Purpose of the Board

The purpose of the Board is to review annually the programs of the National Fire Academy (Academy) and advise the Administrator of the Federal Emergency Management Agency (FEMA), through the United States Fire Administrator, regarding the operation of the Academy and any improvements therein that the Board deems appropriate. The Board makes interim advisories to the Administrator of FEMA, through the United States Fire Administrator, whenever there is an indicated urgency to do so in fulfilling its duties. In carrying out its responsibilities, the Board examines Academy programs to determine whether these programs further the basic missions which are approved by the Administrator of FEMA, examines the physical plant of the Academy to determine the adequacy of the Academy's facilities, and examines the funding levels for Academy programs. The Board submits an annual report through the United States Fire Administrator to the Administrator of FEMA, in writing. The report provides detailed comments and recommendations regarding the operation of the Academy.

Agenda

The Board will review Academy program activities, including procedural changes for off-campus deliveries, the FEMA Flood Surge Training Report, introduce the *Residential Sprinkler Plan Review* course curriculum to State Fire

Training partners, unfunded course development requests, introduce a new mechanism for receiving current training deficiencies as a means to guide future course development, discuss State training grants and implications of budget funding received late in the fiscal year, and discuss options for classroom technical coordination with other campus offices. The Board will discuss the status of deferred maintenance and capital improvements on the National Emergency Training Center (NETC) campus, the FY 2011 Budget Request/FY 2012 Budget Planning, new Geo-Thermal challenges, and emergency preparedness of students on campus. The Board will review and consider reports from the Applicant Outreach Subcommittee, Emergency Medical Services Subcommittee, Fire and Emergency Services Higher Education (FESHE)/Professional Development Subcommittee, and Training Resources and Data Exchange (TRADE) Review Subcommittee. After discussion of these topics, there will be a public comment period. After deliberation, the Board will recommend action to the Superintendent of the National Fire Academy and the Administrator of FEMA.

Dated: June 17, 2011.

Deputy Superintendent, National Fire Academy, United States Fire Administration, Federal Emergency Management Agency.
