

3. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR Part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of each quarter you must submit to the Secretary a report on your progress in meeting each project goal, objective, and outcome.

(c) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

4. *Performance Measures:* Under the Government Performance and Results Act of 1993, Federal departments and agencies must clearly describe the project objectives of programs, identify resources and actions needed to accomplish the project objectives, develop a means of measuring progress made, and regularly report on achievement. To assist the Department in determining the overall effectiveness of projects funded under this competition, grantees must be prepared to measure and report on the following measures of effectiveness:

(a) The number of eligible agencies and adult education and related organizations to which the LINCS RPDC disseminates information regarding the materials and the AEPD in the LINCS Resource Collection.

(b) The number of adult educators participating in AEPD offered by the RPDC.

(c) The number of hours of AEPD offered by the RPDC that are completed by adult educators.

(d) The percentage of adult educators participating in the RPDC's AEPD who implemented evidence-based practices in their instruction as a result of their completion of the AEPD.

5. *Continuation Awards:* In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made "substantial progress toward meeting the objectives in its approved application." This consideration includes the review of a grantee's

progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

[Docket No. CP11-67-001]

#### Texas Eastern Transmission, LP; Notice of Amendment

Specifically, Texas Eastern's original application is amended to reduce the Holbrook East New Loop by approximately 1.47 miles. Texas Eastern proposes no additional facilities changes with this amendment. Texas Eastern estimates its amended TEAM 2012 project to cost \$196,998,000, all as more fully set forth in the application. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Any questions regarding this Application should be directed to Berk Donaldson, Director, Rates and Certificates, Texas Eastern

Transmission, LP, P.O. Box 1642, Houston, Texas 77251-1642, by phone: (713) 627-4488 or by fax: (713) 627-5947.

Pursuant to section 157.9 of the Commission's rules, a Notice of Schedule for the Environmental Review of the TEAM 2012 Project was issued on May 5, 2011. Based on Texas Eastern's filing of an amendment to its application, the Commission staff is no longer able to issue its environmental assessment (EA) on July 14, 2011 as identified in the May 5, 2011 Notice of Schedule. The Commission staff will issue a Revised Notice of Schedule for Environmental Review within 90 days of this Notice. The Revised Notice of Schedule will identify the anticipated issuance date of the Commission staff's EA and will serve to notify agencies issuing Federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a Federal authorization within 90 days of the issuance of the EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to
