ACTION: Notice of pending NRC action to submit an information collection request to the Office of Management and Budget (OMB) and solicitation of public comment.

SUMMARY: The NRC invites public comment about our intention to request the OMB's approval for renewal of an existing information collection that is summarized below. We are required to publish this notice in the **Federal Register** under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

3. *How often the collection is required:* NRC Form 241 must be submitted each time an Agreement State licensee wants to engage in or revise its activities involving the use of radioactive byproduct material in a non-Agreement State, areas of exclusive Federal jurisdiction, or offshore waters. The NRC may waive the requirements for filing additional copies of NRC Form 241 during the remainder of the calendar year following receipt of the initial form.
4. *Who will be required or asked to report:* Any licensee who holds a specific license from an Agreement State and wants to conduct the same activity in non-Agreement States, areas of exclusive Federal jurisdiction, or offshore waters under the general license in 10 CFR 150.20.
5. *The number of annual respondents:* 172 respondents.
6. *The total number of hours needed annually to complete the requirement or request:* 482 hours (86 hours for initial

submission + 119 hours for changes + 277 hours for clarification).

7. *Abstract:* Any Agreement State licensee who engages in the use of radioactive material in non-Agreement States, areas of exclusive Federal jurisdiction, or offshore waters, under the general license in Section 150.20, is required to file, with the NRC regional administrator for the region in which the Agreement State that issues the license is located, a copy of NRC Form 241 ("Report of Proposed Activities in Non-Agreement States, Areas of Exclusive Federal Jurisdiction, or Offshore Waters"), a copy of its Agreement State specific license, and the appropriate fee as prescribed in Section 170.31 at least 3 days before engaging in such activity. This mandatory notification permits NRC to schedule inspections of the activities to determine whether the activities are being conducted in accordance with requirements for protection of the public health and safety.

Submit, by August 16, 2011, comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?
2. Is the burden estimate accurate?
3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?
4. How can the burden of the information collection be minimized, including the use of automated collection techniques or other forms of information technology?
