

current requirements and prescriptions which limit treatments and activities needed to attain the desired future condition in the project area. Proposed Site Specific Amendment #1—Wildland Fire Management would more closely align with Federal Wildland Fire policy by allowing for the use of unplanned ignitions to meet project objectives. Proposed Site Specific Amendment #2—Big Game Winter Range would change direction regarding cover to forage ratios within management area (MA) 4A in order to achieve fuels reduction objective in this HFRA project.

Responsible Official

Regional Forester, Intermountain Region, 324 25th St., Ogden, UT 84401.

Nature of Decision To Be Made

An environmental impact statement (EIS) that discloses the environmental consequences of implementing the proposed action and alternatives to the proposed action will be prepared. A separate Record of Decision (ROD) will explain the Regional Forester's decision regarding whether or not to implement some level of fuels reduction and other proposed activities on all, part, or none of the area analyzed, given the consideration of multiple-use goals and objectives.

Scoping Process

This notice of intent initiates the scoping process, which guides the development of the environmental impact statement. Comments that would be most useful are those concerning developing or refining the proposed action, in particular are site specific concerns and those that can help us develop treatments and activities that would be responsive to our goal to reduce hazardous fuel conditions, risks to communities from uncharacteristic high-intensity wildfires and landscape restoration needs in the project. It is important that reviewers provide their comments at such times and in such manner that they are useful to the agency's preparation of the environmental impact statement. Therefore, we ask that input be timely and clearly articulate the reviewer's concerns and contentions. Section 104(e) of the HFRA requires agencies to provide notice of the project and conduct a public meeting when preparing authorized hazardous-fuel-reduction projects. A public meeting is scheduled for Thursday, August 18th, 2011 at 6:30pm at the Gibbonsville Improvement Association Building. Additional public meetings are anticipated to be held following

publication of the Draft Environmental Impact Statement.

Comments received in response to this solicitation, including names and addresses of those who comment, will be part of the public record for this proposed action. Comments submitted anonymously will be accepted and considered; however, anonymous comments will not provide the Agency with the ability to provide the respondent with subsequent environmental documents.

Dated: July 26, 2011.

Forest Supervisor.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Evaluation of State Coastal Management Programs and National Estuarine Research Reserves

AGENCY: Commerce, National Oceanic and Atmospheric Administration (NOAA), National Ocean Service, Office of Ocean and Coastal Resource Management.

ACTION: Notice of Intent to Evaluate and Notice of Availability of Final Findings.

SUMMARY: The NOAA Office of Ocean and Coastal Resource Management (OCRM) announces its intent to evaluate the performance of the North Carolina and Delaware Coastal Management Programs and the Delaware National Estuarine Research Reserve.

The Coastal Zone Management Program evaluations will be conducted pursuant to section 312 of the Coastal Zone Management Act of 1972, as amended (CZMA) and regulations at 15 CFR part 923, subpart L. The CZMA requires continuing review of the performance of states with respect to coastal program implementation. Evaluation of a Coastal Management Program requires findings concerning the extent to which a state has met the national objectives, adhered to its Coastal Management Program document approved by the Secretary of Commerce, and adhered to the terms of financial assistance awards funded under the CZMA.

The National Estuarine Research Reserve evaluation will be conducted pursuant to sections 312 and 315 of the CZMA and regulations at 15 CFR part 921, subpart E and part 923, subpart L. Evaluation of a National Estuarine Research Reserve requires findings concerning the extent to which a state has met the national objectives, adhered to its Reserve final management plan approved by the Secretary of Commerce, and adhered to the terms of financial assistance awards funded under the CZMA.

Each evaluation will include a site visit, consideration of public comments, and consultations with interested Federal, state, and local agencies and members of the public. A public meeting will be held as part of the site visit. When the evaluation is completed, OCRM will place a notice in the **Federal Register** announcing the availability of the Final Evaluation Findings. Notice is hereby given of the dates of the site visits for the listed evaluations and the dates, local times, and locations of the public meetings during the site visits.
