

DEPARTMENT OF DEFENSE**Defense Acquisition Regulations System****Information Collection Requirement; Defense Federal Acquisition Regulation Supplement; Acquisition of Information Technology**

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Notice and request for comments regarding a proposed extension of an approved information collection requirement.

SUMMARY: In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), DoD announces the proposed extension of a public information collection requirement and seeks public comment on the provisions thereof. *DoD invites comments on:* (a) Whether the proposed collection of information is necessary for the proper performance of the functions of DoD, including whether the information will have practical utility; (b) the accuracy of the estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including the use of automated collection techniques or other forms of information technology. The Office of Management and Budget (OMB) has approved this information collection requirement for use through July 31, 2011. DoD proposes that OMB extend its approval for three additional years.

DATES: DoD will consider all comments received by August 16, 2011.

ADDRESSES: You may submit comments, identified by OMB Control Number 0704-0341, using any of the following methods:

- *Regulations.gov:* <http://www.regulations.gov>. Follow the instructions for submitting comments.
- *E-mail:* dfars@osd.mil. Include OMB Control Number 0704-0341 in the subject line of the message.
- *Fax:* 703-602-0350.
- *Mail:* Defense Acquisition Regulations System, Attn: Mr. Julian Thrash, OUSD(AT&L)DPAP/DARS, Room 3B855, 3060 Defense Pentagon, Washington, DC 20301-3060.

Comments received generally will be posted without change to <http://www.regulations.gov>, including any personal information provided. To confirm receipt of your comment(s),

please check <http://www.regulations.gov> approximately two to three days after submission to verify posting (except allow 30 days for posting of comments submitted by mail).

FOR FURTHER INFORMATION CONTACT: Mr. Julian Thrash (703) 602-0310. The information collection requirements addressed in this notice are available electronically on the Internet at: <http://www.acq.osd.mil/dpap/dfars/index.htm>. Paper copies are available from Mr. Julian Thrash, OUSD(AT&L)DPAP(DARS), Room 3B855, 3060 Defense Pentagon, Washington, DC 20301-3060.

SUPPLEMENTARY INFORMATION:

Title and OMB Number: Defense Federal Acquisition Regulation Supplement (DFARS) Part 239, Acquisition of Information Technology, and the associated clauses at DFARS 252.239-7000 and 252.239-7006; OMB Control Number 0704-0341.

Needs and Uses: This requirement provides for the collection of information from contractors regarding security of information technology; tariffs pertaining to telecommunications services; and proposals from common carriers to perform special construction under contracts for telecommunications services. Contracting officers and other DoD personnel use the information to ensure that information systems are protected; to participate in the establishment of tariffs for telecommunications services; and to establish reasonable prices for special construction by common carriers.

Affected Public: Businesses or other for-profit and not-for-profit institutions.

Number of Respondents: 571.

Responses per Respondent: 14.

Annual Responses: 7,994.

Average Burden per Response: 0.5 hour.

Annual Burden Hours: 3,997.

Frequency: On occasion.

Summary of Information Collection

The clause at DFARS 252.239-7000, Protection Against Compromising Emanations, requires that the contractor provide, upon request of the contracting officer, documentation that information technology used or provided under the contract meets appropriate information assurance requirements.

The clause at DFARS 252.239-7006, Tariff Information, requires that the contractor provide to the contracting officer: (1) Upon request, a copy of the contractor's existing tariffs (including changes); (2) before filing, a copy of any application to a Federal, State, or other regulatory agency for new rates, charges, services, or regulations relating to any

tariff or any of the facilities or services to be furnished solely or primarily to the Government, and, upon request, a copy of all information, material, and data developed or prepared in support of or in connection with such an application; and (3) a notification to the contracting officer of any application submitted by anyone other than the contractor that may affect the rate or conditions of services under the agreement or contract.

DFARS 239.7408 requires the contracting officer to obtain a detailed special construction proposal from a common carrier that submits a proposal or quotation that has special construction requirements related to the performance of basic telecommunications services.

Mary Overstreet,

Editor, Defense Acquisition Regulations Council.

SUPPLEMENTARY INFORMATION: *Title and OMB Number:* Defense Federal Acquisition Regulation Supplement (DFARS) Part 236, Construction and Architect-Engineer Contracts, and Related Clauses at DFARS 252.236; OMB Control Number 0704-0255.

Needs and Uses: DoD contracting officers need this information to evaluate contractor proposals for contract modifications; to determine that a contractor has removed obstructions to navigation; to review contractor requests for payment for mobilization and preparatory work; to determine reasonableness of costs allocated to mobilization and demobilization; and to determine eligibility for the 20 percent evaluation preference for United States firms in the award of some overseas construction contracts.

Affected Public: Businesses or other for-profit and not-for-profit institutions.
Annual Burden Hours: 359,015.

Number of Respondents: 3539.

Responses per Respondent: Approximately 1.

Annual Responses: 3587.

Average Burden per Response: Approximately 100 hours.

Frequency: On occasion.

Summary of Information Collection

DFARS 236.570(a) prescribes use of the clause at DFARS 252.236-7000, Modification Proposals—Price Breakdown, in all fixed-price construction contracts. The clause requires the contractor to submit a price breakdown with any proposal for a contract modification.

DFARS 236.570(b) prescribes use of the following clauses in fixed-price construction contracts as applicable:

(1) The clause at DFARS 252.236-7002, Obstruction of Navigable Waterways, requires the contractor to notify the contracting officer of obstructions in navigable waterways.

(2) The clause at DFARS 252.236-7003, Payment for Mobilization and Preparatory Work, requires the contractor to provide supporting documentation when submitting requests for payment for mobilization and preparatory work.

(3) The clause at DFARS 252.236-7004, Payment for Mobilization and Demobilization, permits the contracting officer to require the contractor to furnish cost data justifying the percentage of the cost split between mobilization and demobilization, if the contracting officer believes that the proposed percentages do not bear a reasonable relation to the cost of the work.

DFARS 236.570(c) prescribes use of the following provisions in solicitations for military construction contracts that are funded with military construction appropriations and are estimated to exceed \$1,000,000:

(1) The provision at DFARS 252.236-7010, Overseas Military Construction—Preference for United States Firms, requires an offeror to specify whether or not it is a United States firm.

(2) The provision at DFARS 252.236-7012, Military Construction on Kwajalein Atoll-Evaluation Preference, requires an offeror to specify whether it is a United States firm, a Marshallese firm, or other firm.

BILLING CODE 5001-08-P

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Notice of Intent to Grant Partially Exclusive License of the United States Patent Application No. 12/365,698, "Reusable Sample Holding Device Permitting Ready Loading of Very Small Wet Samples," Filed Feb 4, 2009

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DOD.

ACTION: Notice of intent.

SUMMARY: In accordance with 37 CFR 404.7(a) (1) (i), announcement is made of a prospective partially exclusive license of the following U.S. Patent Application 12/365,698 Filed February 04, 2009 (published on Aug. 5, 2010 with Pub. No. US 2010/0193398 A1) to Hummingbird Scientific, Inc for achieving commercial sales of a reusable sample holding device permitting ready loading of very small wet samples for use with high resolution imaging systems of various types, to include those requiring a vacuum environment.

DATES: Written objections must be filed not later than 15 days following publication of this announcement.

ADDRESSES: United States Army Engineer Research and Development Center, *Attn:* CEERD-OT (Ms. Bea Shahin), 2902 Newmark Drive, Champaign, IL 6182-1076.

FOR FURTHER INFORMATION CONTACT: Ms. Bea Shahin (217) 373-7234, FAX (217) 373-7210, *e-mail:*

Bea.S.Shahin@usace.army.mil.

SUPPLEMENTARY INFORMATION: This patent application claims a reusable sample-holding device for readily loading very small wet samples for observation of the samples by microscopic equipment, in particular in a vacuum environment. Embodiments may be used with a scanning electron microscope (SEM), a transmission electron microscope (TEM), an X-ray microscope, optical microscope, and the like. For observation of the sample, embodiments provide a thin-membrane window etched in the center of each of two silicon wafers abutting to contain the sample in a small uniform gap formed between the windows. This gap may be adjusted by employing spacers. Alternatively, the thickness of a film established by the fluid in which the sample is incorporated determines the gap without need of a spacer. To optimize resolution each window may have a thickness on the order of 50 nm and the gap may be on the order of 50 nm.
