SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available

From: U.S. Securities and Exchange Commission, Office of Investor Education and Advocacy, Washington, DC 20549-0213.

Extension:

Rule 609 and Form SIP; OMB Control No. 3235-0043; SEC File No. 270-23.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for approval of extension of the existing collection of information provided for the following rule: Rule 609 (17 CFR 249.609) (formerly Rule 11Ab2-1) and Form SIP (17 CFR 249.1001).

On September 23, 1975, the Commission adopted Rule 11Ab2-1,¹ which under Regulation NMS has been redesignated as Rule 609 and Form SIP under the Securities Exchange Act of 1934 ("Act") (15 U.S.C. 78a *et seq.*) to establish the procedures by which a Securities Information Processor ("SIP") files and amends its SIP registration statement.² The information filed with the Commission pursuant to Rule 609 and Form SIP is designed to provide the Commission with the information necessary to make the required findings under the Act before granting the SIP's application for registration. In addition, the requirement that a SIP file an amendment to correct any inaccurate information is designed to assure that the Commission has current, accurate information with respect to the SIP. This information is also made available to members of the public.

Only exclusive SIPs are required to register with the Commission. An exclusive SIP is a SIP that engages on an exclusive basis on behalf of any national securities exchange or registered securities association, or any national securities exchange or registered

securities association which engages on an exclusive basis on its own behalf, in collecting, processing, or preparing for distribution or publication, any information with respect to (i) Transactions or quotations on, or effected or made by means of, any facility of such exchange, or (ii) quotations distributed or published by means of any electronic quotation system operated by such association. The Federal securities laws require that before the Commission may approve the registration of an exclusive SIP, it must make certain findings. It takes a SIP applicant approximately 400 hours to prepare documents which include sufficient information to enable the Commission to make those findings. Currently, there are only two exclusive SIPs registered with the Commission; The Securities Industry Automation Corporation ("SIAC") and The Nasdaq Stock Market, Inc. ("Nasdaq"). SIAC and Nasdaq are required to keep the information on file with the Commission current, which entails filing a form SIP annually to update information. Accordingly, the annual reporting and recordkeeping burden for Rule 609 and Form SIP is 400 hours; the burden of information collection is estimated to involve approximately 1 respondent application for registration making 1 response per year. This annual reporting and recordkeeping burden does not include the burden hours or cost of amending a Form SIP because the Commission has already overstated the compliance burdens by assuming that the Commission will receive one initial registration pursuant to Rule 609 on Form SIP a year.

Rule 609 and Form SIP do not impose a retention period for any recordkeeping requirements. Completing and filing Form SIP is mandatory before an entity may become an exclusive SIP. Except in cases where confidential treatment is requested by an applicant and granted by the Commission pursuant to the Freedom of Information Act and the rules of the Commission thereunder, information provided in the Form SIP will be routinely available for public inspection. Please note that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Background documentation for this information collection may be viewed at the following link, <http://www.reginfo.gov>. Comments should be directed to (i) Desk Officer for the Securities and Exchange Commission, Office of Information and Regulatory Affairs, Office of Management and

Budget, Room 10102, New Executive Office Building, Washington, DC 20503 or by sending an e-mail to: Shagufta_Ahmed@omb.eop.gov; and (ii) Thomas Bayer, Director/Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 6432 General Green Way, Alexandria, VA 22312 or send an e-mail to: PRA_Mailbox@sec.gov. Comments must be submitted within 30 days of this notice.

Deputy Secretary.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NASDAQ is proposing to modify Rule 7050 governing fees assessed for option orders entered into NOM but routed to and executed on away markets ("Routing Fees"). Specifically, NASDAQ is proposing to amend Customer Routing Fees for orders routed to the C2 Options Exchange, Inc. ("C2").

The Exchange currently assesses the following Routing Fees to route orders to C2: A Customer is assessed \$0.21 per

contract; a Firm is assessed \$0.55 per contract; a Market Maker is assessed \$0.55 per contract; and a Professional is assessed \$0.46 per contract. The Exchange is proposing to amend the Customer Routing Fee to C2 from \$0.21 per contract to \$0.31 per contract. The other C2 Routing Fees for Firms, Market Makers and Professionals would remain the same.

C2 recently amended its Fees Schedule to increase its public customer taker fee from \$0.15 to \$0.25. The Exchange is proposing to amend its Customer Routing Fee to C2 to account for this increase.³ In addition, NASDAQ Options Services LLC ("NOS"), a member of the Exchange, is the Exchange's exclusive order router. Each time NOS routes to away markets NOS is charged a \$0.06 clearing fee and, in the case of certain exchanges, a transaction fee is also charged in certain symbols, which are passed through to the Exchange. The Exchange is proposing this amendment in order to recoup clearing and transaction charges incurred by the Exchange when orders are routed to C2.⁴

In addition, the Exchange proposes to amend the Routing Fees in Rule 7050 to reorder the Routing Fees, specifically to move C2 after CBOE for ease of reference. While fee changes pursuant to this proposal are effective upon filing,

³ See Securities Exchange Act Release No. 64390 (May 4, 2011), 76 FR 27117 (May 10, 2011) (SR-C2-2011-011).

⁴ The Exchange is proposing to recoup the \$0.25 per contract public customer transaction fee for orders routed to C2 along with the \$0.06 clearing fee which is incurred by the Exchange, as explained above. See C2 Fees Schedule.

the Exchange has designated these changes to be operative on June 1, 2011.

2. Statutory Basis

NASDAQ believes that the proposed rule changes are consistent with the provisions of Section 6 of the Act,⁵ in general, and with Section 6(b)(4) of the Act,⁶ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which NASDAQ operates or controls.

The Exchange believes that this fee is reasonable because it seeks to recoup costs that are incurred by the Exchange when routing Customer orders to C2 on behalf of its members. Each destination market's transaction charge varies and there is a standard clearing charge for each transaction incurred by the Exchange. The Exchange believes that the proposed Routing Fee would enable the Exchange to recover the public customer transaction fee assessed by C2, plus clearing fees for the execution of Customer orders. The Exchange also believes that the proposed Routing Fee is equitable because it would be uniformly applied to all Customers.

NASDAQ is one of nine options market in the national market system for standardized options. Joining NASDAQ and electing to trade options is entirely voluntary. Under these circumstances, NASDAQ's fees must be competitive and low in order for NASDAQ to attract order flow, execute orders, and grow as a market. NASDAQ thus believes that its

⁶ 15 U.S.C. 78f(b)(4).

fees are fair and reasonable and consistent with the Exchange Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁷ and paragraph (f)(2) of Rule 19b-4⁸ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments
