SUPPLEMENTARY INFORMATION:

I. Abstract

The U.S. Census Bureau plans to request a three-year extension of the current Office of Management and Budget (OMB) clearance of the Survey of Housing Starts, Sales and Completions, also known as the Survey of Construction (SOC). The SOC collects monthly data on new residential construction from a sample of owners or builders. The Census Bureau uses the Computer-Assisted Personal Interviewing (CAPI) electronic questionnaires SOC-QI/SF.1 and SOC-QI/MF.1 to collect data on start and completion dates of construction, physical characteristics of the structure (floor area, number of bathrooms, type of heating system, etc.), and if applicable, date of sale, sales price, and type of financing. The SOC provides widely used measures of construction activity, including the economic

indicators Housing Starts and Housing Completions, which are from the New Residential Construction series, and New Residential Sales.

The current clearance for this survey is scheduled to expire on November 30, 2011. No changes are planned to the questionnaire.

We sample about 1,850 new buildings each month (22,200 per year). We inquire about the progress of each building multiple times until it is completed (and a sales contract is signed, if it is a single-family house that is built for sale). We conduct an average of 7.9 interviews for each building sampled. The total number of interviews conducted each year is about 175,380. Each interview takes 5 minutes on average. Therefore the total annual burden is 14,615 hours.

II. Method of Collection

The Census Bureau uses its field representatives to collect the data. The field representatives conduct interviews to obtain data.

Respondents Obligation: Voluntary.

Legal Authority: Title 13 U.S.C. Section 182.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the

Foreign-Trade Zones Board

[Docket 32-2011]

Foreign-Trade Zone 225—Springfield, MO; Application for Reorganization/Expansion Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the City of Springfield Airport Board, grantee of FTZ 225, requesting authority to reorganize and expand the zone under the alternative site framework (ASF) adopted by the Board (74 FR 1170-1173, 01/12/09 (correction 74 FR 3987, 01/22/09); 75 FR 71069-71070, 11/22/10). The ASF is an option for grantees for the establishment or reorganization of general-purpose zones and can permit significantly greater flexibility in the designation of new "usage-driven" FTZ sites for operators/users located within a grantee's "service area" in the context of the Board's standard 2,000-acre activation limit for a general-purpose zone project. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on May 10, 2011.

FTZ 225 was approved by the Board on August 1, 1997 (Board Order 911, 62 FR 43143, 08/12/97), and consists of a site at the Springfield-Branson National Airport Complex, 2300 North Airport Boulevard, Springfield (Site 1—2,363 acres).

The grantee's proposed service area under the ASF would be Barry, Barton, Cedar, Christian, Dade, Dallas, Douglas, Greene, Hickory, Howell (partial), Jasper, Laclede, Lawrence, McDonald, Newton, Ozark, Polk, Stone, Taney, Texas (partial), Vernon, Webster and Wright Counties, Missouri, as described in the application. If approved, the

grantee would be able to serve sites throughout the service area based on companies' needs for FTZ designation. The proposed service area is within and adjacent to the Springfield Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its existing zone project to include the existing site as a "magnet" site. The ASF allows for the possible exemption of one magnet site from the "sunset" time limits that generally apply to sites under the ASF, and the applicant proposes that Site 1 be so exempted. The applicant is also requesting approval of the following initial "usage-driven" site: *Proposed Site 2* (88.77 acres)—Jarden Consumer Solutions, 303 Nelson Avenue, Neosho (Newton County).

In accordance with the Board's regulations, Camille Evans of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is July 15, 2011. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to August 1, 2011.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>. For further information, contact Camille Evans at Camille.Evans@trade.gov or (202) 482-2350.

Dated: May 10, 2011.

Andrew McGilvray,
Executive Secretary.
