SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-64835; File No. SR-BATS-2011-020]

Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Temporarily Extend the Availability of a Data Feed

July 7, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 5, 2011, BATS Exchange, Inc. ("BATS" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend BATS Rule 11.22 to extend the availability of its TCP FAST PITCH data feed for one additional month to allow recipients of the feed additional time to transition to other Exchange data feeds.

The text of the proposed rule change is available at the Exchange's Web site at <http://www.batstrading.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set

forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to extend the availability of its TCP FAST PITCH data feed for one additional month to allow recipients of the feed additional time to transition to other Exchange data feeds. The Exchange originally planned to decommission the TCP FAST PITCH data feed effective July 1, 2011, but is proposing to extend this date for one month at the request of certain data recipients that have not completed their transition to one of the alternative data feeds provided by the Exchange.

2. Statutory Basis

The rule change proposed in this submission is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.³ In particular, the proposed change is consistent with Section 6(b)(5) of the Act,⁴ because it would promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest. The Exchange believes that an additional month to allow certain data recipients to transition to other data feeds offered by the Exchange will help to avoid a disruption of such data recipients' business.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change imposes any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public

interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁵ and Rule 19b-4(f)(6) thereunder.⁶

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act⁷ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)⁸ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. BATS requests that the Commission waive the 30-day operative delay in order to allow BATS to permit the Exchange to continue to offer, until August 1, 2011, the TCP FAST PITCH data feed while certain data recipients transition to another data feed. The Commission believes that waiving the 30-day operative delay⁹ is consistent with the protection of investors and the public interest and designates the proposal operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. BATS has satisfied this requirement.
