An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to

the collection of information unless it displays a currently valid OMB control number.

Animal and Plant Health Inspection Service

Title: Customer/Stakeholder Satisfaction Surveys

OMB Control Number: 0579-0339.

Summary of Collection: Collection and dissemination of animal health data and information is mandated by 7 U.S.C. 391, the Animal Industry Act of 1884, which established the precursor of the Animal and Plant Health Inspection Service (APHIS), Veterinary Services, the Bureau of Animal Industry. The collection, analysis and dissemination of livestock and poultry health information on a national basis are consistent with the APHIS mission of protecting and improving American agriculture's productivity and competitiveness. The National Animal Health Monitoring System (NAHMS) program relies heavily on producer and industry support. The NAHMS Program is committed to improving the value of studies for producers and industry, reducing the burden of these studies on respondents, and developing timely information of value to the American public. As part of this commitment, the NAHMS is seeking approval to perform customer/stakeholder satisfaction surveys for participants of NAHMS studies, user of NAHMS information as well as recipients of the U.S. Animal Health Report. Therefore, NAHMS needs to collect this type of feedback from producer and other to enhance future studies and ensure that the informational products are meeting their needs.

Need and Use of the Information: The information collected through the surveys will be analyzed and used for internal program adjustments and to tailor future NAHMS studies and reports.

The potential benefit to the industry from these surveys is feedback to improve the program, laboratory services and informational products by gathering relevant and timely information and opinion on the content and method of program or service delivery.

Description of Respondents: Business or other for-profit.

Number of Respondents: 21,300.

Frequency of Responses: Reporting; On occasion.

Total Burden Hours: 1,610.

Ruth Brown,

Departmental Information Collection Clearance Officer.

Milk for Manufacturing Purposes and Its Production and Processing; Requirements Recommended for Adoption by State Regulatory Agencies

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice.

SUMMARY: This document amends the recommended manufacturing milk requirements (Recommended Requirements) by raising the maximum allowable somatic cell count in producer herd goat milk from 1,000,000 cells per milliliter to 1,500,000 cells per milliliter. This action was initiated at the request of the National Association of Dairy Regulatory Officials (NADRO) and was developed in cooperation with NADRO, dairy trade associations, and producer groups. This will ensure that goat milk can continue to be shipped and recognizes that goats have a need for different regulatory limits for somatic cells than cows.

DATES: *Effective Date:* July 21, 2011.

FOR FURTHER INFORMATION CONTACT: Susan Sausville, Chief, Standardization Branch, Dairy Programs, AMS, USDA, telephone (202) 720-7473 or e-mail *Susan.Sausville@ams.usda.gov*.

SUPPLEMENTARY INFORMATION: Under the authority of the Agricultural Marketing Act of 1946, as amended (7 U.S.C. 1621-1627), the United States Department of Agriculture maintains a set of model regulations relating to quality and sanitation requirements for the production and processing of manufacturing grade milk. These Recommended Requirements are developed by AMS and recommended for adoption and enforcement by the various States that regulate manufacturing grade milk. The purpose of the model requirements is to promote
