ACTION: Notice.

SUMMARY: The Department of Labor (DOL) is submitting the revised Employment and Training Administration (ETA) sponsored information collection request (ICR) titled, "High Growth and Community-Based Job Training Grants," to the Office of Management and Budget (OMB) for review and approval for use in accordance with the Paperwork Reduction Act (PRA) of 1995 (Pub. L. 104-13, 44 U.S.C. chapter 35).

FOR FURTHER INFORMATION CONTACT: Michel Smyth by telephone at 202-693-4129 (this is not a toll-free number) or by e-mail at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: This information collection request implements reporting requirements for High Growth Job Training Initiative (HGJTI) and Community-Based Job

Training Grants (CBJTG). The ETA will require grantees to submit standardized quarterly reports summarizing the number and types of participants served by grantees, the number of exiters, the number of participants engaged in training activities, and some participant outcomes. To calculate the common measures for each grantee and for the program as a whole, the ETA will also require grantees to submit quarterly participant records about exiters that contain the minimum number of elements needed to obtain the information to calculate the common measures. The ETA plans to use these records to obtain wage record information from the Wage Record Interchange System, which in turn the ETA will use to compute common measures. These reports and records will help the ETA gauge the effects of the HGJTI and CBJTG grants, identify grantees that could serve as useful models, and target technical assistance appropriately. The ETA's statutory and regulatory authority to administer these programs includes provisions for the requirement of performance reporting from grantees. The legislative authority for these programs comes from the Workforce Investment Act (29 U.S.C. 2801 *et seq.*) and the American Competitiveness in the Twenty-first Century Act of 2000 as amended, both of which authorize and/or require that ETA collect information from grantees regarding program performance and participant outcomes.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid OMB control number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under OMB Control Number 1205-0465. The current OMB approval is scheduled to expire on May 31, 2011; however, it should be noted that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. Respondents would not be required to comply with any additional requirements during this review period. For additional information, see the

related notice published in the **Federal Register** on January 5, 2011 (76 FR 587).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within 30 days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should reference OMB Control Number 1205-0465. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Pisgah Yarn and Dyeing Company Including On-Site Leased Workers From Manpower, Inc. Old Fort, NC; Notice of Affirmative Determination Regarding Application for Reconsideration

By application dated May 12, 2011, workers requested administrative reconsideration of the negative determination regarding workers' eligibility to apply for Trade Adjustment Assistance (TAA) applicable to workers and former workers of Pisgah Yarn & Dyeing Company, Old Fort, North Carolina (subject firm). The worker group includes on-site leased workers from Manpower, Inc. The determination was issued on April 28, 2011. The Department's Notice of Determination will soon be published in the **Federal Register**. The workers are engaged in employment related to the production of cotton yarn used for craft trade.

The negative determination was based on the findings that there was no shift to/acquisition from a foreign country by the subject firm in production of yarn; that the quantity of sales and production at the subject firm increased in 2010 from 2009 levels; that the subject firm is neither a Supplier nor a Downstream Producer to a firm that employed a worker group eligible to apply for Trade Adjustment Assistance; and that the subject firm was not named in an affirmative finding of injury by the U.S. International Trade Commission.

In the request for reconsideration, the petitioners alleged that the company was sold to a Canadian firm.

The Department has carefully reviewed the request for reconsideration and the existing record, and has determined that the Department will conduct further investigation to determine if the petitioning workers meet the eligibility requirements of the Trade Act of 1974, as amended. Specifically, the Department will conduct further investigation to determine whether the purchasing firm was a successor-in-interest.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.
