BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No. NRC-2011-0032]

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Nuclear Regulatory Commission (NRC).

ACTION: Notice of pending NRC action to submit an information collection request to the Office of Management and Budget (OMB) and solicitation of public comment.

SUMMARY: The NRC invites public comment about our intention to request the OMB's approval for renewal of an existing information collection that is

summarized below. We are required to publish this notice in the **Federal Register** under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

Information pertaining to the requirement to be submitted:

1. *The title of the information collection:* 10 CFR Part 9, Public Records.

2. *Current OMB approval number:* 3150-0043.

3. *How often the collection is required:* On occasion.

4. *Who is required or asked to report:* Individuals requesting access to records under the Freedom of Information (FOIA) or Privacy Acts (PA), through the Public Document Room (PDR), and submitters of information containing trade secrets or confidential commercial or financial information who have been notified that the NRC has made an initial determination that the information should be disclosed.

5. *The number of annual respondents:* 3,870.

6. *The number of hours needed annually to complete the requirement or request:* 1,042.5.

7. *Abstract:* Title 10 of the *Code of Federal Regulations (CFR)* Part 9, prescribes procedures for individuals making requests for records under the FOIA or PA, and through the PDR. It contains information collection requirements for requests to waive or reduce fees for searching for and reproducing records in response to FOIA requests; appeals of denied requests; and requests for expedited processing. The information required from the public is necessary to justify requests for waivers or reductions in searching or copying fees; or to justify expedited processing. Section 9.28(b) provides that if the submitter of information designated to be trade secrets or confidential commercial or financial information objects to the disclosure, he must provide a written statement within 30 days that specifies all grounds why the information is a trade secret or commercial or financial information that is privileged or confidential.

Submit, by September 6, 2011, comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?

2. Is the burden estimate accurate?

3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?

4. How can the burden of the information collection be minimized,

including the use of automated collection techniques or other forms of information technology?

The public may examine and have copied for a fee, publicly available documents, including the draft supporting statement, at the NRC's Public Document Room, Room O-1F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852. OMB clearance requests are available at the NRC Web site: <http://www.nrc.gov/public-involve/doc-comment/omb/index.html>. The document will be available on the NRC home page site for 60 days after the signature date of this notice. Comments submitted in writing or in electronic form will be made available for public inspection. Because your comments will not be edited to remove any identifying or contact information, the NRC cautions you against including any information in your submission that you do not want to be publicly disclosed. Comments submitted should reference Docket No. NRC-2011-0032. You may submit your comments by any of the following methods: Electronic comments: Go to <http://www.regulations.gov> and search for Docket No. NRC-2011-0032. Mail comments to NRC Clearance Officer, Tremaine Donnell (T-5 F53), U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001. NUCLEAR REGULATORY COMMISSION

[Docket No. NRC-2011-0130]

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Nuclear Regulatory Commission (NRC).

ACTION: Notice of pending NRC action to submit an information collection request to the Office of Management and Budget (OMB) and solicitation of public comment.

SUMMARY: The NRC invites public comment about our intention to request the OMB's approval for renewal of an existing information collection that is summarized below. We are required to publish this notice in the **Federal Register** under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

Information pertaining to the requirement to be submitted:

1. *The title of the information collection:* 10 CFR Part 54, "Requirements for Renewal of Operating Licenses for Nuclear Power Plants."

2. *Current OMB approval number:* 3150-0155.

3. *How often the collection is required:* There is a one-time application for any licensee wishing to renew its nuclear power plant's operating license. There is a one-time requirement for each licensee with a renewed operating license to submit a commitment completion letter. All holders of renewed licenses must perform yearly record keeping.

4. *Who is required or asked to report:* Commercial nuclear power plant licensees who wish to renew their operating licenses and holders of renewed licenses.

5. *The number of annual respondents:* 7 (3 license renewal applications + 4 commitment completion letters).

6. *The number of hours needed annually to complete the requirement or request:* 305,490 hours (252,490 hours reporting plus 53,000 hours recordkeeping).

7. *Abstract:* Title 10 of the *Code of Federal Regulations* (10 CFR) part 54, establishes license renewal requirements for commercial nuclear power plants and describes the information that licensees must submit to the NRC when applying for a license renewal. The application must contain information on how the licensee will manage the detrimental effects of age-related degradation on certain plant systems, structures, and components so as to continue the plant's safe operation during the renewal term. The NRC needs this information to determine whether the licensee's actions will be effective in assuring the plants' continued safe operation.

Holders of renewed licenses must retain in an auditable and retrievable form, for the term of the renewed operating license, all information and documentation required to document compliance with 10 CFR Part 54. The NRC needs access to this information for continuing effective regulatory oversight.

Submit by September 6, 2011, comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?

2. Is the burden estimate accurate?

3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?

4. How can the burden of the information collection be minimized, including the use of automated collection techniques or other forms of information technology?

NUCLEAR REGULATORY COMMISSION

[Docket No. NRC-2011-0140]

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Nuclear Regulatory Commission (NRC).

ACTION: Notice of pending NRC action to submit an information collection request to the Office of Management and Budget (OMB) and solicitation of public comment.

SUMMARY: The NRC invites public comment about our intention to request the OMB's approval for renewal of an existing information collection that is summarized below. We are required to publish this notice in the **Federal Register** under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

Information pertaining to the requirement to be submitted:

1. *The title of the information collection:* 10 CFR Part 74—Material Control and Accounting of Special Nuclear Material.

2. *Current OMB approval number:* 3150-0123.

3. *How often the collection is required:* Submission is a one-time requirement which has been completed by all current licensees. However, licensees may submit amendments or revisions to the plans as necessary. In addition, specified inventory and material status reports are required annually or semi-annually. Other reports are submitted as events occur.

4. *Who is required or asked to report:* Persons licensed under 10 CFR Part 70 who possess and use certain forms and quantities of Special Nuclear Material (SNM).

5. *The number of annual respondents:* 19.

6. *The number of hours needed annually to complete the requirement or request:* An annual total of 8,589 hours (989 hours for reporting and 7,600 hours for recordkeeping). The average annual burden per respondent for reporting is 47 hours. The average annual burden per recordkeeping for the 110 record keepers is 61 hours.

7. *Abstract:* 10 CFR part 74 establishes requirements for material control and accounting of SNM, and specific performance-based regulations for licensees authorized to possess, use and produce strategic special nuclear material, and special nuclear material of moderate strategic significance and low strategic significance. The information is used by the NRC to make licensing
