**DEPARTMENT OF HOMELAND SECURITY**

**Federal Emergency Management Agency**

**44 CFR Part 67**

**[Docket ID FEMA-2010-0003; Internal Agency Docket No. FEMA-B-1105]**

**Proposed Flood Elevation Determinations**

**AGENCY:** Federal Emergency Management Agency, DHS.

**ACTION:** Proposed rule; correction.

**SUMMARY:** On June 3, 2010, FEMA published in the **Federal Register** a proposed rule that contained an erroneous table. This notice provides

corrections to that table, to be used in lieu of the information published at 75 FR 31373. The table provided here represents the flooding sources, location of referenced elevations, effective and modified elevations, and communities affected for Lawrence County, Missouri, and Incorporated Areas. Specifically, it addresses the following flooding sources: Chapel Drain, Clear Creek, Kelly Creek Tributary, Tributary No. 1, Tributary 2, Unnamed Tributary, Unnamed Tributary Number 1, Unnamed Tributary Number 2, Unnamed Tributary Number 3, and Unnamed Tributary Number 4.

**DATES:** Comments are to be submitted on or before November 1, 2011.

**ADDRESSES:** You may submit comments, identified by Docket No. FEMA-B-

1105, to Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064 or (e-mail) [luis.rodriquez1@dhs.gov](mailto:luis.rodriquez1@dhs.gov).

**FOR FURTHER INFORMATION CONTACT:** Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064 or (e-mail) [luis.rodriquez1@dhs.gov](mailto:luis.rodriquez1@dhs.gov).

**SUPPLEMENTARY INFORMATION:** The Federal Emergency Management Agency (FEMA) publishes proposed determinations of Base (1% annual-chance) Flood Elevations (BFEs) and modified BFEs for communities participating in the National Flood Insurance Program (NFIP), in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are minimum requirements. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in those buildings.

**Corrections**

In the proposed rule published at 75 FR 31373, in the June 3, 2010, issue of the **Federal Register**, FEMA published a

table under the authority of 44 CFR 67.4. The table, entitled “Lawrence County, Missouri, and Incorporated Areas” addressed the following flooding sources: Kelly Creek Tributary, Tributary No. 1, Unnamed Tributary, Unnamed Tributary Number 1, Unnamed Tributary Number 2, Unnamed Tributary Number 3, and Unnamed Tributary Number 4. That table contained inaccurate information as to the location of referenced elevation, effective and modified elevation in feet, and/or communities affected for those flooding sources. In addition, it did not include the following flooding sources: Chapel Drain, Clear Creek, and Tributary 2. In this notice, FEMA is publishing a table containing the accurate information, to address these prior errors. The information provided below should be used in lieu of that previously published.

Flooding source(s)	Location of referenced elevation**	*Elevation in feet NGVD + Elevation in feet (NAVD) # Depth in feet above ground ^ Elevation in meters (MSL)		Communities affected
		Effective	Modified	
<b>Lawrence County, Missouri, and Incorporated Areas</b>				
Chapel Drain .....	Approximately 50 feet upstream of Farm Road 1090 ..	None	+1335	Unincorporated Areas of Lawrence County.
	Approximately 0.71 mile upstream of Farm Road 1090.	None	+1379	
Clear Creek .....	Approximately 250 feet downstream of Farm Road 1050.	None	+1233	Unincorporated Areas of Lawrence County.
Kelly Creek Tributary .....	Just upstream of the Barry County boundary .....	None	+1243	Unincorporated Areas of Lawrence County.
	Approximately 0.45 mile downstream of Farm Road 2230.	None	+1365	
Tributary No. 1 .....	Approximately 100 feet upstream of Farm Road 2230	None	+1401	Unincorporated Areas of Lawrence County.
	Approximately 50 feet upstream of the Unnamed Tributary confluence.	None	+1326	
Tributary 2 .....	Approximately 275 feet upstream of State Highway 37	None	+1333	Unincorporated Areas of Lawrence County.
	Just upstream of the Unnamed Tributary confluence ..	None	+1357	
Unnamed Tributary .....	Approximately 900 feet upstream of State Route H ....	None	+1377	Unincorporated Areas of Lawrence County.
	Approximately 1,675 feet downstream of the Barry County boundary.	None	+1277	
Unnamed Tributary Number 1.	Approximately 550 feet upstream of Farm Road 2230	None	+1383	City of Aurora.
	Approximately 200 feet downstream of Washington Avenue.	None	+1372	
Unnamed Tributary Number 2.	Approximately 525 feet upstream of Union Street .....	None	+1406	City of Aurora.
	Approximately 600 feet upstream of South Street .....	None	+1359	
Unnamed Tributary Number 3.	Approximately 100 feet upstream of Prospect Street ..	None	+1402	City of Aurora.
	Approximately 250 feet upstream of the Unnamed Tributary Number 2 confluence.	None	+1376	
Unnamed Tributary Number 4.	Approximately at Tyler drive .....	None	+1390	City of Aurora.
	Approximately 215 feet upstream of Saint Louis Street.	None	+1361	
	Approximately 650 feet upstream of Lincoln Avenue ..	None	+1381

RIN 0648-BB19

**Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Snapper-Grouper Fishery Off the Southern Atlantic States; Control Date for Commercial Wreckfish Sector**

**AGENCY:** Commerce, National Oceanic and Atmospheric Administration (NOAA), National Marine Fisheries Service (NMFS).

**ACTION:** Advanced Notice of Proposed Rulemaking; Consideration of a Control Date.

**SUMMARY:** NMFS announces that it is establishing a new control date of March 11, 2011, to control future access to the commercial wreckfish sector of the snapper-grouper fishery operating in the exclusive economic zone (EEZ) of the South Atlantic. If changes to the management regime are developed and implemented under the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), a control date could be used to limit the number of participants in this commercial sector. This announcement

is intended, in part, to promote awareness of the potential eligibility criteria for future access so as to discourage speculative entry into this sector while the South Atlantic Fishery Management Council (Council) and NMFS consider whether and how access to the commercial wreckfish sector should be controlled.

**DATES:** Written comments must be received on or before 5 p.m., local time, September 2, 2011.

**ADDRESSES:** You may submit comments, identified by NOAA-NMFS-2011-0152, by the following method:

- *Electronic Submissions:* Submit all electronic public comments via the Federal eRulemaking Portal <http://www.regulations.gov>. Follow the instructions for submitting comments.

*Instructions:* All comments received are a part of the public record and will generally be posted to <http://www.regulations.gov> without change. All Personal Identifying Information (for example, name, address, etc.) voluntarily submitted by the commenter may be publicly accessible. Do not submit Confidential Business Information or otherwise sensitive or protected information.

To submit comments through the Federal e-rulemaking portal <http://www.regulations.gov>, select "submit a comment," enter the following docket number into the "Search" box: NOAA-NMFS-2011-0152. To view posted comments during the comment period, enter "NOAA-NMFS-2011-0152" in the keyword search and click on "search." NMFS will accept anonymous comments (enter N/A in the required fields if you wish to remain anonymous). You may submit attachments to electronic comments in Microsoft Word, Excel, WordPerfect, or Adobe PDF file formats only.

**FOR FURTHER INFORMATION CONTACT:** Kim Iverson, Public Information Officer,

South Atlantic Fishery Management Council; toll free 1-866-SAFMC-10 or 843-571-4366; [kim.iverson@safmc.net](mailto:kim.iverson@safmc.net).

**SUPPLEMENTARY INFORMATION:**

Previously, the Council established a control date of March 28, 1990, for the commercial wreckfish sector of the snapper-grouper fishery. Subsequent to that action, an individual transferable quota program was implemented for wreckfish in 1992. The Council is currently developing Amendments 20A and 20B to the Snapper-Grouper Fishery Management Plan (FMP) regarding wreckfish. Therefore, at its March 2011 meeting, the Council recommended a new control date of March 11, 2011, for the commercial wreckfish sector. The Council manages wreckfish under the FMP for the Snapper-Grouper Fishery of the South Atlantic Region. The new control date would apply to current wreckfish ITQ shareholders as well as persons who are contemplating entering the commercial wreckfish sector in the EEZ of the South Atlantic region. If adopted, a new control date would be established for the commercial wreckfish sector. The Council requested that this control date be published in the **Federal Register**, in part, to notify fishermen that if they enter this sector after March 11, 2011, they may not be assured of future access if the Council and/or NMFS decide to limit entry or impose other management measures.

Establishment of the new control date would allow the Council to limit the level of participation in the subject sector using the March 11, 2011, date as part of a management strategy. Control dates are intended to discourage speculative entry into a sector of that fishery, as new entrants entering after the control date are forewarned that they are not guaranteed future participation.

Establishment of this new control date does not commit the Council or NMFS
