2. What are the policy-related challenges or barriers for motorcoach safety and how do we develop opportunities to address each?
3. What are the challenges and gaps related to motorcoach education and training for representatives from the industry, law enforcement, consumer groups, safety advocates, and passengers themselves?
4. What are the challenges and limitations for passengers when considering and purchasing motorcoach services?

The challenges and strategies garnered from the different feedback avenues will be used, with national data points, to frame the conversation during the National Summit. SUPPLEMENTARY INFORMATION:

Background

Motorcoach transportation is one of the most cost-effective, accessible and

safe forms of public transportation. The past several months, however, have seen a number of tragic crashes around the United States that involve motorcoaches and buses. The U.S. Department of Transportation, through FMCSA, is convening a series of public meetings across the country as well as a national Motorcoach Safety Summit (National Summit), to exchange information and ideas on the best possible approaches to reduce the number of motorcoach crashes, injuries, and fatalities and raise passenger awareness. These meetings and the National Summit will bring together partners and stakeholders from all sides of the motorcoach community, including senior transportation officials, elected officials, safety advocates, law enforcement representatives, private sector representatives, academics, ticket brokers, and passengers to address a range of issues related to reducing crashes, injuries, and fatalities through enforcement, public awareness, and education. They will be open and interactive and FMCSA hopes that they will foster informative dialogue and innovative ideas and approaches.

FMCSA will host the National Summit in Washington, DC on September 23, 2011. Leading up to the Summit, FMCSA will hold Regional Roundtables on August 3rd in Dallas/Ft. Worth, TX, on August 4th in New York City, NY, on August 5th in Columbus, OH, and on August 8th in Los Angeles/Anaheim, CA. These locations represent corridors with high levels of motorcoach transportation and safety concerns. These Regional Roundtable discussions will engage participants from all sides of the motorcoach communities they represent, including state and local organizations (*i.e.*, law enforcement, industry, advocates, consumer groups) and the public. All information gathered will provide the framework for the National Summit. Goals of the National Summit include: identifying challenges, policy solutions, educational strategies, and best practices to enhance the culture of safety for the future of motorcoach transportation.

The U.S. Department of Transportation is committed to providing equal access to this National Summit. Based on limited seating and to accommodate the strong interest outside the Washington area, the National Summit will be available live by a Web cast that will comply with Section 508 of the Rehabilitation Act of 1973, as amended and members of the public will be given the opportunity to submit questions or comments online. The Department has also created a Web site to provide information and updates on the National Summit and Regional

Roundtables as more details become available: <http://www.fmcsa.dot.gov/motorcoach/2011>.

Limited exhibit space will be available for the National Summit. Anyone who wishes to request exhibit space and/or who has questions pertaining to exhibit space should contact Ms. Dee Williams, Chief, Strategic Planning and Program Evaluation Division, FMCSA, telephone (202) 493-0192, or e-mail motorcoachsafetysummit@dot.gov.

FMCSA IdeaScale Community

In addition to the **Federal Register** notice where comments and questions are being accepted, FMCSA has set up an IdeaScale Community on its main Web site at <http://www.fmcsa.dot.gov>. This online dialogue will be driven by the same challenge questions as included under the "Background" section of this Notice. IdeaScale is a Department of Transportation initiative providing an interactive, on-line, transparent space for people to engage in conversation about draft proposals and vote if they agree or disagree.

Accessibility Needs

If you need special accommodations for the National Summit and/or the Regional Roundtables, such as sign language interpretation, please contact Ms. Dee Williams, Chief, Strategic Planning and Program Evaluation Division, FMCSA, telephone (202) 493-0192, or e-mail dee.williams@dot.gov at least forty-eight hours prior to the event, to allow us sufficient time to arrange for such services. We will make every attempt to fulfill requested accommodations.

Issued on: July 25, 2011.

Deputy Administrator, FMCSA.
