SUPPLEMENTARY INFORMATION:

Background

On March 1, 2011, the Department published a notice of opportunity to request an administrative review of the antidumping duty order on certain tissue paper products from the PRC. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 76 FR 11197 (March 1, 2011). In response, on March 31, 2011, the petitioner¹ timely requested an administrative review of entries of the subject merchandise during the POR from Max Fortune Industrial, Max Fortune Fuzhou, Max Fortune Vietnam, and Tian Jun. Therefore, on April 19, 2011, the Department initiated a review of Max Fortune Industrial, Max Fortune Fuzhou, Max Fortune Vietnam, and Tian Jun. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 76 FR 23545 (April 27, 2011).

In a letter dated June 10, 2011, the petitioner withdrew its request for review of Max Fortune Industrial, Max Fortune Fuzhou, Max Fortune Vietnam, and Tian Jun, and requested that the Department rescind the review with respect to these companies. No other parties requested a review.

Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if the party who requested the review withdraws

the request within 90 days of the date of publication of the notice of initiation of the requested review. Accordingly, the petitioner timely withdrew its request for review of Max Fortune Industrial, Max Fortune Fuzhou, Max Fortune Vietnam, and Tian Jun. Because no other party requested a review, pursuant to 19 CFR 351.213(d)(1), the Department is rescinding the entire administrative review of the antidumping duty order on certain tissue paper products from the PRC for the period March 1, 2010, to February 28, 2011.

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions directly to CBP 15 days after the date of publication of this notice in the **Federal Register**.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is published in accordance with sections 751(a) and 777(i) of the Act, and 19 CFR 351.213(d)(4).

Dated: July 6, 2011.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Supplemental Environmental Impact Statement for Replacement of NOAA National Marine Fisheries Service Southwest Fisheries Science Center in La Jolla, CA

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of intent to prepare a Supplemental Environmental Impact Statement (SEIS); request for comments.

SUMMARY: NOAA announces its intention to prepare an SEIS in accordance with the National Environmental Policy Act of 1969, the Council on Environmental Quality Regulations, and NOAA Administrative Order 216-6 *Environmental Review Procedures for Implementing the National Environmental Policy Act*. This SEIS is being prepared to reflect substantial changes in the proposed action that are relevant to environmental concerns. The proposed changes to be analyzed in the SEIS are related to the replacement of the facilities and were not previously analyzed in the Final EIS/Environmental Impact Report (EIR) dated April 2009. The University of California San Diego may also prepare an Addendum to the Final EIS/EIR in accordance with the California Environmental Quality Act (CEQA).

DATES: Written comments and input will be accepted on or before August 15, 2011.

ADDRESSES: Written comments should be sent to Robb Gries, Project Engineer, NOAA, Project Planning & Management—Western Region, 7600 Sand Point Way, NE., BIN C15700, Seattle, WA 98115; e-mail robb.gries@noaa.gov.

by NOAA on property currently occupied and managed by NOAA. The proposed changes involve demolition of the majority of the NOAA Southwest West Fisheries Science Center Building A and establishment of a geohazard stabilization system consisting of tie-backs to secure foundations for the remaining structure (Building D) and access areas. The tie-back system requires more substantial excavation to be installed within a geologically sensitive coastal bluff.

Consistent with 40 CFR 1502.9(c)(1)(i), this SEIS will focus on the environmental effects of the proposed changes and feasible alternatives including the no-action alternative, and analyze the potential effects to affected resources such as: Geological conditions, hydraulic processes, construction noise, traffic/pedestrian circulation, air emissions, and protected wildlife. While scoping meetings are not being held for the SEIS, NOAA is requesting written comments and input, including, but not limited to, technical information related to the proposed actions, information regarding potentially affected resources in the area, and community interests or concerns on the potential for environmental effects of the proposed action and alternatives. NOAA will also rely on prior scoping documents and comments received during preparation of the original FEIS/EIR. Additional public involvement opportunities associated with this SEIS will occur, including a public comment period on the Supplemental Draft EIS to be announced as a Notice of Availability in the **Federal Register**.

Dated: July 8, 2011.
