[DHS Docket No. ICEB-2011-0003]

RIN 1653-ZA01

### Extension of Employment Authorization for Haitian F-1 Nonimmigrant Students Experiencing Severe Economic Hardship as a Direct Result of the January 12, 2010 Earthquake in Haiti

**AGENCY:** U.S. Immigration and Customs Enforcement (ICE), DHS.

**ACTION:** Notice.

**SUMMARY:** This notice informs the public of the extension of an earlier notice, which suspended certain requirements for F-1 nonimmigrant students whose country of citizenship is Haiti and who are experiencing severe economic hardship as a direct result of the January 12, 2010 earthquake in Haiti. This notice extends the effective date of that notice.

**DATES:** This notice is effective July 22, 2011 and will remain in effect until January 22, 2013.

**FOR FURTHER INFORMATION CONTACT:** Louis Farrell, Director, Student and Exchange Visitor Program; MS 5600, U.S. Immigration and Customs Enforcement; 500 12th Street, SW., Washington, DC 20536-5600; (703) 603-3400. This is not a toll-free number. Program information can be found at <http://www.ice.gov/sevis/>.

#### SUPPLEMENTARY INFORMATION:

#### What action is DHS taking under this notice?

The Secretary of Homeland Security is exercising her authority under 8 CFR 214.2(f)(9) to extend the suspension of the applicability of certain requirements governing on-campus and off-campus employment for F-1 nonimmigrant students whose country of citizenship is Haiti and who are experiencing severe economic hardship as a direct result of the January 12, 2010 earthquake in Haiti. See 75 FR 56120. The previous notice was effective from September 15, 2010 until July 22, 2011. Effective with this publication, suspension of the requirements is extended 18 months, from July 22, 2011 until January 22, 2013.

F-1 students granted employment authorization through that notice were deemed to be engaged in a "full course of study" for the duration of their employment authorization, provided they satisfied the minimum course load requirement described in 75 FR 56120. See 8 CFR 214.2(f)(6)(i)(F).

#### Who is covered under this action?

This notice applies exclusively to F-1 students whose country of citizenship is Haiti and who were lawfully present in the United States in F-1 nonimmigrant status on January 12, 2010 under section 101(a)(15)(F)(i) of the Immigration and Nationality Act (INA), 8 U.S.C. 101(a)(15)(F)(i), and (1) Are enrolled in an institution that is Student and Exchange Visitor Program (SEVP)-certified for enrollment of F-1 students, (2) are currently maintaining F-1 status, and (3) are experiencing severe economic hardship as a direct result of the January 12, 2010 earthquake in Haiti.

This notice applies both to undergraduate and graduate students, as well as elementary school, middle school, and high school students. The notice, however, applies differently to elementary school, middle school, and high school students (see the discussion published in 75 FR 56121 in the question, "Does this notice apply to elementary school, middle school, and high school students in F-1 status?").

F-1 students covered by this notice who transfer to other academic institutions that are SEVP-certified for enrollment of F-1 students remain eligible for the relief provided by means of this notice.

#### Why is DHS taking this action?

The Department of Homeland Security (DHS) took action to provide temporary relief to F-1 students whose country of citizenship is Haiti and experienced severe economic hardship as a result of the January 12, 2010 earthquake. See 75 FR 56120. It enabled these F-1 students to obtain employment authorization, work an increased number of hours while school was in session, and reduce their course load, while continuing to maintain their F-1 student status. DHS also took action to extend Temporary Protected Status to Haiti in response to the January 12, 2010 earthquake. See 75 FR 3476.

Haiti has limited resources to cope with a natural disaster like this earthquake, which was the strongest one to strike the island nation in 200 years. The country's critical infrastructure was severely damaged, and many government offices, schools, businesses, and hospitals were completely destroyed. Haiti continues to deal with the aftermath of the earthquake.

As Haiti continues to rebuild its infrastructure and economy, this difficult period has affected students from Haiti studying in the United States. Many of these students depend on money from relatives in Haiti who are
