

minimize the information collection burden.

1. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* State Collection and Reporting of Dental Provider and Benefit Package Information on the Insure Kids Now! Web site and Hotline; *Use:* The Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA) sections 501(f)(1) and (2), requires that state-specific information on dental providers and benefits be posted on the Insure Kids Now (IKN) Web site and available on the hotline. States must update the information on the dental providers quarterly and the information on their benefit package annually. CMS is asking States to submit their dental benefits in a revised format that is designed to reduce the amount of time States have to spend in compiling the dental benefit information. Although in the past we allowed States to only check a box to indicate that the Medicaid dental benefits were in compliance with Early and Periodic Screening, Diagnostic and Treatment (EPSDT) services, we are also modifying the form to ask States to include their Medicaid dental benefits in this form so those may also be posted on the Web site. In addition, we are asking States to specify if they have a dollar or code limit at which point prior authorization is required for any additional services and if they have cost sharing requirements for dental services; *Form Number:* CMS-10291 (OMB #: 0938-1065); *Frequency:* Yearly (dental benefits) and quarterly (dental providers); *Affected Public:* State, Local, or Tribal Governments; *Number of Respondents:* 51; *Total Annual Responses:* 255; *Total Annual Hours:* 190.
