Notice of Segregation of Public Lands in the States of Arizona, California, Colorado, Nevada, New Mexico, and Utah

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The Bureau of Land Management (BLM) is segregating public lands located in six States from appropriation under the public land and mining laws, but not the mineral leasing or material sales acts, for a period of 2 years for the purpose of protecting potential sites for future solar energy development.

DATES: *Effective Date:* This segregation is effective on June 30, 2011.

FOR FURTHER INFORMATION CONTACT:

Linda Resseguie, Realty Specialist; *Telephone:* 202-912-7337; *Address:* 1849 C Street, NW., Room 2134LM, Washington, DC 20240; or *e-mail:* *linda_resseguie@blm.gov*. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The BLM has requested the Secretary of the Interior to withdraw, subject to valid existing rights, approximately 677,384 acres of public lands located in the States of Arizona, California, Colorado, Nevada, New Mexico, and Utah from settlement, sale, location, or entry under the public land laws, including the mining laws, but not the mineral leasing, geothermal leasing, and the mineral material laws for a period of 5 years. On June 30, 2009, a Notice of Proposed Withdrawal and Opportunity for Public Meeting was published in the **Federal Register** (74 FR 31308), which closed the lands from surface entry and mining for a 2-year period. This closure period will expire on June 29, 2011. In order to prevent opening of the lands on this date, the BLM is segregating the lands under the authority contained in 43 CFR 2091.3-1(e) and 43 CFR 2804.25(e) for a period of 2 years, subject to valid existing rights. This 2-year segregation period will commence on June 30, 2011. The public lands involved in this notice will be segregated from appropriation under the public land and mining laws, but not the mineral leasing or material sale laws. It has been determined that this segregation is necessary for the orderly administration of the public lands that have been identified by the BLM as having the potential for solar energy generation.

The segregation period will terminate and the lands will automatically reopen to appropriation under the public land laws, including the mining laws, 2 years

from the effective date of publication in the **Federal Register** unless, prior to the end of the 2-year period, the BLM publishes a **Federal Register** notice terminating the segregation.

The lands to be segregated are identified in the proposed withdrawal notice that was published in the **Federal Register** on April 21, 2011 (76 FR 22414).

Assistant Director, Minerals and Realty Management.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-694]

In the Matter of Certain Multimedia Display and Navigation Devices and Systems, Components Thereof, and Products Containing Same; Notice of Commission Determination That No Violation of Section 337 Exists; Termination of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to affirm, on modified grounds, the final initial determination (“ID”) issued by the presiding administrative law judge (“ALJ”) on December 16, 2010, finding no violation of section 337 in the above-captioned investigation.

FOR FURTHER INFORMATION CONTACT: Daniel E. Valencia, Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-1999. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission’s electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted the instant investigation on December 16, 2009, based on a complaint filed by Pioneer Corporation of Tokyo, Japan and Pioneer Electronics (USA) Inc. of Long Beach, California (collectively, “Pioneer”). 74 FR 66676 (Dec. 16, 2009). The complaint alleged violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain multimedia display and navigation devices and systems, components thereof, and products containing same by reason of infringement of various claims of United States Patent Nos. 5,365,448 (“the ‘448 patent”), 5,424,951 (“the ‘951 patent”), and 6,122,592 (“the ‘592 patent”). The complaint named Garmin International, Inc. of Olathe, Kansas, Garmin Corporation of Taiwan (collectively, “Garmin”) and Honeywell International Inc. of Morristown, New Jersey (“Honeywell”) as the proposed respondents. Honeywell was subsequently terminated from the investigation.

On December 16, 2010, the ALJ issued a final ID. In his final ID, the ALJ found no violation of section 337 by Garmin. Specifically, the ALJ found that the accused products do not infringe claims 1 and 2 of the ‘448 patent, claims 1 and 2 of the ‘951 patent, or claims 1 and 2 of the ‘592 patent. The ALJ found that the ‘592 patent was not proven to be invalid and that Pioneer has established a domestic industry under 19 U.S.C. 1337(a)(3)(C). On February 23, 2011, the Commission determined to review the final ID in part. On April 18, 2011, the Commission determined to extend the target date and requested supplemental briefing.

Having examined the record of this investigation, including the ALJ’s final ID and the submissions of the parties, the Commission has determined to affirm, on modified grounds, the ALJ’s finding that Garmin has not violated section 337. In particular, the Commission has determined to reverse the ALJ’s finding that Garmin’s products do not infringe the asserted claims of the ‘951 patent, affirm his finding that Garmin’s products do not infringe the asserted claims of the ‘592 patent, reverse his finding that the asserted claims of the ‘592 patent are not invalid under the written description requirement of 35 U.S.C. 112, first paragraph, and reverse his finding that Pioneer has established a licensing-based domestic industry for the ‘951 and ‘592 patents. The ‘448 patent is no

longer asserted. The investigation is terminated.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in sections 210.42–50 of the Commission’s Rules of Practice and Procedure (19 CFR 210.42–50).

Issued: June 24, 2011.

By order of the Commission.

James R. Holbein,

Secretary to the Commission.
