

submit a request for the recordal of a fastener insignia or to renew or reactivate an existing Certificate of Recordal. Use of Form PTO-1611 is not mandatory, and applicants may instead prepare requests for recordal using their own format.

The public uses this information collection to comply with the insignia recordal provisions of the FQA. The USPTO uses the information in this collection to record or renew insignias under the FQA and to maintain the Fastener Insignia Register, which is open to public inspection. The public may download the Fastener Insignia Register from the USPTO Web site.

II. Method of Collection

By mail, facsimile, hand delivery, or electronically to the USPTO.

III. Data

OMB Number: 0651-0028.
 Form Number(s): PTO-1611.
 Type of Review: Revision of a currently approved collection.
 Affected Public: Businesses or other for-profits.
 Estimated Number of Respondents: 95 responses per year.
 Estimated Time per Response: The USPTO estimates that it will take the public approximately 15 minutes (0.25 hours) to gather the necessary

information, prepare the form, and submit the request for recordal or renewal of a fastener insignia to the USPTO.

Estimated Total Annual Respondent Burden Hours: 24 hours.

Estimated Total Annual Respondent Cost Burden: \$2,928. The USPTO expects that the information in this collection will be prepared by paraprofessionals at an estimated rate of \$122 per hour. Therefore, the USPTO estimates that the respondent cost burden for this collection will be approximately \$2,928 per year.

| Item | Estimated time for response | Estimated annual responses | Estimated annual burden hours |
|--|-----------------------------|----------------------------|-------------------------------|
| Application for Recordal of Insignia or Renewal/Reactivation of Recordal Under the Fastener Quality Act (PTO-1611) | 15 minutes | 95 | 24 |
| Totals | | 95 | 24 |

Estimated Total Annual Non-hour Respondent Cost Burden: \$2,044. There are no capital start-up, recordkeeping, or maintenance costs associated with this information collection. However, this collection does have annual (non-hour) costs in the form of filing fees and postage costs.

Under 37 CFR 2.7, the filing fee is \$20 for a recordal of a new fastener insignia, a renewal, or a request for reactivation. The USPTO estimates that it will receive 95 new recordals, renewals, or reactivations of fastener insignia per year, for a total of \$1,900 in filing fees. If a manufacturer submits a renewal after the expiration date but within six months of that date, then the manufacturer must pay an additional \$20 late-renewal surcharge. The USPTO estimates that approximately 7 of the 95 responses per year will be late renewals that incur the surcharge, for a total of \$140 in additional charges. Therefore, the total estimated filing fees for this collection will be \$2,040 per year.

The public may submit the information for this collection to the USPTO by mail through the United States Postal Service. The USPTO estimates that approximately 5 of the 95 responses per year will be submitted to the USPTO by mail at an average first-class postage cost of 88 cents per response, for a total postage cost of approximately \$4 per year.

The total non-hour respondent cost burden for this collection in the form of filing fees (\$2,040) and postage costs (\$4) is estimated to be \$2,044 per year.
