¹ The FTC retains its previously cleared estimate of the number of entities each year that will address the GLB Privacy Rule for the first time.

² The FTC retains its prior assumptions to arrive at estimated burden for established entities: (1) 100,000 respondents, approximately 70% of whom maintain customer relationships exceeding one year, (2) no more than 1% (1,000) of whom make additional changes to privacy policies at any time other than the occasion of the annual notice; and (3) such changes will occur no more often than once per year.

³ This is an increase from the previously published estimate of \$45,922,820 (see 76 FR at 27646-7 for details and calculations underlying the preceding total) based on newer BLS data used for hourly wage inputs.
