Manufacturer of Controlled Substances; Notice of Registration

By Notice dated February 15, 2011, and published in the **Federal Register** on February 23, 2011, 76 FR 10068, Johnson Matthey Pharmaceutical Materials Inc., Pharmaceutical Service, 25 Patton Road, Devens, Massachusetts 01434, made application by renewal to the Drug Enforcement Administration (DEA) to be registered as a bulk manufacturer of the following basic classes of controlled substances:

Drug	Schedule
Amphetamine (1100)	II
Methylphenidate (1724)	II
Nabilone (7379)	II
Alfentanil (9737)	II
Sufentanil (9740)	II
Hydrocodone (9193)	II

The company plans to utilize this facility to manufacture small quantities of the listed controlled substances in bulk and to conduct analytical testing in support of the company's primary manufacturing facility in West Deptford, New Jersey. The controlled substances manufactured in bulk at this facility will be distributed to the company's customers.

No comments or objections have been received. DEA has considered the factors in 21 U.S.C. 823(a) and determined that the registration of Johnson Matthey Inc. to manufacture the listed basic classes of controlled substances is consistent with the public interest at this time. DEA has investigated Johnson Matthey Inc. to ensure that the company's registration is consistent with the public interest. The investigation has included inspection

and testing of the company's physical security systems, verification of the company's compliance with state and local laws, and a review of the company's background and history. Therefore, pursuant to 21 U.S.C. 823(a), and in accordance with 21 CFR 1301.33, the above named company is granted registration as a bulk manufacturer of the basic classes of controlled substances listed.

Dated: June 23, 2011.

Joseph T. Rannazzisi,
Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration.

BILLING CODE 4410-01-M

DEPARTMENT OF LABOR

Comment Request for Information Collection for the Trade Adjustment Assistance Community College and Career Training (TAACCCT) Grant Program, New Collection

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation

program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment and Training Administration is soliciting comments concerning the collection of data about the Trade Adjustment Assistance Community College and Career Training (TAACCT) grant program.

A copy of the proposed information collection request (ICR) can be obtained by contacting the office listed below in the addressee section of this notice.

DATES: Written comments must be submitted to the office listed in the addressee's section below on or before September 6, 2011.

ADDRESSES: Submit written comments to Brad Wiggins, Room N-4643, Employment and Training Administration, 200 Constitution Avenue, NW., Washington, DC 20210. Telephone number: 202-693-3949 (this is not a toll-free number). Fax: 202-693-3890. E-mail: taacct@dol.gov.

SUPPLEMENTARY INFORMATION:

I. *Background:* Grantees that are awarded Trade Adjustment Assistance Community College and Career Training (TAACCT) grants will be required to submit standardized quarterly progress reports and annual performance reports summarizing participant characteristics, progress and implementation measures, and performance outcomes. Progress and implementation measures will be provided in narrative form on a quarterly basis using conclusions drawn from both self-assessments and data to ensure programs are on track toward meeting performance goals and continuously improve grant-funded programs. Outcome measures will be provided annually for both program participants and a comparison cohort for the following measures: Entered employment rate, employment retention rate, average earnings, attainment of credits toward degree(s), attainment of industry-recognized certificates (less than one year), attainment of industry-recognized certificates (more than one year), and graduation number and rate for degree programs.

The collection of this data helps ETA report the impact of these funds and

provides ETA with more comprehensive information on the status of individual grants and individuals that receive services and find employment through these grants. The accuracy, reliability, and comparability of program reports submitted by grantees using federal funds are fundamental elements of good public administration and are necessary tools for maintaining and demonstrating system integrity. The use of a standard set of data elements, definitions, and specifications at all levels of the workforce system, including the TAACCT grants, helps improve the quality of performance information that is received by ETA. This data also helps ETA provide more targeted technical assistance to support improvement of grantee outcomes. ETA will provide TAACCT grantees with a reporting system which will support the submission of quarterly progress and annual performance reports to ETA, which include both quarterly narrative reports (ETA-9159 Form) and an annual performance report (ETA-9160 Form).

II. *Review Focus:* The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. *Current Actions:*

Type of Review: New collection.

Title: Trade Adjustment Assistance Community College and Career Training Grants: Quarterly Progress and Annual Performance Reporting Forms & Instructions.

Tensolite, LLC D/B/A Carlisle Interconnect Assemblies Including On-Site Leased Workers From Volt Services Group and Adecco, Vancouver, WA; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974, as amended ("Act"), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on July 14, 2009, applicable to workers of Tensolite, LLC, d/b/a Carlisle Interconnect Assemblies, including on-site leased workers from Volt Services Group, Vancouver, Washington. The workers produce radio frequency products and interconnect assemblies. The notice was published in the **Federal Register** on September 2, 2009 (74 FR 45476).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The company reports that workers leased from Adecco were employed on-site at the Vancouver, Washington location of Tensolite, LLC, d/b/a Carlisle Interconnect Assemblies. The Department has determined that these workers were sufficiently under the control of Tensolite, LLC, d/b/a Carlisle Interconnect Assemblies to be considered leased workers.

Based on these findings, the Department is amending this certification to include workers leased from Adecco working on-site at the Vancouver, Washington location of Tensolite, LLC d/b/a Carlisle Interconnect Assemblies.

The amended notice applicable to TA-W-70,056 is hereby issued as follows:
