

hours of its submission. The administrator will review the initial decision and ensure that the inmate received all necessary procedural protections, and that the justification for administering psychiatric medication is appropriate.

(10) If an inmate was afforded an administrative hearing which resulted in the involuntary administration of psychiatric medication, and the inmate subsequently consented to the administration of such medication, and then later revokes his consent, a follow-up hearing will be held before resuming the involuntary administration of psychiatric medication. All such follow-up hearings will fully comply with the procedures outlined in paragraphs (a)(1) through (10) of this section.

(b) *Exceptions.* The Bureau may involuntarily administer psychiatric medication to inmates in the following circumstances without following the procedures outlined in paragraph (a) of this section:

(1) *Psychiatric emergencies.*

(i) During a psychiatric emergency, psychiatric medication may be administered only when the medication constitutes an appropriate treatment for the mental illness or disorder and its symptoms, and alternatives (*e.g.*, seclusion or physical restraint) are not available or indicated, or would not be effective. If psychiatric medication is still recommended after the psychiatric emergency, and the emergency criteria no longer exist, it may only be administered after following the procedures in §§ 549.44 or 549.46 of this subpart.

(ii) For purposes of this subpart, a psychiatric emergency exists when a person suffering from a mental illness or disorder creates an immediate threat of:

(A) Bodily harm to self or others;

(B) Serious destruction of property affecting the security or orderly running of the institution; or

(C) Extreme deterioration in personal functioning secondary to the mental illness or disorder.

(2) *Court orders for the purpose of restoring competency to stand trial.* Absent a psychiatric emergency as defined above, § 549.46(a) of this subpart does not apply to the

involuntary administration of psychiatric medication for the sole purpose of restoring a person's competency to stand trial. Only a Federal court of competent jurisdiction may order the involuntary administration of psychiatric medication for the sole purpose of restoring a person's competency to stand trial.

Department of the Navy

32 CFR Part 706

Certifications and Exemptions Under the International Regulations for Preventing Collisions at Sea, 1972

AGENCY: Department of the Navy, DoD.

ACTION: Final rule.

SUMMARY: The Department of the Navy (DoN) is amending its certifications and exemptions under the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), to reflect that the Deputy Assistant Judge Advocate General (DAJAG)(Admiralty and Maritime Law) has determined that USS PITTSBURGH (SSN 720) is a vessel of the Navy which, due to its special construction and purpose, cannot fully comply with certain provisions of the 72 COLREGS without interfering with its special function as a naval ship. The intended effect of this rule is to warn mariners in waters where 72 COLREGS apply.

DATES: This rule is effective July 8, 2011 and is applicable beginning June 29, 2011.

FOR FURTHER INFORMATION CONTACT: Lieutenant Jaewon Choi, (Admiralty and Maritime Law), Office of the Judge Advocate General, Department of the Navy, 1322 Patterson Ave., SE., Suite 3000, Washington Navy Yard, DC 20374-5066, telephone 202-685-5040.

SUPPLEMENTARY INFORMATION: Pursuant to the authority granted in 33 U.S.C. 1605, the DoN amends 32 CFR part 706.

This amendment provides notice that the DAJAG (Admiralty and Maritime Law), under authority delegated by the Secretary of the Navy, has certified that USS PITTSBURGH (SSN 720) is a vessel of the Navy which, due to its special construction and purpose, cannot fully comply with the following specific provision of 72 COLREGS without interfering with its special function as a naval ship: Rule 21 (a) pertaining to the centerline position of the masthead light. The DAJAG (Admiralty and Maritime Law) has also certified that the light involved is located in closest possible compliance with the applicable 72 COLREGS requirements.

Moreover, it has been determined, in accordance with 32 CFR parts 296 and 701, that publication of this amendment for public comment prior to adoption is impracticable, unnecessary, and contrary to public interest since it is based on technical findings that the placement of lights on this vessel in a manner differently from that prescribed herein will adversely affect the vessel's ability to perform its military functions.
