II. Background

To help us carry out our conservation responsibilities for affected species, the Endangered Species Act of 1973, section 10(a)(1)(A), as amended (16 U.S.C. 1531 *et seq.*), require that we invite public comment before final action on these permit applications.

III. Permit Applications

A. Endangered Species

Applicant: Feld Entertainment Inc., Vienna, VA; PRT-37444A (Corrected Application)

On June 23, 2011, we published a **Federal Register** notice inviting the public to comment on several applications for permits to conduct certain activities with endangered species (76 FR 36934). We made an error by omitting one animal in the Feld Entertainment, Inc. application, which starts at the bottom of column 3 on page 36934. The omitted animal is a captive-born tiger (*Panthera tigris*). All the other information we printed was correct. With this notice, we correct that error and reopen the comment period for PRT-37444A. The corrected entry for this application is as follows: The applicant request a permits to import, for the purpose of enhancement of the species through conservation education, one African leopard (*Panthera pardus*), one Siberian tiger (*Panthera tigris altaica*), and seven tigers (*Panthera tigris*). The captive-born animals are being imported from Schweiberdingen, Germany, in cooperation with Alexander Lacey.

Multiple Applicants (New Applications)

The following applicants each request a permit to import the sport-hunted trophy of one male bontebok (*Damaliscus pygargus pygargus*) culled from a captive herd maintained under the management program of the Republic of South Africa, for the purpose of enhancement of the survival of the species.

Applicant: Alan Maki, Alpine, WY; PRT-43269A

Applicant: Jeffrey Rachor, Dallas, TX; PRT-43976A

Applicant: Lewis Metzger, Houston, TX; PRT-46316A

Applicant: David Cote, Morristown, NJ; PRT-43284A
