Federal Register

Vol. 76, No. 140

Thursday, July 21, 2011

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

AFRICAN DEVELOPMENT FOUNDATION

Board of Directors Meeting; African Development Foundation, Board of Directors Meeting

Time: Tuesday, August 2, 2011, 9 a.m. to 12 p.m.

Place: African Development Foundation, Conference Room, 1400 I Street, NW., Suite 1000, Washington, DC 20005.

Dates: Tuesday, August 2, 2011.

Status:

1. Open session, Tuesday, August 2, 2011, 9 a.m. to 11 a.m.; and
2. Closed session, Tuesday, August 2, 2011, 11 p.m. to 12 p.m.

Due to security requirements and limited seating, all individuals wishing to attend the open session of the meeting must notify Sarah Conway at (202) 233-8811 or sconway@usadf.gov of your request to attend by 5 p.m. on Thursday, July 28, 2011.

Lloyd O. Pierson,

President & CEO, USADF.

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. APHIS-2011-0067]

Notice of Request for Extension of Approval of an Information Collection; Scrapie in Sheep and Goats; Interstate Movement Restrictions and Indemnity Program

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this

notice announces the Animal and Plant Health Inspection Service's intention to request an extension of approval of an information collection associated with regulations for the interstate movement of sheep and goats and an indemnity program to control the spread of scrapie. **DATES:** We will consider all comments that we receive on or before September 19, 2011.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/#!documentDetail;D=APHIS-2011-0067-0001>.

- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS-2011-0067, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road, Unit 118, Riverdale, MD 20737-1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/#!docketDetail;D=APHIS-2011-0067> or in our reading room, which is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue, SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

FOR FURTHER INFORMATION CONTACT: For information on domestic regulations to control the spread of scrapie, contact Dr. Diane Sutton, Senior Staff Veterinarian, Ruminant Health Programs, NCAHP, VS, APHIS, 4700 River Road, Unit 43, Riverdale, MD 20737; (301) 734-4913. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 851-2908.

SUPPLEMENTARY INFORMATION:

Title: Scrapie in Sheep and Goats; Interstate Movement Restrictions and Indemnity Program.

OMB Number: 0579-0101.

Type of Request: Extension of approval of an information collection.

Abstract: Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture is authorized, among other things, to prohibit or restrict the interstate movement of animals and

animal products to prevent the dissemination within the United States of animal diseases and pests of livestock and to conduct programs to detect, control, and eradicate pests and diseases of livestock.

Scrapie is a progressive, degenerative, and eventually fatal disease affecting the nervous system of sheep and goats. Its control is complicated because the disease has an extremely long incubation period without clinical signs of disease and no known treatment.

APHIS regulations in 9 CFR part 79 restrict the interstate movement of certain sheep and goats to control the spread of scrapie, and 9 CFR part 54 contains regulations for an indemnity program, flock cleanup, testing, and a Scrapie Flock Certification Program (SFCP).

The scrapie disease control program information collection activities include cooperative agreements; grants; memorandums of understanding; APHIS forms for inspection and epidemiology data; applications to participate in the SFCP; flock plans; post-exposure management and monitoring plans; scrapie test records; applications for indemnity payments; certificates, permits, and owner statements for the interstate movement of certain sheep and goats; applications for premises identification numbers; and applications for official APHIS identification, along with other program-related activities.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who

are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 1.2158064 hours per response.

Respondents: Flock owners; market owners, operators, or managers; dealers; slaughter plant owners, operators, or managers; feedlot owners, operators, or managers; tag manufacturers; managers of producer organizations; accredited veterinarians; and State animal health authorities.

Estimated annual number of respondents: 112,000.

Estimated annual number of responses per respondent: 6.587625.

Estimated annual number of responses: 737,814.

Estimated total annual burden on respondents: 897,039 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC this 14th day of July 2011.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

Animal and Plant Health Inspection Service

[Docket No. APHIS-2011-0064]

Notice of Request for Extension of Approval of an Information Collection; Infectious Salmon Anemia; Payment of Indemnity

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request an extension of approval of an information collection associated with regulations for the payment of indemnity due to infectious salmon anemia.

DATES: We will consider all comments that we receive on or before September 19, 2011.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/#!documentDetail;D=APHIS-2011-0064-0001>.

- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS-2011-0064, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road, Unit 118, Riverdale, MD 20737-1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/#!docketDetail;D=APHIS-2011-0064> or in our reading Room, which is located in Room 1141 of the USDA South Building, 14th Street and Independence Avenue, SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

FOR FURTHER INFORMATION CONTACT: For information on regulations for the payment of indemnity due to infectious salmon anemia, contact Dr. William G. Smith, Area Veterinarian in Charge, VS, APHIS, USDA, 160 Worcester-Providence Road, Sutton Square Plaza, Suite 20, Sutton, MA 01590-9998; (508) 363-2290. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 851-2908.

SUPPLEMENTARY INFORMATION:

Title: Infectious Salmon Anemia; Payment of Indemnity.

OMB Number: 0579-0192.

Type of Request: Extension of approval of an information collection.

Abstract: Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the United States Department of Agriculture is authorized to prevent the interstate spread of serious diseases and pests of livestock within the United States and to eradicate such diseases and pests from the United States when feasible. In connection with this mission, APHIS established regulations in 9 CFR part 53 to pay indemnity to salmon producers in Maine whose fish are destroyed because of infectious salmon anemia (ISA).

ISA is a foreign animal disease of Atlantic salmon, caused by an orthomyxovirus. The disease affects both wild and farmed Atlantic salmon.

ISA poses a substantial threat to the economic viability and sustainability of salmon aquaculture in the United States.

In order to take part in the indemnity program, producers must enroll in the cooperative ISA control program administered by APHIS and the State of Maine. Program participants must inform the ISA Program Veterinarian in writing of the name of their accredited veterinarian; develop biosecurity protocols and a site-specific ISA action plan; submit fish inventory and mortality information; assist APHIS or State officials with onsite disease surveillance, testing, and biosecurity audits; and complete an appraisal and indemnity claim form. Payment is subject to the availability of funding.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 1.97911 hours per response.

Respondents: ISA program participants, such as certain aquaculture industry business owners, managers, site employees, accredited veterinarians, or laboratory personnel.

Estimated annual number of respondents: 16.

Estimated annual number of responses per respondent: 44.875.

Estimated annual number of responses: 718.

Estimated total annual burden on respondents: 1,421 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual
