

EXHIBIT 2—ESTIMATED ANNUALIZED COST BURDEN

Form name	Number of respondents	Total burden hours	Average hourly wage rate*	Total cost burden
Prescreener Questionnaire	31,552	2,840	28.65	\$81,366
Establishment Questionnaire	25,839	9,819	28.65	281,314
Plan Questionnaire	23,230	8,781	28.65	251,576
Total	80,621	21,440	na	\$614,256

* Based upon the mean hourly wage for Compensation, Benefits, and Job Analysis Specialists occupation code 13–1141, at http://www.bls.gov/oes/current/oes_nat.htm#13-0000 (U.S. Department of Labor, Bureau of Labor Statistics.)

Estimated Annual Costs to the Federal Government

The total cost over the 2 years of this clearance is \$22,954,000.

Exhibit 3 shows the estimated annualized cost of this data collection.

EXHIBIT 3—ESTIMATED TOTAL AND ANNUALIZED COST
[\$ thousands]

Cost component	Total cost	Annualized cost
Project Development	\$3,338	\$1,669
Data Collection Activities	7,789	3,895
Data Processing and Analysis	7,789	3,895
Project Management	2,925	1,463
Overhead	1,113	557
Total	\$22,954	\$11,477

NOTE: Components may not sum to Total due to rounding.

Request for Comments

In accordance with the Paperwork Reduction Act, comments on AHRQ's information collection are requested with regard to any of the following: (a) Whether the proposed collection of information is necessary for the proper performance of AHRQ healthcare research and healthcare information dissemination functions, including whether the information will have practical utility; (b) the accuracy of AHRQ's estimate of burden (including hours and costs) of the proposed collection(s) of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information upon the respondents, including the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be summarized and included in the Agency's subsequent request for OMB approval of the proposed information collection. All comments will become a matter of public record.

Dated: June 17, 2011.

Carolyn M. Clancy,
Director.

BILLING CODE 4160–90–M

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Centers for Disease Control and Prevention**

[Docket Number CDC–2011–0008]

Assessing the Current Research, Policy, and Practice Environment in Public Health Genomics

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice; establishment of docket; request for comments, data and information.

SUMMARY: The Centers for Disease Control and Prevention (CDC), located within the Department of Health and Human Services (HHS) is announcing the opening of a docket to solicit comments, data, and other information helpful to assess the current research, policy, and practice environment in public health genomics. HHS/CDC is currently leading a process to assess the most important steps for public health genomics in the next five years.

DATES: Electronic or written comments must be received on or before August 1, 2011.

ADDRESSES: You may submit written comments to the following address:

Office of Public Health Genomics, Centers for Disease Control and Prevention, 1600 Clifton Road, NE., MS–E61, Atlanta, Georgia 30333, *Attn:* Docket No. CDC–2011–0008.

You may also submit comments electronically to <http://www.regulations.gov>, Docket No. CDC–2011–0008. Please follow directions at <http://www.regulations.gov> to submit comments. All relevant comments received will be posted publicly without change, including any personal or proprietary information provided.

FOR FURTHER INFORMATION CONTACT: Katherine Kolor, PhD, Office of Public Health Genomics, Centers for Disease Control and Prevention, 1600 Clifton Road, NE., MS–E61, Atlanta, GA 30333, e-mail genetics@cdc.gov, phone 404–498–0001.

SUPPLEMENTARY INFORMATION:**I. Background**

Since 1997, the Office of Public Health Genomics (OPHG) of the Centers for Disease Control and Prevention (CDC) has worked to integrate genomics into public health research, policy, and programs, which could improve interventions designed to prevent and control the country's leading chronic, infectious, environmental, and occupational diseases. OPHG's efforts focus on conducting population-based

genomic research, assessing the role of family health history in disease risk and prevention, supporting a systematic process for evaluating genetic tests, translating genomics into public health research and programs, and strengthening capacity for public health genomics in disease prevention programs. OPHG engages many partners to identify opportunities and challenges for using genomics to impact population health, by addressing important public health issues and improving the effectiveness and efficiency of public health programs.

II. Request for Comments, Data, and Other Information

To help inform the assessment process and strategically plan for the next five years, HHS/CDC is requesting public input to the following questions on public health genomics: (1) What are the most important activities that should be carried out by the public health system in 2012–2017 to apply genomic knowledge to public health goals? (2) What outcomes specific to public health might be achieved as the result of carrying out these activities? (3) What policies are needed in order to achieve these outcomes? (4) What institutions, organizations and agencies need to participate in achieving these outcomes and what roles should they play? (5) What barriers are anticipated in achieving these outcomes and how might they best be overcome?

III. Submission of Comments

Interested persons may submit comments, data, and information (see **ADDRESSES**) either electronically or written regarding this request. Submitted comments will be available for public review from Monday through Friday, except for legal holidays, from 9 a.m. until 5 p.m. Eastern Standard Time, at 1600 Clifton Road NE., Atlanta,

Georgia 30333. Please call ahead to 404–498–0001 and ask for a representative in the Office of Public Health Genomics to schedule your visit.

Dated: June 21, 2011.

Tanja Popovic,

Deputy Associate Director for Science, Centers for Disease Control and Prevention.

BILLING CODE 4163–18–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Evaluation of Tribal Health Profession Opportunity Grants (HPOG).
OMB No.: New collection.

Description: The Administration for Children and Families (ACF) is proposing information collection activities as part of the Evaluation of the Tribal Health Profession Opportunity Grants (HPOG) (HHS–2010–ACF–OFA–FY–0124). Through this information collection, ACF seeks to conduct a comprehensive process and outcome evaluation to provide documentation and lessons learned about diverse programmatic approaches to health professions trainings for Tribal populations.

The goals of the Tribal HPOG evaluation are to: (1) Provide an in-depth, systematic analysis of program structure, implementation and outcomes of the sites served by the five Tribal HPOG grantees funded in FY 2010, and (2) compare these data within and across grantees to generate hypotheses about the effectiveness of different program approaches for Tribal populations.

Both of these goals require collecting information from Tribal HPOG grantees and other program stakeholders on an annual basis for three years. The information collection will include data gathered through in-person and telephone interviews and focus groups. Program operations data related to this effort will be collected through a Web based performance reporting system under a separate information collection (the **Federal Register** Notice for this information collection was published in Vol. 76, No. 18, January 27, 2011, page 4912).

Respondents: Respondents to the Grantee and Partner Administrative Staff interview will be the administrators of the Tribal HPOG program, workforce development and TANF agencies, public and private university-based partners, and not-for profit organizations. Respondents to the Program Implementation Staff interview will be instructors, trainers, and providers of program or supportive services. Respondents to the Employers interview will be local or regional employers at public or private companies or organizations that are partnering with the Tribal HPOG program or have employed program participants. Respondents to the Program Participant focus groups or interviews will be current program participants. Interviews will be conducted in lieu of focus groups with program participants at secondary implementation sites (additional locations where the Tribal HPOG program are being implemented) in the middle data collection year. Respondents to the Program Completers interview will be program completers.

Respondents to the Program Non-completers interview will be individuals who did not complete the programs.

ANNUAL BURDEN ESTIMATES

Instrument	Annual number of respondents	Number of responses per respondent	Average burden hours per response	Total annual burden hours
Grantee and Partner Administrative Staff interview	35	1	1	35
Program Implementation Staff interview	117	1	1.5	176
Employers interview	52	1	0.75	39
Program Participant focus groups or interviews	117	1	1.35	158
Program Completers interview	67	1	1	67
Program Noncompleters interview	20	1	0.5	10

Estimated Total Annual Burden Hours: 485.

Additional Information: Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of

Planning, Research and Evaluation, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: OPRE Reports Clearance Officer. All requests should be identified by the title of the

information collection. *E-mail address:* OPREinfocollection@acf.hhs.gov.

OMB Comment: OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this
