

identification of treatment and control groups for future study. In keeping with protocols long-established between NSF and OMB, NASA proposed evaluation or research study will be cleared with OMB separately and will include separate calls for public comment.

II. Method of Collection

Electronic.

III. Data

Title: NASA STEM Education Generic Clearance.

OMB Number: 2700–xxxx.

Type of review: Regular.

Affected Public: Individuals or households, not-for-profit institutions, business or other for profit, and Federal, State, local or Tribal government.

Number of Respondents: 2,236,000.

Responses per Respondent: 1.

Annual Responses: 2,444,000.

Hours per Request: 0.15–.5 hour.

Annual Burden Hours: 245,333.

Frequency of Report: On occasion, quarterly, semi-annually, annually.

IV. Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; (2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

Lori Parker,

NASA PRA Clearance Officer.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (11–063)]

Centennial Challenges 2011 Strong Tether Challenge

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice.

SUMMARY: This notice is issued in accordance with 42 U.S.C. 2451 (314)(d). The 2011 Strong Tether Challenge is scheduled and teams that wish to compete may register. Centennial Challenges is a program of prize competitions to stimulate innovation in technologies of interest and value to NASA and the nation. The 2011 Strong Tether Challenge is a prize competition designed to encourage development of very strong, lightweight material for use in a multitude of structural applications. The Spaceward Foundation administers the Challenge for NASA. NASA is providing the prize purse.

DATES: 2011 Strong Tether Challenge will be held on August 12, 2011.

ADDRESSES: 2011 Strong Tether Challenge will be conducted at the 2011 Space Elevator Conference held at the Microsoft Conference Center, 16156 NE 36th St, Redmond, Washington.

FOR FURTHER INFORMATION CONTACT: To register for or get additional information regarding the 2011 Strong Tether Challenge, please visit: <http://www.spaceward.org/elevator2011-ts>.

For general information on the NASA Centennial Challenges Program please visit: <http://www.nasa.gov/challenges>. General questions and comments regarding the program should be addressed to Dr. Larry Cooper, Centennial Challenges Program, NASA Headquarters 300 E Street, SW., Washington, DC 20546–0001. *E-mail address:* larry.p.cooper@nasa.gov.

SUPPLEMENTARY INFORMATION:

Summary

The competition consists of measuring the tensile strength of a tether material. There are requirements for maximum mass and minimum strength and length categories. The strongest sample that meets the criteria is eligible to win the specified prize.

I. Prize Amounts

The total 2011 Strong Tether Challenge purse is \$2,000,000 (two million U.S. dollars). Incremental prizes will be offered for entries that meet specific requirements for strength and mass based on the length of the sample.

II. Eligibility

To be eligible to win a prize competitors must (1) Register and comply with all requirements in the rules and team agreement; (2) in the case of a private entity, shall be incorporated in and maintain a primary place of business in the United States, and in the case of an individual, whether participating singly or in a

group, shall be a citizen or permanent resident of the United States; and (3) shall not be a Federal entity or Federal employee acting within the scope of their employment.

III. Rules

The complete rules and team agreement for the 2011 Strong Tether Challenge can be found at: <http://www.spaceward.org/challenges-ts>.

Dated: July 7, 2011.

Michael J. Gazarik,
Deputy Chief Technologist.

BILLING CODE 7510–13–P

THE NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

Federal Council on the Arts and the Humanities; Arts and Artifacts Indemnity Panel Advisory Committee

AGENCY: The National Endowment for the Humanities.

ACTION: Notice of Meeting.

Pursuant to the provisions of the Federal Advisory Committee Act (Pub. L. 92–463 as amended) notice is hereby given that a meeting of the Arts and Artifacts Indemnity Panel of the Federal Council on the Arts and the Humanities will be held at 1100 Pennsylvania Avenue, NW., Washington, DC 20506, in Room 730, from 9:30 a.m. to 5 p.m., on Monday, August 1, 2011.

The purpose of the meeting is to review applications for Certificates of Indemnity submitted to the Federal Council on the Arts and the Humanities for exhibitions beginning after October 1, 2011.

Because the proposed meeting will consider financial and commercial data and because it is important to keep values of objects, methods of transportation, and security measures confidential, pursuant to the authority granted me by the Chairman's Delegation of Authority to Close Advisory Committee Meetings, dated July 19, 1993, I have determined that the meeting would fall within exemption (4) of 5 U.S.C. 552(b) and that it is essential to close the meeting to protect the free exchange of views and to avoid interference with the operations of the Committee.

It is suggested that those desiring more specific information contact Advisory Committee Management Officer, Michael P. McDonald, 1100 Pennsylvania Avenue, NW.,

Washington, DC 20506, or call 202-606-8322.

Michael P. McDonald,
Management Officer, Advisory Committee.

BILLING CODE 7536-01-P

NUCLEAR REGULATORY COMMISSION

[NRC-2009-0262]

Draft Regulatory Guide: Re-Issuance and Availability

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of Re-Issuance and Availability of Draft Regulatory Guide, DG-3037.

FOR FURTHER INFORMATION CONTACT:

Kevin Morrissey, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, telephone: 301-492-3130, e-mail: Kevin.Morrissey@nrc.gov, or, R. A. Jerve, telephone: 301-251-7404, e-mail: Richard.Jerve@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction

The U.S. Nuclear Regulatory Commission (NRC) is issuing for public comment a draft guide in the agency's "Regulatory Guide" series. This series was developed to describe and make available to the public information and methods that are acceptable to the NRC staff for implementing specific parts of the NRC's regulations, techniques that the staff uses in evaluating specific problems or postulated accidents, and data that the staff needs in its review of applications.

The draft regulatory guide (DG), entitled, "Guidance for Fuel Cycle Facility Change Processes," is temporarily identified by its task number, DG-3037, which should be mentioned in all related correspondence. DG-3037 will be a new regulatory guide. The guide was previously issued for public comment on June 29, 2009 (74 FR 31073). Public comments on the 2009 draft, and the NRC responses to those comments, may be found in the NRC's Agencywide Document Access and Management System (ADAMS) under Accession Number ML100890028. As a result of considerations raised by stakeholders during the earlier public comment period, and ongoing NRC policy development, the 2009 draft DG-3037 has been revised, and the NRC is providing a comment period for members of the public to consider the re-issued draft DG-3037.

Title 10 of the *Code of Federal Regulations*, Part 70, "Domestic Licensing of Special Nuclear Material" (10 CFR Part 70) contains the regulations applicable to fuel cycle facility licensees that possess greater than a critical mass of special nuclear material. Such licensees are authorized to engage in enriched uranium processing, fabrication of uranium fuel or fuel assemblies, uranium enrichment, enriched uranium hexafluoride conversion, plutonium processing, and fabrication of mixed-oxide fuel or fuel assemblies. DG-3037 provides guidance on how to meet the requirements of 10 CFR 70.72, "Facility changes and change process," with emphasis on the screening that is necessary to separate changes that do and do not require prior NRC approval.

Fuel cycle facility licensees are required by 10 CFR 70.72(a) to establish a configuration management system to evaluate, implement, and track each change to the site, structures processes, systems, equipment, components, computer programs, and activities of personnel. Such changes may be made by the licensee without prior approval of the NRC, provided that the changes meet the criteria of 10 CFR 70.72(c).

In a separate action, the NRC is developing guidance regarding a process for submitting requests to allow changes during construction for power reactors under 10 CFR Part 52, "Licenses, Certifications, and Approvals for Nuclear Power Plants." The changes during construction guidance will be published in draft form for comment. After the changes during construction guidance is finalized, the NRC will consider whether similar guidance is appropriate for construction activities at those 10 CFR Part 40 and 10 CFR Part 70 licensed facilities which are subject to integrated safety analysis (ISA) requirements. Thus, DG-3037 may be subject to further revision after the 10 CFR Part 52 guidance is finalized, or separate guidance concerning changes during construction for fuel cycle facilities may be developed.

II. Further Information

The NRC staff is soliciting comments on DG-3037. Comments may be accompanied by relevant information or supporting data and should reference DG-3037 in the subject line. Comments submitted in writing or in electronic form will be made available to the public in their entirety through the NRC's Agencywide Documents Access and Management System (ADAMS).

ADDRESSES: Please include Docket ID NRC-2009-0262 in the subject line of your comments. Comments submitted in

writing or in electronic form will be posted on the NRC Web site and on the Federal rulemaking Web site, <http://www.regulations.gov>. Because your comments will not be edited to remove any identifying or contact information, the NRC cautions you against including any information in your submission that you do not want to be publicly disclosed.

The NRC requests that any party soliciting or aggregating comments received from other persons for submission to the NRC inform those persons that the NRC will not edit their comments to remove any identifying or contact information, and therefore, they should not include any information in their comments that they do not want publicly disclosed. You may submit comments by any one of the following methods:

- **Federal Rulemaking Web Site:** Go to <http://www.regulations.gov> and search for documents filed under Docket ID NRC-2009-0262. Address questions about NRC dockets to Carol Gallagher, telephone: 301-492-3668; e-mail: Carol.Gallagher@nrc.gov.

- **Mail comments to:** Cindy Bladey, Chief, Rules, Announcements, and Directives Branch (RADB), Office of Administration, Mail Stop: TWB-05-B01M, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001.

- **Fax comments to:** RADB at 301-492-3446.

You can access publicly available documents related to this notice using the following methods:

- **NRC's Public Document Room (PDR):** The public may examine and have copied, for a fee, publicly available documents at the NRC's PDR, O1-F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.

- **NRC's Agencywide Documents Access and Management System (ADAMS):** Publicly available documents created or received at the NRC are available online in the NRC Library at <http://www.nrc.gov/reading-rm/adams.html>. From this page, the public can gain entry into ADAMS, which provides text and image files of the NRC's public documents. If you do not have access to ADAMS or if there are problems in accessing the documents located in ADAMS, contact the NRC's PDR reference staff at 1-800-397-4209, 301-415-4737, or by e-mail to pdr.resource@nrc.gov. The regulatory analysis is available electronically under ADAMS Accession Number ML110960217.

- **Federal Rulemaking Web Site:** Public comments and supporting materials related to this notice can be
