

Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that Order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (*e.g.*, specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies. This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.ID, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (34)(g), of the Instruction, from further environmental documentation because this rule is not expected to result in any significant adverse environmental impact as described in the National Environmental Policy Act of 1969 (NEPA).

This rule involves an emergency situation and will be in effect for over

one week. An environmental analysis checklist and a categorical exclusion determination will be provided and made available at the docket as indicated in the **ADDRESSES** section.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1226, 1231; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05–1(g), 6.04–1, 6.04–6, and 160.5; Pub. L. 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

■ 2. A new temporary § 165.T11–0511 is added to read as follows:

§ 165.T11–0511 Safety Zone; Big Sioux River from the Military Road Bridge North Sioux City to the confluence of the Missouri River, SD

(a) *Location.* The following area is a safety zone: All waters of the Big Sioux River from the Military Road Bridge, North Sioux City, SD at 42.52 degrees North, 096.48 West longitude to the confluence of the Missouri River at 42.49 degrees North, 096.45 degrees West longitude and extending the entire width of the river.

(b) *Effective date.* June 7, 2011 through August 30, 2011, unless terminated earlier.

(c) *Periods of Enforcement.* This rule will be enforced during dangerous flooding conditions occurring between 12:01 a.m. CDT June 7, 2011 and 11:59 p.m. CDT August 30, 2011. The Captain of the Port Sector Upper Mississippi River will inform the public through broadcast notice to mariners and/or marine safety information bulletins when enforcement is implemented and of any changes to the safety zone. Vessels within the safety zone will be allowed to safely exit the area upon enforcement of this safety zone.

(d) *Regulations.* (1) In accordance with the general regulations in 33 CFR part 165, subpart C, operation in this zone is restricted unless authorized by the Captain of the Port Sector Upper Mississippi River or a designated representative.

(2) Vessels requiring entry into or passage through the Safety Zone must request permission from the Captain of the Port Sector Upper Mississippi River,

or a designated representative. They may be contacted on VHF Channel 13 or 16, or by telephone at 314–269–2332.

(3) All persons and vessels shall comply with the instructions of the Captain of the Port Sector Upper Mississippi River or their designated representative. Designated Captain of the Port representatives includes United States Coast Guard commissioned, warrant, and petty officers of the U.S. Coast Guard.

Dated: June 6, 2011.

S.L. Hudson,

Captain, U.S. Coast Guard, Captain of the Port Sector Upper Mississippi River.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket No. USCG–2011–0350]

RIN 1625–AA00

Safety Zones; July 4th Weekend Fireworks Displays Within the Captain of the Port St. Petersburg Zone, FL

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing temporary safety zones during the Fourth of July weekend fireworks events on the navigable waterways of Anna Maria, Fort Myers Beach, Longboat Key, Madeira Beach, Naples, Palmetto, Sarasota, St. Petersburg, and Palm Harbor, Florida. These safety zones are necessary to protect the public from the hazards associated with launching fireworks over the navigable waters of the United States. Persons and vessels are prohibited from entering, transiting through, anchoring in, or remaining within any of the safety zones unless authorized by the Captain of the Port St. Petersburg or a designated representative.

DATES: This rule is effective from 8:30 p.m. on July 2, 2011 until 10:30 p.m. on July 4, 2011.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG–2011–0350 and are available online by going to <http://www.regulations.gov>, inserting USCG–2011–0350 in the “Keyword” box, and then clicking “Search.” They are also available for inspection or copying at the Docket Management

Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary final rule, call or e-mail Marine Science Technician First Class Jo A. Hoover, Sector St. Petersburg Prevention Department, Coast Guard; telephone 813-228-2191, e-mail Jo.A.Hoover@uscg.mil. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION:

Regulatory Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because the Coast Guard did not receive necessary information regarding the fireworks displays until April 27, 2011. As a result, the Coast Guard did not have sufficient time to publish an NPRM and to receive public comments prior to the fireworks display. Any delay in the effective date of this rule would be contrary to the public interest because immediate action is needed to minimize potential danger to the public during the fireworks displays.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Any delay in the effective date of this rule would expose the public to the dangers posed by the pyrotechnics used in the fireworks display.

Basis and Purpose

The legal basis for the rule is the Coast Guard's authority to establish regulated navigation areas and other limited access areas: 33 U.S.C. 1226, 1231; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05-1, 6.04-1, 6.04-6, and 160.5; Pub. L. 107-295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

The purpose of the rule is to protect the public from the hazards associated with the launching of fireworks over navigable waters of the United States.

Discussion of Rule

Multiple fireworks displays are planned for the Fourth of July weekend celebration throughout the Captain of the Port St. Petersburg Zone. The fireworks will be launched from land, piers, or barges. Whether launched from land, pier, or barge, such fireworks will explode over navigable waters of the United States.

The Coast Guard is establishing ten temporary safety zones for Fourth of July weekend fireworks displays within the navigable waters of the Captain of the Port St. Petersburg Zone. The safety zones are listed below.

1. *Longboat Key, Florida*. All waters within a 100 yard radius around the barge from which the fireworks will be launched, located just offshore of Mar Vista Restaurant in Longboat Key at position 27°26'13" N, 82°40'45" W. This safety zone will be enforced from 8:45 p.m. until 10 p.m. on July 2, 2011.

2. *Anna Maria, Florida*. All waters within a 120 yard radius around the area from which the fireworks will be launched, located on the Gulf of Mexico just offshore of Sand Bar Restaurant in Anna Maria at position 27°31'35" N, 82°44'17" W. This safety zone will be enforced from 8:30 p.m. until 10 p.m. on July 4, 2011.

3. *Cape Coral, Florida*. All waters within a 240 yard radius around the land based location from which the fireworks will be launched, located on the Caloosahatchee River to the east side of the Cape Coral Bridge at position 26°33'46" N, 81°55'59" W. This safety zone will be enforced from 8:30 p.m. until 9:50 p.m. on July 4, 2011.

4. *Naples, Florida*. All waters within a 200 yard radius around the pier from which the fireworks will be launched, located on the Gulf of Mexico from the Naples Pier at position 27°07'53" N, 81°48'32" W. This safety zone will be enforced from 8:30 p.m. until 10 p.m. on July 4, 2011.

5. *Palmetto, Florida*. All waters within a 150 yard radius around the area from which the fireworks will be launched, located on the Manatee River just off the Green Bridge from the Green Bridge Fishing Pier at position 27°30'15" N, 82°34'19" W. This safety zone will be enforced from 8:30 p.m. until 10:30 p.m. on July 4, 2011.

6. *Sarasota, Florida*. All waters within a 125 yard radius around the area from which the fireworks will be launched, from a land based location on Sarasota Bay at Marina Jacks at position

27°19'55" N, 82°32'48" W. This safety zone will be enforced from 8:30 p.m. until 10 p.m. on July 4, 2011.

7. *St. Petersburg, Florida*. All waters within a 200 yard radius around the area from which the fireworks will be launched, from a land based location on Tampa Bay at Spa Beach at position 27°46'31" N, 82°37'38" W. This safety zone will be enforced from 8:30 p.m. until 10 p.m. on July 4, 2011.

8. *Fort Myers Beach, Florida*. All waters within a 240 yard radius around the pier from which the fireworks will be launched, located on the Gulf of Mexico from the Fort Myers Beach Public Pier at position 26°27'6" N, 81°57'26" W. This safety zone will be enforced from 8:45 p.m. until 10:15 p.m. on July 4, 2011.

9. *Madeira Beach, Florida*. All waters within a 95 yard radius around the area from which the fireworks will be launched, from a land based location on Boca Ciega Bay in the vicinity of the Madeira Beach Recreation Center at position 27°48'25" N, 82°47'58" W. This safety zone will be enforced from 8:45 p.m. until 10 p.m. on July 4, 2011.

10. *Palm Harbor, Florida*. All waters within a 95 yard radius around the barge from which fireworks will be launched, located just offshore of the entrance to the Ozona Neighborhood entrance in Palm Harbor at approximate position 28°03'44" N, 82°47'07" W. This zone will be enforced from 8:45 p.m. until 11 p.m. on July 3, 2011.

Persons and vessels are prohibited from entering, transiting through, anchoring in, or remaining within any of the safety zones unless authorized by the Captain of the Port St. Petersburg or a designated representative. Persons and vessels desiring to enter, transit through, anchor in, or remain within any of the safety zones may contact the Captain of the Port St. Petersburg via telephone at 727-824-7524, or a designated representative via VHF radio on channel 16, to seek authorization. The Coast Guard will provide notice of the safety zones by Local Notice to Mariners, Broadcast Notice to Mariners, and on-scene designated representatives.

Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

Executive Order 12866 and Executive Order 13563

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory

Planning and Review, as supplemented by Executive Order 13563, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

The economic impact of this rule is not significant for the following reasons: (1) Each safety zone will be enforced for a maximum of two hours and 15 minutes; (2) vessel traffic in the areas are expected to be minimal during the enforcement period; (3) although persons and vessels will not be able to enter, transit through, anchor in, or remain within any of the safety zones without authorization from the Captain of the Port St. Petersburg or a designated representative, they may operate in the surrounding area during the enforcement period; (4) persons and vessels may still enter, transit through, anchor in, or remain within the safety zones if authorized by the Captain of the Port St. Petersburg or a designated representative; and (5) the Coast Guard will provide advance notification of the safety zones to the local maritime community by Local Notice to Mariners and Broadcast Notice to Mariners.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule may affect the following entities, some of which may be small entities: the owners or operators of vessels intending to enter, transit through, anchor in, or remain within any of the safety zones described in this regulation during the respective enforcement period. For the reasons discussed in the Executive Order 12866 and Executive Order 13563 section above, this rule will not have a significant economic impact on a substantial number of small entities.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we offer to assist small entities in understanding the rule so that they can

better evaluate its effects on them and participate in the rulemaking process.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Department of Homeland Security

Management Directive 023-01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have concluded this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded, under figure 2-1, paragraph (34)(g), of the Instruction. This rule involves the establishment of nine temporary safety zones to protect the public on navigable waters of the United States. An environmental analysis checklist and a categorical exclusion determination are available in the docket where indicated under

ADDRESSES.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR Part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1226, 1231; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05-1, 6.04-1, 6.04-6, 160.5; Pub. L. 107-295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add a temporary § 165.T07-0350 to read as follows:

§ 165.T07-0350 Safety Zones; July 4th Weekend Fireworks Displays Within the Captain of the Port St. Petersburg Zone, FL.

(a) *Regulated Areas.* The following navigation areas are safety zones, with the specific enforcement period for each safety zone. All coordinates are North American Datum 1983.

(1) *Longboat Key, FL.* All waters within a 100 yard radius around the barge from which the fireworks will be launched, located at approximate position 27°26'13" N, 82°40'45" W. This regulated area will be enforced from 8:45 p.m. until 10 p.m. on July 2, 2011.

(2) *Anna Maria, FL.* All waters within a 120 yard radius around the area from which the fireworks will be launched, located at approximate position 27°31'35" N, 82°44'17" W. This regulated area will be enforced from 8:30 p.m. until 10 p.m. on July 4, 2011.

(3) *Cape Coral, FL.* All waters within a 240 yard radius around the land based location from which the fireworks will

be launched, located at approximate position 26°33'46" N, 81°55'59" W. This regulated area will be enforced from 8:30 p.m. until 9:50 p.m. on July 4, 2011.

(4) *Naples, FL.* All waters within a 200 yard radius around the pier from which the fireworks will be launched, located at approximate position 26°07'53" N, 81°48'32" W. This regulated area will be enforced from 8:30 p.m. until 10 p.m. on July 4, 2011.

(5) *Palmetto, FL.* All waters within a 150 yard radius around the area from which the fireworks will be launched, located at approximate position 27°30'15" N, 82°34'19" W. This regulated area will be enforced from 8:30 p.m. until 10:30 p.m. on July 4, 2011.

(6) *Sarasota, FL.* All waters within a 125 yard radius around the area from which the fireworks will be launched, located at approximate position 27°19'55" N, 82°32'48" W. This regulated area will be enforced from 8:30 p.m. until 10 p.m. on July 4, 2011.

(7) *St. Petersburg, FL.* All waters within a 200 yard radius around the area from which the fireworks will be launched, located at approximate position 27°46'31" N, 82°37'38" W. This regulated area will be enforced from 8:30 p.m. until 10 p.m. on July 4, 2011.

(8) *Fort Myers Beach, FL.* All waters within a 240 yard radius around the area from which the fireworks will be launched, located at approximate position 26°27'06" N, 81°57'26" W. This regulated area will be enforced from 8:45 p.m. until 10:15 p.m. on July 4, 2011.

(9) *Madeira Beach, FL.* All waters within a 95 yard radius around the area from which the fireworks will be launched, located at approximate position 27°48'25" N, 82°47'58" W. This regulated area will be enforced from 8:45 p.m. until 10 p.m. on July 4, 2011.

(10) *Palm Harbor, Florida.* All waters within a 95 yard radius around the barge from which fireworks will be launched, located at approximate position 28°03'44" N, 82°47'07" W. This regulated area will be enforced from 8:45 p.m. until 11 p.m. on July 3, 2011.

(b) *Definition.* The term "designated representative" means Coast Guard Patrol Commanders, including Coast Guard coxswains, petty officers, and other officers operating Coast Guard vessels, and Federal, state, and local officers designated by or assisting the Captain of the Port St. Petersburg in the enforcement of the regulated areas.

(c) *Regulations.* (1) All persons and vessels are prohibited from entering, transiting through, anchoring in, or remaining within the regulated areas

unless authorized by the Captain of the Port St. Petersburg or a designated representative.

(2) Persons and vessels desiring to enter, transit through, anchor in, or remain within the regulated areas may contact the Captain of the Port St. Petersburg by telephone at 727-824-7524, or a designated representative via VHF radio on channel 16, to seek authorization. If authorization to enter, transit through, anchor in, or remain within the regulated areas is granted by the Captain of the Port St. Petersburg or a designated representative, all persons and vessels receiving such authorization must comply with the instructions of the Captain of the Port St. Petersburg or a designated representative.

(3) The Coast Guard will provide notice of the regulated areas by Local Notice to Mariners, Broadcast Notice to Mariners, and on-scene designated representatives.

(d) *Effective dates.* This rule is effective from 8:30 p.m. on July 2, 2011 until 10:30 p.m. on July 4, 2011.

Dated: June 8, 2011.

S.L. Dickinson,

Captain, U.S. Coast Guard, Captain of the Port.

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket No. USCG-2011-0230]

RIN 1625-AA00

Safety Zone, Newport River; Morehead City, NC

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a safety zone on the waters of the Newport River under the main span US 70/Morehead City-Newport River high rise bridge in Carteret County, NC. This safety zone is necessary to provide for safety of life on navigable waters during the establishment of staging for bridge maintenance. This rule will enhance the safety of the contractors performing maintenance as well as the safety of vessels that plan to transit this area.

DATES: This rule is effective from 10 a.m. to 4 p.m. on August 20, 2011.

ADDRESSES: Comments and material received from the public, as well as documents mentioned in this preamble
