BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Energy Employees Occupational Illness Compensation Program Act of 2000; Revision to the List of Covered Facilities

AGENCY: Department of Energy.

ACTION: Notice of revision of listing of covered facilities.

SUMMARY: The Department of Energy (“Department” or “DOE”) periodically publishes or revises a list of facilities covered under the Energy Employees Occupational Illness Compensation Program Act of 2000, as amended (“EEOICPA” or “Act”). This notice amends the previous lists that DOE published by removing the designation of the Mathieson Chemical Company facility in Pasadena, Texas, as an atomic weapons employer (AWE) facility. Previous lists or revisions were published by DOE on June 30, 2010, as amended by August 3, 2010, April 9, 2009, June 28, 2007, November 30, 2005, August 23, 2004, July 21, 2003, December 27, 2002, June 11, 2001, and January 17, 2001.

FOR FURTHER INFORMATION CONTACT: Patricia R. Worthington, Ph.D., Director, Office of Health and Safety (HS-10), (301) 903-5926.

ADDRESSES: The Department welcomes comments on this notice. Comments should be *addressed to:* Patricia R. Worthington, Ph.D., Director, Office of Health and Safety (HS-10), U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585.

SUPPLEMENTARY INFORMATION:

Purpose

EEOICPA establishes a program to provide compensation to certain employees who develop illnesses as a result of their employment with AWEs, DOE and its predecessor Agencies, certain of its contractors and subcontractors, and listed beryllium vendors. Section 3621(4) of the Act (codified at 42 U.S.C. 7384(4)) defines an AWE as “an entity, other than the

United States, that—(A) Processed or produced, for use by the United States, material that emitted radiation and was used in the production of an atomic weapon, excluding uranium mining and milling; and (B) is designated by the Secretary of Energy as an [AWE] for purposes of the compensation program.” Section 3621(5) defines an AWE facility as “a facility, owned by an [AWE], that is or was used to process or produce, for use by the United States, material that emitted radiation and was used in the production of an atomic weapon, excluding uranium mining or milling.”

It has recently come to the attention of the Department that the Mathieson Chemical Company (also known as Pasadena Chemical Corporation, Olin Mathieson Chemical Company, and Mobil Mining and Minerals Company) facility in Pasadena, Texas, should not have been designated as an AWE facility because no material that emitted radiation, which was processed or produced by the Mathieson Chemical Company, was used in the production of an atomic weapon.

This notice formally makes the change to the listing of covered facilities by removing the Mathieson Chemical Company facility in Pasadena, Texas, as an AWE facility under EEOICPA.

Issued in Washington, DC on May 17, 2011.

Glenn S. Podonsky,

Chief Health, Safety and Security Officer, Office of Health, Safety and Security.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Environmental Management Site-Specific Advisory Board Chairs

AGENCY: Department of Energy.

ACTION: Notice of Open Meeting.

SUMMARY: This notice announces a meeting of the Environmental Management Site-Specific Advisory Board (EM SSAB) Chairs. The Federal Advisory Committee Act (Pub. L. 92-463, 86 Stat. 770) requires that public notice of this meeting be announced in the **Federal Register**.

DATES: Wednesday, June 15, 2011, 8 a.m.–5 p.m. and Thursday, June 16, 2011, 8 a.m.–12:30 p.m.

ADDRESSES: Aliante Station Hotel, 7300 Aliante Parkway, North Las Vegas, Nevada 89084.

FOR FURTHER INFORMATION CONTACT: Catherine Alexander Brennan, Designated Federal Officer, U.S. Department of Energy, 1000

Independence Avenue, SW., Washington, DC 20585; Phone: (202) 586-7711.

SUPPLEMENTARY INFORMATION:

Purpose of the Board: The purpose of the Board is to make recommendations to DOE-EM and site management in the areas of environmental restoration, waste management, and related activities.

Tentative Agenda Topics

Wednesday, June 15, 2011

- EM Program Update,
- EM SSAB Chairs’ Round Robin: Top Three Site-Specific Topics and Achievements,
- EM Headquarters Budget Update,
- EM Headquarters Waste Disposition Update,
- EM SSAB Chairs’ Roundtable Discussion: Day One Presentations and Product Development.

Thursday, June 16, 2011

- EM Headquarters Groundwater Update,
- EM SSAB Chairs’ Roundtable Discussion: Day Two Presentations and Product Development.

Public Participation: The EM SSAB Chairs welcome the attendance of the public at their advisory committee meetings and will make every effort to accommodate persons with physical disabilities or special needs. If you require special accommodations due to a disability, please contact Catherine Alexander Brennan at least seven days in advance of the meeting at the phone number listed above. Written statements may be filed either before or after the meeting with the Designated Federal Officer, Catherine Alexander Brennan, at the address or telephone listed above. Individuals who wish to make oral statements pertaining to agenda items should also contact Catherine Alexander Brennan. Requests must be received five days prior to the meeting and reasonable provision will be made to include the presentation in the agenda. The Designated Federal Officer is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Individuals wishing to make public comment will be provided a maximum of five minutes to present their comments.

Minutes: Minutes will be available by writing or calling Catherine Alexander Brennan at the address or phone number listed above. Minutes will also be available at the following Web site: <http://www.em.doe.gov/stakepages/ssabchairs.aspx>.

Issued at Washington, DC on May 20, 2011.

LaTanya R. Butler,

Acting Deputy Committee Management Officer.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Reimbursement for Costs of Remedial Action at Active Uranium and Thorium Processing Sites

AGENCY: Department of Energy.

ACTION: Revised notice of the acceptance of Title X claims during fiscal year (FY) 2011.

SUMMARY: This Notice announces revisions to the Department of Energy (DOE) acceptance of claims in FY 2011 from eligible active uranium and thorium processing site licensees for reimbursement under Title X of the Energy Policy Act of 1992. In our **Federal Register** Notice of November 24, 2010 (75 FR 71677), the Department announced the closing date for the submission of claims in FY 2011 as April 29, 2011. In a subsequent **Federal Register** Notice of May 3, 2011, (76 FR 24871), the Department announced it had become necessary to defer that closing date for acceptance of claims; and at a later date, the Department would announce a new closing date for the submission of FY 2011 claims and a new address for submitting the claims. **DATES:** The revised closing date for the submission of claims in FY 2011 is June 3, 2011. These new claims will be processed for payment by June 1, 2012, together with any eligible unpaid approved claim balances from prior years. All reimbursements are subject to the availability of funds from congressional appropriations.

ADDRESSES: Claims should be forwarded by certified or registered mail, return receipt requested, to U.S. Department of Energy, Office of Legacy Management, Attn: Title X Coordinator, 2597 Legacy Way, Grand Junction, Colorado 81503. Two copies of the claim should be included with each submission.

FOR FURTHER INFORMATION CONTACT: Contact David Mathes at (301) 903-7222 of the U.S. Department of Energy, Office of Environmental Management, Office of Disposal Operations.

SUPPLEMENTARY INFORMATION: DOE published a final rule under 10 CFR part 765 in the Federal Register on May 23, 1994 (59 FR 26714), to carry out the requirements of Title X of the Energy Policy Act of 1992 (sections 1001-1004 of Pub. L. 102-486, 42 U.S.C. 2296a *et seq.*) and to establish the procedures for

eligible licensees to submit claims for reimbursement. DOE amended the final rule on June 3, 2003 (68 FR 32955), to adopt several technical and administrative amendments (*e.g.*, statutory increases in the reimbursement ceilings). Title X requires DOE to reimburse eligible uranium and thorium licensees for certain costs of decontamination, decommissioning, reclamation, and other remedial action incurred by licensees at active uranium and thorium processing sites to remediate byproduct material generated as an incident of sales to the United States Government. To be reimbursable, costs of remedial action must be for work which is necessary to comply with applicable requirements of the Uranium Mill Tailings Radiation Control Act of 1978 (42 U.S.C. 7901 *et seq.*) or, where appropriate, with requirements established by a State pursuant to a discontinuance agreement under section 274 of the Atomic Energy Act of 1954 (42 U.S.C. 2021). Claims for reimbursement must be supported by reasonable documentation as determined by DOE in accordance with 10 CFR Part 765. Funds for reimbursement will be provided from the Uranium Enrichment Decontamination and Decommissioning Fund established at the Department of Treasury pursuant to section 1801 of the Atomic Energy Act of 1954 (42 U.S.C. 2297g). Payment or obligation of funds shall be subject to the requirements of the Anti-Deficiency Act (31 U.S.C. 1341).

Authority: Section 1001-1004 of Public Law 102-486, 106 Stat. 2776 (42 U.S.C. 2296a *et seq.*).

Issued in Washington, DC, on this 19th of May 2011.

David E. Mathes,

Office of Disposal Operations, Office of Technical and Regulatory Support.

DEPARTMENT OF ENERGY

Office of Energy Efficiency and Renewable Energy

[Docket Number EERE-2011-BT-NOA-0039]

Technology Evaluation Process

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Notice of request for information (RFI).

SUMMARY: The U.S. Department of Energy (DOE) seeks comments and information related to a commercial buildings technology evaluation process. DOE is seeking to create a process for evaluating emerging and underutilized energy efficient technologies for commercial buildings based on the voluntary submittal of product test data. The program would be centered on a publicly accessible listing of products that meet minimum energy efficiency criteria specified for the applicable technology type. Evaluation under the criteria would be based on product test data submitted by manufacturers, then analyzed by DOE to generate information related to the energy savings of the products. For those products that met the specified minimum energy efficiency criteria, the results of such analyses would be made publicly available. The program would provide centralized information on the analysis factors in a manner that would make results directly comparable between products within the same technology type or area.

DATES: Written comments and information are requested on or before June 27, 2011.

ADDRESSES: Interested persons may submit comments, identified by docket number EERE-2011-BT-NOA-0039, by any of the following methods. Your response should be limited to 3 pages. Questions relative to responding to this RFI may be sent to the same mailbox in advance of your response, and will be answered via e-mail.

- *E-mail:* to TechID-RFI-2011-NOA-0039@ee.doe.gov. Include EERE-2011-BT-NOA-0039 in the subject line of the message.

- *Mail:* Ms. Brenda Edwards, U.S. Department of Energy, Building Technologies Program, Mailstop EE-2J, Revisions to Energy Efficiency Enforcement Regulations, EERE-2011-BT-NOA-0039, 1000 Independence Avenue, SW., Washington, DC 20585-0121. Phone: (202) 586-2945. Please submit one signed paper original.

- *Hand Delivery/Courier:* Ms. Brenda Edwards, U.S. Department of Energy, Building Technologies Program, 6th Floor, 950 L'Enfant Plaza, SW., Washington, DC 20024. Phone: (202) 586-2945. Please submit one signed paper original.

Instructions: All submissions received must include the agency name and docket number.

FOR FURTHER INFORMATION CONTACT: Direct requests for additional information may be sent to Mr. Alan Schroeder, U.S. Department of Energy, Office of Energy Efficiency and
