**DEPARTMENT OF COMMERCE**

**Bureau of Industry and Security**

**15 CFR Part 774**

**The Commerce Control List**

*CFR Correction*

In Title 15 of the Code of Federal Regulations, Parts 300 to 799, revised as

of January 1, 2011, on page 802, in Supplement No. 1 to Part 774, in Category 6, in ECCN 6A005, the following text is reinstated at the end of the entry:

**6A005 “Lasers” (other than those described in 0B001.g.5 or .h.6), components and optical equipment, as follows (see List of Items Controlled).**

\* \* \* \* \*

*Items:*

\* \* \* \* \*

d.5. “Chemical lasers”, as follows:

d.5.a. Hydrogen Fluoride (HF) “lasers”;

d.5.b. Deuterium Fluoride (DF) “lasers”;

d.5.c. “Transfer lasers”, as follows:

d.5.c.1. Oxygen Iodine (O<sub>2</sub>-I) “lasers”;

d.5.c.2. Deuterium Fluoride-Carbon

dioxide (DF-CO<sub>2</sub>) “lasers”;

d.6. “Non-repetitive pulsed” Neodymium (Nd) glass “lasers”, having any of the following:

d.6.a. A “pulse duration” not exceeding 1 μs and an output energy exceeding 50 J per pulse; or

d.6.b. A “pulse duration” exceeding 1 μs and an output energy exceeding 100 J per pulse;

NOTE: “Non-repetitive pulsed” refers to “lasers” that produce either a single output pulse or that have a time interval between pulses exceeding one minute.

e. Components, as follows:

e.1. Mirrors cooled either by active cooling or by heat pipe cooling; Technical Note: Active cooling is a cooling technique for optical components using flowing fluids within the subsurface (nominally less than 1 mm below the optical surface) of the optical component to remove heat from the optic.

e.2. Optical mirrors or transmissive or partially transmissive optical or electro-optical components specially designed for use with controlled “lasers”;

f. Optical equipment, as follows:

N.B.: For shared aperture optical elements, capable of operating in “Super-High Power Laser” (“SHPL”) applications, see the U.S. Munitions List (22 CFR part 121).

f.1. Dynamic wavefront (phase) measuring equipment capable of mapping at least 50 positions on a beam wavefront having any the following:

f.1.a. Frame rates equal to or more than 100 Hz and phase discrimination of at least 5% of the beam’s wavelength; or

f.1.b. Frame rates equal to or more than 1,000 Hz and phase discrimination of at least 20% of the beam’s wavelength;

f.2. “Laser” diagnostic equipment capable of measuring “SHPL” system angular beam steering errors of equal to or less than 10 μrad;

f.3. Optical equipment and components specially designed for a phased-array “SHPL” system for coherent beam combination to an accuracy of lambda/10 at the designed wavelength, or 0.1 μm, whichever is the smaller;

f.4. Projection telescopes specially designed for use with “SHPL” systems.

**BILLING CODE 1505-01-D**

**DEPARTMENT OF THE INTERIOR****National Park Service****36 CFR Part 67****RIN 1024-AD65****Historic Preservation Certifications for Federal Income Tax Incentives**

**AGENCY:** National Park Service, Interior.

**ACTION:** Final rule.

**SUMMARY:** The National Park Service (NPS) is amending its procedures for obtaining historic preservation certifications for rehabilitation of historic structures. Individuals and corporations must obtain these certifications to be eligible for tax credits from the Internal Revenue Service (IRS). This rule incorporates references to the revised sections of the Internal Revenue Code containing the requirements for obtaining a tax credit; replaces references to NPS’s regional offices with references to its Washington Area Service Office (WASO); requires NPS to accept appeals for denial of certain certifications; and removes the certification fee schedule from the regulation. These latter two revisions provide an additional avenue for appeals and allow NPS to update fees by publishing a notice in the **Federal Register** as administrative costs change.

**DATES:** The rule becomes effective June 27, 2011.

**ADDRESSES:** Chief, Heritage Preservation Services Program, National Park Service, 1849 C Street, NW. (org code 2255), Washington, DC 20240.

**FOR FURTHER INFORMATION CONTACT:** Michael J. Auer, National Park Service, 1849 C Street, NW. (org code 2255), Washington, DC 20240; *Michael\_Auer@nps.gov*; fax: 202-371-1616.

**SUPPLEMENTARY INFORMATION****Background**

Section 47 of Title 26 of the United States Code (the Internal Revenue Code), formerly Section 48(g), authorizes tax credits for qualified expenditures of funds for “certified rehabilitation” of “certified historic structures.” This section of the Internal Revenue Code designates the Secretary of the Interior as the authority for review of applications for certifications to verify: (a) That buildings undergoing rehabilitation are “certified historic structures,” and (b) that the rehabilitation preserves the overall historic character of the buildings, and therefore is a “certified rehabilitation.”

These approvals take the form of notifications or “certifications” by the Secretary of the Interior to the Secretary of the Treasury. In addition, section 170(h) of the Internal Revenue Code allows a Federal income tax deduction for the donation of interests in qualified real property for conservation purposes.

Section 170(h) also designates the Secretary of the Interior as the authority who receives applications and issues certifications verifying to the Secretary of the Treasury that the building or buildings contribute to the significance of a historic district.

The final rule removes outdated references to the Internal Revenue Code, and deletes references to the regional offices and substitutes the NPS Washington office in their place. The final rule also lifts the prohibition on appeals from the denial of preliminary certification for rehabilitation of a property that is not a certified historic structure. The final rule also removes the certification fee schedule from the regulation, and incorporates an explanation of the method by which we will determine the kind and amount of review fees to be charged in the future. Until a revised means of determining fees is decided upon, approved, and published, the 1984 fee schedule will remain in effect. The changes are technical rather than substantive in nature.

**Public Comments**

The proposed rule was published on October 15, 2010 (75 FR 63428) and was open for public comment for 60 days. We received three comments. One was fully in support of the changes. The second made several proposals on how fees charged by NPS for review of rehabilitation certification applications should be set and used by the agency. However, the rule does not change the fee schedule, but merely removes it from the text of the regulations (in accordance with standard government practice). The third suggests that the rule state that the program is administered by the National Park Service in general rather than by the Washington Area Service Office of the NPS. The agency believes it serves a useful purpose to inform the public where the program is administered within a large government agency. Accordingly, the agency does not believe that further change to the rule is warranted.
