OFFICE OF PERSONNEL MANAGEMENT

5 CFR Part 792

RIN 3206-AL36

Agency Use of Appropriated Funds for Child Care Costs for Lower Income Employees

AGENCY: U.S. Office of Personnel Management.

ACTION: Proposed rule with request for comments.

SUMMARY: The U.S. Office of Personnel Management is proposing to revise its regulations on agencies' use of appropriated funds to provide child care subsidies for lower-income civilian employees, to make the regulations clearer and more concise. It also would make certain technical corrections, and

substantive changes including in the definition of "child" for purposes of the subpart. The proposed regulations also clarify the scope of regulations concerning alcohol and drug abuse counseling programs for employees and expand the regulations to extend coverage to domestic partners of Federal employees.

DATES: Comments must be received on or before August 29, 2011.

ADDRESSES: Send or deliver comments to Ingrid Burford, Work Life Program Specialist, U.S. Office of Personnel Management, 1900 E Street, NW., Rm. 7456, Washington, DC 20415-9700; or FAX to (202) 606-9939. Comments may also be sent through the Federal eRulemaking Portal at http://www.regulations.gov. All submissions received through the Portal must include the agency name and docket number or the Regulation Identifier Number (RIN) for this rulemaking. Please specify the subpart and section number for each comment.

SUPPLEMENTARY INFORMATION: The U.S. Office of Personnel Management (OPM) is issuing a proposed rule revising part 792 of title 5, Code of Federal Regulations. The proposed rule would make changes in both subparts of that part, concerning employee assistance programs and child care subsidies for low-income employees, respectively, in accordance with the Obama Administration's policy, expressed in Presidential Memoranda dated June 17, 2009, and June 2, 2010, to extend benefits, where possible, to same-sex domestic partners. The changes to subpart A also would remove obsolete references to title 42 of the United States Code.

Background

On June 17, 2009, President Obama issued a Memorandum regarding Federal benefits and non-discrimination that requested the Secretary of State and the Director of OPM, in consultation with the Department of Justice, to extend previously identified statutorily based benefits that those agencies believed could be extended to qualified same-sex domestic partners of Federal employees consistent with underlying law. This Memorandum also directed the heads of executive departments and agencies, in consultation with OPM, to conduct a review of the benefits offered by their respective departments and agencies to determine whether they had the authority to extend such benefits to the same-sex domestic partners of Federal employees. The Memorandum

further requested that OPM, in consultation with the Department of Justice, make recommendations regarding any additional measures that could be taken to provide benefits to the same-sex domestic partners of Federal Government employees, consistent with existing law.

On June 2, 2010, the President issued another Memorandum, entitled "Extension of Benefits to Same-Sex Domestic Partners of Federal Employees," that published the results of the review and identified the benefits that could be extended to same-sex domestic partners and their families. These proposed regulations respond to Sections 1(a)(i) and (ii) of the President's Memorandum, which identified additional benefits OPM had concluded it could offer and requested OPM to "(i) clarify that the children of employees' same-sex domestic partners fall within the definition of "child" for purposes of Federal child-care subsidies, and, where appropriate, for child-care services" and "(ii) clarify that, for purposes of employee assistance programs, same-sex domestic partners and their children qualify as "family members."

Also on June 2, 2010, OPM issued a Memorandum for the Heads of Executive Departments and Agencies, entitled "Implementation of the President's Memorandum Regarding Extension of Benefits to Same-Sex Domestic Partners of Federal Employees" to help fulfill the Administration's policy. The Memorandum provides definitions to help ensure its consistent application across the Federal Government.

Changes to Regulations Concerning Drug and Alcohol Abuse Programs

We are including a new provision in section 792.101 of title 5, Code of Federal Regulations, to clarify that an employee's domestic partner, and any children of the employee's domestic partner, are included within the employee's "family" for purposes of access to alcohol and drug abuse programs. These programs, for the most part, are already accessible by individuals whose personal relationship to the employee (including but not limited to the employee's domestic partner) is close enough to potentially affect the employee's performance on the job. Therefore, the addition of specific references to domestic partners and their children is a clarifying change to promote consistent implementation of this regulation across the Government.

For purposes of this regulation, we have chosen not to define "domestic

partner" or "domestic partnership." Agencies are already providing access to these programs to individuals who are close enough to the employee to potentially affect the employee's performance on the job. Our intent is to clarify that same-sex domestic partners meet this standard, but not to limit agency discretion to decide that other relationships, including opposite-sex domestic partnerships, also meet this standard.

Changes to Child Care Subsidies Regulations

The proposed changes to subpart B would clarify and consolidate regulations governing Federal agencies' use of appropriated funds to provide child care subsidies for lower-income civilian employees. The revision would correct the way the age limitation for covered children is expressed and update obsolete references and citations. The regulations currently provide that the subsidies may apply to child care for children from birth *through* age 13 and for disabled children *through* age 18. We are amending this provision to state that the regulations apply to children *under* age 13 and disabled children *under* age 18. This change will help ensure that agency child care subsidy programs under part 792 conform to qualification rules used by the Internal Revenue Service for determining the tax treatment of dependent care assistance plans.

The proposed rule would make additional clarifying changes, including elimination of the question-and-answer format that currently appears in subpart B. We are adopting a narrative format to consolidate and remove repetitive content and content that is not regulatory in nature. The changes also include certain corrections to definitions, such as removing the "living with" requirement from the definition of "biological child" and changing the defined term from "child care contractor" to "child care provider", which is the term actually used in the regulation.

We are also adding definitions of "domestic partner" and "domestic partnership" to subpart B. These definitions are based upon the OPM Memorandum described earlier in this Supplementary Information and have been used in other OPM regulations.

Paragraph (4) of the *domestic partnership* definition requires that the partners "share responsibility for a significant measure of each other's financial obligations." This criterion, which appears in this and in prior regulations promulgated pursuant to the President's June 2, 2010, memorandum,

is intended to require only that there be financial interdependence between the partners; it should not be interpreted to exclude partnerships in which one partner stays at home while the other is the primary breadwinner.

We have made a slight change to the wording of criterion (7). That criterion is intended to prohibit recognition of domestic partnerships between individuals who are related in a manner that would preclude them from marrying were they of opposite sexes. We are maintaining this criterion, but clarifying that the determination is to be made at the time the domestic partnership is formed. It should not be re-examined if the couple relocates to a different jurisdiction. This approach is consistent with treatment of opposite-sex marriages.

Unlike the change to the regulations involving drug and alcohol abuse programs discussed above, these regulations extend "domestic partnership" benefits only to same-sex couples who are currently unable to obtain spousal benefits by entering into a Federally recognized marriage. That is because child care subsidies are currently available only for expenses associated with the employee's children or children of the employee's spouse. Accordingly, it is appropriate to include the children of same-sex domestic partners in order to reflect the President's direction to extend benefits to the same-sex domestic partners of Federal employees to the same extent such benefits are available to opposite-sex spouses, consistent with law.

The reference in paragraph (8) of the *domestic partnership* definition to documentation or proof of a dependent or family member relationship for purposes of eligibility for evacuation payments would be based on each agency's internal policies. Agencies have authority to request additional information in cases of suspected abuse or fraud, and they would continue to be able to exercise that authority under these proposed regulations. Agencies would be expected to apply the same standards for verification of requests for payments for all dependent and family member relationships, including domestic partners.

We are also proposing to change OPM's annual requirement to produce a report on agencies' use of the authority to pay child care subsidies, to a biannual requirement. OPM will continue, however, to collect annual data from Federal agencies on their child care subsidy programs.

Finally, these proposed regulations would update the authority citation for part 792 and would change the title of

the part from “Federal Employees’ Health and Counseling Programs” to “Federal Employees’ Health, Counseling, and Work/Life Programs” so that it is broad enough to encompass the child care subsidy program.

E.O. 12866, Regulatory Review

This rule has been reviewed by the Office of Management and Budget in accordance with Executive Order 12866 and 13563.

Regulatory Flexibility Act

I certify that these regulations would not have a significant economic impact on a substantial number of small entities because they would affect only Federal agencies and employees.

§ 792.203 Child care subsidy programs; eligibility.

(a)(1) An Executive agency may establish a child care subsidy program in which the agency uses appropriated funds, in accordance with this subpart, to assist lower-income employees of the agency with their child care costs. The assistance may be provided for both full-time and part-time child care, and may include before-and-after-school programs and daytime summer programs.

(2) Two or more agencies may pool their funds to establish a child care subsidy program for the benefit of employees who are served by a Federally-sponsored child care center in a multi-tenant facility.

(3)(i) Except as provided under paragraph (a)(3)(ii) of this section, an agency may impose restrictions on the use of appropriated funds for its child care subsidy program based on consideration of employees' needs, its own staffing needs, the local availability of child care, and other factors as determined by the agency. For example,

an agency may decide to restrict eligibility for subsidies to—

(I) Full-time permanent employees;

(II) Employees using an agency on-site child care center;

(III) Employees using full-time child care; or

(IV) Employees using child care in specific locations.

(ii) An agency may not limit the payment of subsidies to only accredited child care providers.

(b) Subject to any restrictions applicable under paragraph (a)(3)(i) of this section, an employee who qualifies as a lower-income employee under the agency's child care subsidy program is eligible to receive a child care subsidy for the care of each child under age 13 or, in the case of a disabled child, under age 18.

§ 792.204 Agency responsibilities; reporting requirement.

(a) Before funds may be obligated as provided in this subpart, an agency intending to initiate a child care subsidy program must provide notice to the Subcommittees on Financial Services and General Government of the House and Senate Appropriations Committees, as well as to OPM.

(b) Agencies must notify the committees referred to in paragraph (a) of this section and OPM annually of their intention to provide child care subsidies. Funds may be obligated immediately after the notifications have been made.

(c) Agencies are responsible for tracking the utilization of their funds and reporting the results to OPM in a manner prescribed by OPM.

(d) OPM will produce a biannual report on agencies' use of the authority to pay child care subsidies; however, OPM will collect annual data from the agencies.

§ 792.205 Administration of child care subsidy programs.

(a) An agency may administer its child care subsidy program directly or by contract with another entity, using procedures prescribed under the Federal Acquisition Regulations. Regardless of what entity administers the program, the Federal agency is responsible for establishing how eligibility and subsidy amounts will be determined.

(b) An agency contract must specify that any unexpended funds will be returned to the agency after the contract is completed.

§ 792.206 Payment of subsidies.

(a) Payment of child care subsidies must be made directly to child care providers, unless one of the following exceptions applies:

(1) In overseas locations, the agency may pay the employee if the provider deals only in foreign currency.

(2) In unique circumstances, an agency may obtain written permission from OPM to pay the employee directly.

(b) An agency may make advance payments to a child care provider in certain circumstances, such as when the provider requires payment up to one month in advance of rendering services. An agency may not make advance payments for more than one month before the employee receives child care services except where an agency has contracted with another entity to administer the child care subsidy program, in which case the agency may advance payments to the entity administering the program as long as the requirements in § 792.205(b) are met.

Airworthiness Directives; Honeywell International Inc. TPE331-10 and TPE331-11 Series Turboprop Engines

AGENCY: Federal Aviation Administration, DOT.

ACTION: Proposed rule; withdrawal.

SUMMARY: This action withdraws a notice of proposed rulemaking (NPRM) that proposed an airworthiness directive (AD) superseding, applicable to Honeywell International Inc. TPE331-10 and TPE331-11 series turboprop engines. That action would have required adding 360 first stage turbine disk serial numbers (S/Ns) to the applicability. Since we issued that NPRM, we decided not to supersede AD 2009-17-05, but instead to issue a new NPRM for those additional 360 parts. Accordingly, we withdraw the proposed rule.
