

for children, adolescents, young adults and their families; (16) provides a focus for international health activities for the Bureau for services for children, adolescents, and their families; and (17) administers funds and other resources for grants, contracts, and cooperative agreements.

Division of Home Visiting and Early Childhood Systems (RM8)

The Division of Home Visiting and Early Childhood Systems plans, develops, implements, directs, monitors, and evaluates national programs to promote, improve, and maintain the health and development of young children (through 8 years of life) and their families. Specifically, the Division conducts the following activities: (1) Serves as a national focus for leadership in and coordination of Federal, regional, State, local, and non-governmental efforts to define the health and development issues of young children and their relationship to the family to identify problems and opportunities and assist in the development of programs that address such problems and promote opportunities to enhance wellness; (2) develops, interprets, and/or disseminates policies, regulations, standards, guidelines, new knowledge, and program information for the various programs and relevant services; (3) establishes and maintains cooperative relationships within this Agency, with other Federal agencies, and with other relevant public and private organizations to extend and improve health, safety, research, educational and training programs focused on young children and their families; (4) carries out, in collaboration with the Administration for Children and Families, a national maternal, infant and early childhood home visiting program; (5) administers and manages a program of grants and contracts that will enhance services to improve and promote the health and safety of young children and their families; (6) coordinates within this Agency and with other Federal programs to extend and improve comprehensive coordinated services and promote integrated state-based systems of care for this population; and (7) provides technical assistance and professional consultation to field and headquarters staff, to State and local health personnel, to other Federal agencies, and to voluntary and professional organizations on all aspects of health and safety and provision of appropriate care for this population.

#### *Section RM-30, Delegations of Authority*

All delegations of authority and re-delegations of authority made to HRSA officials that were in effect immediately prior to this reorganization, and that are consistent with this reorganization, shall continue in effect pending further re-delegation.

This reorganization is upon date of signature.

Dated: July 25, 2011.

### **National Institutes of Health**

#### **Establishment of the Advisory Committee to the Deputy Director for Intramural Research**

Pursuant to the Federal Advisory Committee Act, as amended (5 U.S.C. App), the Director, National Institutes of Health (NIH), announces the establishment of the Advisory Committee to the Deputy Director for Intramural Research, National Institutes of Health (ACDDIR).

The ACDDIR will provide advice and recommendations to the Deputy Director for Intramural Research, NIH, or other appropriate delegated officials on matters related to the Office of Intramural Research and include (1) the Office of Intramural Training and Education; (2) the Office of Animal Care and Use; (3) the Office of Human Subjects Research; (4) the Office of NIH History; (5) the Office of Technology Transfer; and (6) any other program located in the Office of Intramural Research. Advice provided may include specific accomplishments, overall strengths and weaknesses of a particular program, as well as recommendations for future directions, the overall design, content, development and/or delivery of training programs to specific groups, as well as recommendations concerning program and policy development and resource allocation.

Duration of this committee is two years from the date the Charter is filed.

Dated: July 20, 2011.
