SUPPLEMENTARY INFORMATION:

Title: Plan for Estimating Daily Livestock Slaughter Under Federal Inspection.

OMB Number: 0581-0050.

Expiration Date of Approval: 01-31-2012.

Type of Request: Extension of a currently approved information collection.

Abstract: The Agricultural Marketing Act of 1946 (7 U.S.C. 1621-1627), section 203(g) directs and authorizes the collection and dissemination of marketing information including adequate outlook information, on a market area basis, for the purpose of anticipating and meeting consumer requirements, aiding in the maintenance of farm income, and to bring about a balance between production and utilization.

Under this market news program, USDA issues a market news report estimating daily livestock slaughter under Federal inspection. This report is compiled by AMS on a voluntary basis in cooperation with the livestock and meat industry. Market news reporting must be timely, accurate, and continuous if it is to be useful to producers, processors, and the trade in general. The daily livestock slaughter estimates are provided at the request of industry and are used to make production and marketing decisions.

The Daily Estimated Livestock Slaughter Under Federal Inspection Report is used by a wide range of industry contacts, including packers, processors, producers, brokers and retailers of meat and meat products. The livestock and meat industry requested that USDA issue slaughter estimates (daily and weekly), by species, for cattle, calves, hogs and sheep in order to assist them in making immediate production and marketing decisions and as a guide to the volume of meat in the marketing channel. The information requested from respondents includes their estimation of the current day's slaughter at their plant(s) and the actual slaughter for the previous day. Also, the Government is a large purchaser of meat

and related products and this report assists other Government agencies in providing timely information on the quantity of meat entering the processing channels.

The information must be collected, compiled, and disseminated by an impartial third-party, in a manner which protects the confidentiality of the reporting entity. AMS is in the best position to provide this service.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average .0333 hours per response.

Respondents: Business or other for-profit entities, individuals or households, farms, and the Federal Government.

Estimated Number of Respondents: 72.

Estimated Number of Responses: 18,720.

Estimated Number of Responses per Respondent: 260.

Estimated Total Annual Burden on Respondents: 624 hours.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (2) the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this document will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

Dated: August 3, 2011.

David R. Shipman,

Acting Administrator, Agricultural Marketing Service.

BILLING CODE 3410-02-P

DEPARTMENT OF AGRICULTURE

Agricultural Research Service

Notice of the Advisory Committee on Biotechnology and 21st Century Agriculture Meeting

AGENCY: Office of the Under Secretary, Research, Education, and Economics, Agricultural Research Service.

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, 5 U.S.C. App., the United States Department of Agriculture announces a meeting of the Advisory Committee on Biotechnology and 21st Century Agriculture (AC21).

DATES: August 30-31, 2011.

ADDRESSES: Rooms 104A and 107A, USDA Jamie L. Whitten Federal Building, 12th Street and Jefferson Drive, SW., Washington, DC 20250.

FOR FURTHER INFORMATION CONTACT: Michael Schechtman, Designated Federal Official, Office of the Deputy Secretary, USDA, 202B Jamie L. Whitten Federal Building, 12th and Independence Avenue, SW., Washington, DC 20250; Telephone (202) 720-3817; Fax (202) 690-4265; E-mail AC21@ars.usda.gov.

SUPPLEMENTARY INFORMATION: The first meeting of the reconstituted AC21 has been scheduled for August 30-31, 2011. The AC21 consists of members representing the biotechnology industry, the organic food industry, farming communities, the seed industry, food manufacturers, state government, consumer and community development groups, as well as academic researchers and a medical doctor. In addition, representatives from the Departments of Commerce, Health and Human Services, and State, and the Environmental Protection Agency, the Council on Environmental Quality, and the Office of the United States Trade Representative have been invited to serve as "ex officio" members. The Committee meeting will be held from 8:30 a.m. to 5 p.m. on each day. The topics to be discussed will include: (1) Rules of procedure for the AC21; (2) assessment of informational needs of AC21 members; (3) organization of the AC21's work in developing practical recommendations on approaches for bolstering coexistence among different agricultural production methods; and (4) preliminary presentations and introductory discussions on above work topic.

Background information regarding the work and membership of the AC21 will

be made available on the USDA Web site at <http://www.usda.gov/wps/portal/usda/usdahome?contentid=AC21Main.xml&contentidonly=true>. Members of the public who wish to make oral statements should also inform Dr. Schechtman in writing or via e-mail at the indicated addresses at least three business days before the meeting. On August 30, 2011, if time permits, reasonable provision will be made for oral presentations of no more than five minutes each in duration.

The meeting will be open to the public, but space is limited. If you would like to attend the meetings, you must register by contacting Ms. Dianne Fowler at (202) 720-4074, by fax at (202) 720-3191 or by e-mail at Dianne.fowler@ars.usda.gov at least 7 days prior to the meeting. Please provide your name, title, business affiliation, address, telephone, and fax number when you register. If you are a person with a disability and request reasonable accommodations to participate in this meeting, please note the request in your registration. All reasonable accommodation requests are managed on a case by case basis.

Dated: July 29, 2011.

Catherine E. Woteki,

Under Secretary, Research, Education and Economics.

Food and Nutrition Service

Agency Information Collection Activities: Proposed Collection; Comment Request—Study of the Effectiveness of Efforts To Increase Supplemental Nutrition Assistance Program Participation Among Medicare's Extra Help Population Pilot Projects

AGENCY: Food and Nutrition Service (FNS), USDA.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice invites the general public and other public agencies to comment on proposed information collection. The proposed collection is a new collection for the purpose of conducting the Study of the Effectiveness of Efforts to Increase Supplemental Nutrition Assistance Program Participation Among Medicare's Extra Help Population Pilot Projects.

DATES: Written comments must be received on or before October 11, 2011.

ADDRESSES: Comments are invited on (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions that were used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments may be sent to: Steven Carlson, Office of Research and Analysis, Food and Nutrition Service/ USDA, 3101 Park Center Drive, Room 1014, Alexandria, VA 22302. Comments may also be submitted via fax to the attention of Steven Carlson at 703-305-2576 or via e-mail to Steve.Carlson@fns.usda.gov. Comments will also be accepted through the Federal eRulemaking Portal. Go to <http://www.regulations.gov>, and follow the online instructions for submitting comments electronically.

All written comments will be open for public inspection at the office of the Food and Nutrition Service during regular business hours (8:30 a.m. to 5 p.m., Monday through Friday) at 3101 Park Center Drive, Alexandria, VA 22302, Room 1014.

All responses to this notice will be summarized and included in the request for Office of Management and Budget (OMB) approval. All comments will be a matter of public record.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of this information collection should be directed to Steven Carlson at 703-305-2017.

SUPPLEMENTARY INFORMATION:

Title: Study of the Effectiveness of Efforts to Increase Supplemental Nutrition Assistance Program Participation Among Medicare's Extra Help Population Pilot Projects

Form Number: Not yet assigned.

OMB Number: 0584-New.

Expiration Date: Not yet assigned.

Type of Request: New collection of Information.

Abstract: The Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2010 (Pub. L. 111-80) provides the Food and Nutrition Service (FNS) with funds to test the

effectiveness of pilot projects designed to increase elderly participation in the Supplemental Nutrition Assistance Program (SNAP; formerly known as the Food Stamp Program). Historically, elderly individuals who are eligible for SNAP have the lowest participation rates among all demographic groups. The pilot projects will attempt to increase participation in SNAP among beneficiaries of Medicare's Extra Help by using data from Extra Help applications that are forwarded to State Medicaid offices. Because Extra Help and SNAP eligibility requirements do not directly correspond, these pilot projects will evaluate methods of using these Medicaid data to increase SNAP participation among Extra Help beneficiaries.

FNS invited State agencies to submit grant applications to use data from the Extra Help program to reduce the barriers to SNAP participation experienced by Extra Help applicants. FNS is funding three pilot projects to address some of these challenges through three approaches: (1) Targeted outreach in Washington, (2) simplified eligibility criteria in Pennsylvania, and (3) standardized SNAP benefits in New Mexico.

The overarching goal of the evaluation is to understand how the pilot programs operated, who they served, and the extent to which they generated any measurable effects on participation, cost, and SNAP benefits. As part of the evaluation, FNS will (1) Obtain a detailed description of each pilot project; (2) obtain a detailed description of the implementation process of each pilot project; (3) assess the effect of each pilot project on SNAP participation among the target population; (4) assess the effect of each pilot project on SNAP benefits; (5) assess the federal, State, and local administrative costs of each pilot project, including both implementation costs and operational costs; (6) assess the overall pilot experience among SNAP participants and non-participants within the target group; (7) assess the effect of each pilot project on SNAP case and payment errors; (8) assess the sustainability of each pilot project and the prerequisites for statewide expansion, including describing administrative barriers that may hinder replication of the pilot projects, and (9) assess and compare the relative promise of alternative models.

The information collection being requested for this project is to address the assessment of overall pilot experience among SNAP participants and eligible non-participants (objective 6 above). In order to accomplish this, the evaluation will solicit feedback from
