Blundon to obtain a copy, at no cost, of the regulations that require the subject collection of information.

ADDRESSES: You may submit comments by either of the following methods listed below.

- *Electronically:* go to <http://www.regulations.gov>. In the entry titled Enter Keyword or ID, enter BOEM–2011–0020 then click search. Follow the instructions to submit public comments and view supporting and related materials available for this collection. BOEMRE will post all comments.

- *E-mail:* cheryl.blundon@boemre.gov. Mail or hand-carry comments to the Department of the Interior; Bureau of Ocean Energy Management, Regulation and Enforcement, Attention: Cheryl Blundon, 381 Elden Street, MS–4024, Herndon, Virginia 20170–4817. Please reference ICR 1010–0068 in your comment and include your name and return address.

SUPPLEMENTARY INFORMATION:

Title: 30 CFR Part 250, Subpart M, Unitization.

OMB Control Number: 1010–0068.

Abstract: The Outer Continental Shelf (OCS) Lands Act, as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior

(Secretary) to prescribe rules and regulations to administer leasing of the OCS. Such rules and regulations will apply to all operations conducted under a lease. Section 1334(a) specifies that the Secretary “provide for the prevention of waste and conservation of the natural resources of the [O]uter Continental Shelf, and the protection of correlative rights therein” and include provisions for “unitization, pooling, and drilling agreements.”

The Independent Offices Appropriations Act (31 U.S.C. 9701), the Omnibus Appropriations Bill (Pub. L. 104–133, 110 Stat. 1321, April 26, 1996), and OMB Circular A–25, authorize Federal agencies to recover the full cost of services that confer special benefits. Unitization requests for approval are subject to cost recovery, and BOEMRE regulations specify service fees for these requests.

We will protect information from respondents considered proprietary under the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR Part 2) and under regulations at 30 CFR 250.197, “Data and information to be made available to the public or for limited inspection.” No items of a sensitive nature are collected. Responses are mandatory or are required to obtain or retain a benefit.

BOEMRE uses the information to determine whether to approve a proposal to enter into an agreement to unitize operations under two or more leases or to approve modifications when circumstances change. The information is necessary to ensure that operations will result in preventing waste, conserving natural resources, and protecting correlative rights, including the Government’s interests. We also use information submitted to determine competitiveness of a reservoir or to decide that compelling unitization will achieve these results.

Frequency: On occasion.

Description of Respondents: Potential respondent include Federal OCS oil and gas or sulphur lessees.

Estimated Reporting and Recordkeeping Hour Burden: The currently approved annual reporting burden for this collection is 4,913 hours. The following chart details the individual components and respective hour burden estimates of this ICR. In calculating the burdens, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

Citation 30 CFR 250 sub-part M	Reporting requirement	Hour burden
		Non-hour cost burden
1301	Description of requirements. Burden included in the following sections	0
1301(d), (f)(3), (g)(1), (g)(2), (ii).	Request suspension of production or operations	Burden covered under 1010–0114.
1302(b)	Request preliminary determination on competitive reservoir	39
1302(b)	Submit concurrence or objection on competitiveness with supporting evidence	39
1302(c), (d)	Submit joint plan of operations, supplemental plans, or a separate plan if agreement cannot be reached.	39
1303	Apply for voluntary unitization, including submitting unit agreement or revision, unit operating agreement, initial plan of operation, obtain approval of Regional Supervisor if required, and supporting data; request for variance from model agreement and other related requirements.	169** \$11,698 fee
1304(b)	Request compulsory unitization, including submitting unit agreement, unit operating agreement, initial plan of operation, obtain approval of Regional Supervisor if required, and supporting data; serving non-consenting lessees with documents.	161
1303; 1304	*Submit revisions or modifications to unit agreement, unit operating agreement, plan of operation, change of unit operator, etc.	8 \$831 fee
1303; 1304	*Submit initial, and revisions to, participating area	48
1304(d)	Request hearing on required unitization	1
1304(e)	Submit statement at hearing on compulsory unitization	5
1304(e)	Pay for and submit three copies of verbatim transcript of hearing	1 \$500 fee.
1304(f)	Appeal final order of compulsory unitization	Exempt under 5 CFR 1320(a)(2), (c)
1300–1304	General departure and alternative compliance requests not specifically covered elsewhere in sub-part M regulations.	1

* These requirements are specified in each Unit Agreement.

** Due to ongoing litigation in the Pacific Region, respondents did not submit burden data.

Estimated Reporting and Recordkeeping Non-Hour Cost Burden:

We have identified three non-hour cost burdens for this collection. Section 1303

requires fees for a voluntary unitization or unit expansion (\$11,698) and a fee for

a unitization revision (\$831). Respondents are also required to pay for court reporter and transcripts § 250.1304(d), if seeking compulsory unitization (\$500). We have not identified any other non-hour cost burdens associated with this collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: Before submitting an ICR to OMB, PRA section 3506(c)(2)(A) requires each agency “* * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *”. Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

Agencies must also estimate the non-hour cost burdens to respondents or recordkeepers resulting from the collection of information. Therefore, if you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information, monitoring, and record storage facilities. You should not include estimates for equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our submission for OMB approval. As a result of your comments, we will make any necessary adjustments to the burden in our submission to OMB.

Public Comment Procedures: Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

BOEMRE Information Collection Clearance Officer: Arlene Bajusz (703) 787-1025.

BILLING CODE 4310-MR-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[FWS-R2-ES-2010-N173; 20124-1112-0000-F2]

Regional Habitat Conservation Plan, Hays County, TX

AGENCY: Fish and Wildlife Service, Department of the Interior.

ACTION: Notice of availability of final environmental impact statement, final Hays County regional habitat conservation plan, and draft record of decision.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), make available the final environmental impact statement (EIS), the final Hays County regional habitat conservation plan (RHCP) under the National Environmental Policy Act of 1969 (NEPA), and our draft record of decision (ROD). Our intended action is the issuance of a 30-year incidental take permit (ITP) for the Preferred Alternative (described below) under the Endangered Species Act of 1973, as amended (ESA), to Hays County, Texas (the County), to incidentally take golden-cheeked warbler (*Dendroica chrysoparia*) and black-capped vireo (*Vireo atricapilla*). Under the RHCP, the County will mitigate for take by establishing a preserve system of 10,000–15,000 acres to mitigate for incidental take of covered species. Each

preserve acquisition will be subject to Service approval and will generate mitigation credits based on the number of acres and quality of potential occupied habitat for the covered species.

DATES: We will issue a ROD and make a final permit decision no sooner than 30 days after publication of this notice. Comments on the final EIS and RHCP will be accepted for 30 days after publication of this notice.

ADDRESSES: For where to review documents and submit comments see Reviewing Documents and Submitting Comments in **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: Mr. Adam Zerrenner, Field Supervisor, Austin Ecological Services Field Office, 10711 Burnet Road, Suite 200, Austin, TX 78758; telephone 512/490-0057.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service (Service), announce the availability of the Hays County final environmental impact statement; final regional habitat conservation plan, which we developed in compliance with the agency decision-making requirements of the National Environmental Policy Act (NEPA) of 1969, as amended; and our record of decision. We intend to implement the preferred alternative, which is implementation of the RHCP. We have described all alternatives in detail, and evaluated and analyzed them in our May 2010 final EIS and the final RHCP.

Based on our review of the alternatives and their environmental consequences as described in our final EIS, we intend to implement the preferred alternative (the proposed action). The selected proposed action is the issuance of a section 10(a)(1)(B) incidental take permit (ITP) to Hays County, Texas (the County), for incidental take of golden-cheeked warbler (*Dendroica chrysoparia*) and black-capped vireo (*Vireo atricapilla*). We refer to both species collectively as “the covered species.”

The term of the permit is 30 years (2011–2041). The County will implement mitigation and minimization measures according to the schedule in the RHCP. Under the RHCP, the County will mitigate for take by establishing a preserve system of 10,000–15,000 acres to mitigate for incidental take of covered species. Each preserve acquisition will be subject to Service approval and will generate mitigation credits based on the number of acres, and quality, of potential occupied habitat for the covered species. The number of mitigation credits allowed for each
