

Dated at Rockville, Maryland, this 2nd day of August 2011.

For the Nuclear Regulatory Commission.
Annette L. Vietti-Cook,
Secretary of the Commission.

ATTACHMENT 1—GENERAL TARGET SCHEDULE FOR PROCESSING AND RESOLVING REQUESTS FOR ACCESS TO SENSITIVE UNCLASSIFIED NON-SAFEGUARDS INFORMATION IN THIS PROCEEDING

Day	Event/activity
0	Publication of FEDERAL REGISTER notice of hearing and opportunity to petition for leave to intervene, including order with instructions for access requests.
10	Deadline for submitting requests for access to Sensitive Unclassified Non-Safeguards Information (SUNSI) with information: Supporting the standing of a potential party identified by name and address; describing the need for the information in order for the potential party to participate meaningfully in an adjudicatory proceeding.
60	Deadline for submitting petition for intervention containing: (i) Demonstration of standing; (ii) all contentions whose formulation does not require access to SUNSI (+25 Answers to petition for intervention; +7 requestor/petitioner reply).
20	Nuclear Regulatory Commission (NRC) staff informs the requestor of the staff's determination whether the request for access provides a reasonable basis to believe standing can be established and shows need for SUNSI. (NRC staff also informs any party to the proceeding whose interest independent of the proceeding would be harmed by the release of the information.) If NRC staff makes the finding of need for SUNSI and likelihood of standing, NRC staff begins document processing (preparation of redactions or review of redacted documents).
25	If NRC staff finds no "need" or no likelihood of standing, the deadline for requestor/petitioner to file a motion seeking a ruling to reverse the NRC staff's denial of access; NRC staff files copy of access determination with the presiding officer (or Chief Administrative Judge or other designated officer, as appropriate). If NRC staff finds "need" for SUNSI, the deadline for any party to the proceeding whose interest independent of the proceeding would be harmed by the release of the information to file a motion seeking a ruling to reverse the NRC staff's grant of access.
30	Deadline for NRC staff reply to motions to reverse NRC staff determination(s).
40	(Receipt +30) If NRC staff finds standing and need for SUNSI, deadline for NRC staff to complete information processing and file motion for Protective Order and draft Non-Disclosure Affidavit. Deadline for applicant/licensee to file Non-Disclosure Agreement for SUNSI.
A	If access granted: Issuance of presiding officer or other designated officer decision on motion for protective order for access to sensitive information (including schedule for providing access and submission of contentions) or decision reversing a final adverse determination by the NRC staff.
A + 3	Deadline for filing executed Non-Disclosure Affidavits. Access provided to SUNSI consistent with decision issuing the protective order.
A + 28	Deadline for submission of contentions whose development depends upon access to SUNSI. However, if more than 25 days remain between the petitioner's receipt of (or access to) the information and the deadline for filing all other contentions (as established in the notice of hearing or opportunity for hearing), the petitioner may file its SUNSI contentions by that later deadline.
A + 53	(Contention receipt +25) Answers to contentions whose development depends upon access to SUNSI.
A + 60	(Answer receipt +7) Petitioner/Intervenor reply to answers.
>A + 60	Decision on contention admission.

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[NRC-2011-0184; Docket No. 50-482]

Wolf Creek Nuclear Operating Corporation; Notice of Withdrawal of Application for Amendment to Facility Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has granted the request of Wolf Creek Nuclear Operating Corporation (the licensee) to withdraw its September 22, 2010 application, as supplemented by letter dated November 22, 2010, for proposed amendment to Renewed Facility Operating License No. NPF-42 for the Wolf Creek Generating Station (WCGS), located in Coffey County, Kansas.

The proposed amendment would have revised the approved fire protection program as described in the

WCGS Updated Safety Analysis Report (USAR). Specifically, the licensee requested approval for a deviation from a commitment to certain technical requirements of Title 10 of the *Code of Federal Regulations* (10 CFR), part 50, Appendix R, Section III.L.1, "Alternative and dedicated shutdown capability," as described in Appendix 9.5E of the WCGS USAR. The change would have revised USAR Table 9.5E-1 to include information on reactor coolant system process variables not maintained within those predicted for a loss of normal AC (alternating current) power.

The Commission had previously issued a Notice of Consideration of Issuance of Amendment published in the **Federal Register** on December 28, 2010 (75 FR 81673). However, by letter dated June 30, 2011, the licensee withdrew the proposed change.

For further details with respect to this action, see the application for amendment dated September 22, 2010, as supplemented by letter dated

November 22, 2010, and the licensee's letter dated June 30, 2011, which withdrew the application for license amendment. Documents may be examined, and/or copied for a fee, at the NRC's Public Document Room (PDR), located at One White Flint North, Public File Area O1 F21, 11555 Rockville Pike (first floor), Rockville, Maryland. Publicly available records will be accessible electronically from the Agencywide Documents Access and Management System (ADAMS) Public Electronic Reading Room on the internet at the NRC Web site, <http://www.nrc.gov/reading-rm/adams.html>. Persons who do not have access to ADAMS or who encounter problems in accessing the documents located in ADAMS should contact the NRC PDR Reference staff by telephone at 1-800-397-4209, or 301-415-4737 or by e-mail to pdr.resource@nrc.gov.

Dated at Rockville, Maryland, this 9th day of August 2011.

For the Nuclear Regulatory Commission.

James R. Hall,

Senior Project Manager, Plant Licensing Branch IV, Division of Operating Reactor Licensing, Office of Nuclear Reactor Regulation.

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[NRC-2010-0355; Order EA-11-180; Docket Nos. 70-7003, 70-7004; License Nos. SNM-7003, SNM-2011]

In the Matter of USEC Inc., American Centrifuge Lead Cascade Facility, and American Centrifuge Plant; Order Extending the Date by Which the Direct Transfer of Licenses Is To Be Completed

I

USEC Inc. (USEC) is the holder of materials licenses SNM-7003 and SNM-2011 for the American Centrifuge Lead Cascade Facility (Lead Cascade) and American Centrifuge Plant (ACP), respectively, which authorize the licensee to: (1) Possess and use source and special nuclear material at the Lead Cascade at the Portsmouth Gaseous Diffusion Plant site in Piketon, Ohio, in accordance with materials license number SNM-7003; and (2) construct and operate a gas centrifuge uranium enrichment facility (the ACP) at the Portsmouth Gaseous Diffusion Plant site in Piketon, Ohio, in accordance with materials license number SNM-2011.

II

The U.S. Nuclear Regulatory Commission's (NRC) Order, dated February 10, 2011, approved the direct transfer of the licenses of the above facilities from USEC to the limited liability company American Centrifuge Operating, LLC (ACO), pursuant to Sections 161(b), 161(i), 161(o) and 184 of the Atomic Energy Act, as amended; 42 United States Code (U.S.C.) 2201(b), 2201(i), and 2234; and Title 10 *Code of Federal Regulations* (10 CFR) parts 30.34(b), 40.46, "Inalienability of Licenses," and 70.36, "Inalienability of Licenses." By its terms, the February 10, 2011, Order will become null and void if the license transfers are not completed within 180 days from February 10, 2011 (i.e., by August 9, 2011). However, the February 10 Order further states that upon written application and for good cause shown, the 180-day period may be extended by further Order.

III

By letter dated July 22, 2011, as supplemented by electronic communication dated August 1, 2011, USEC submitted a request to extend the date by which the license transfers must be completed from August 9, 2011, to February 9, 2012. USEC stated that it has been working diligently with the Department of Energy over the past several months to conclude the review process for USEC's loan guarantee application, but would not be able to complete this process by August 9, 2011.

USEC states that there have been no changes in the information and technical and financial qualifications presented in its September 10, 2010, request to transfer the licenses. USEC states that the basis for granting that request has, thus, not changed and remains valid. The NRC staff notes that its basis for approving the transfers of USEC's licenses for the Lead Cascade and the ACP from USEC to ACO is documented in its Safety Evaluation Report (SER) supporting the February 10 Order. The NRC staff concluded that the basis for approval has not changed since the issuance of the February 10 Order.

The NRC staff has considered the submittal of July 22, 2011, as supplemented by electronic communication dated August 1, 2011, and has determined that good cause has been shown to extend, until February 9, 2012, the date by which the license transfers must be completed.

IV

Accordingly, pursuant to Sections 161b, 161i, 161o, and 184 of the Atomic Energy Act of 1954, as amended, 42 U.S.C. 2201(b), 2201(i), and 2234; and 10 CFR 30.34(b), 40.46, "Inalienability of Licenses," and 70.36, "Inalienability of Licenses," *It Is Hereby Ordered* that the date by which the license transfers described above must be completed is extended to February 9, 2012. If the proposed direct transfer of licenses is not completed by February 9, 2012, this Order and the February 10 Order shall become null and void. However, upon written application and for good cause shown, the February 9, 2012, date may be extended by further Order.

This Order is effective upon issuance. The Order of February 10, 2011, as modified by this Order, remains in full force and effect.

For further details with respect to this Order, see the submittal dated July 22, 2011 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML11210B497), as supplemented by electronic

communication dated August 1, 2011 (ADAMS Accession No. ML11213A282), and the SER documenting NRC's staff evaluation of USEC's submittal dated July 22, 2011 (ADAMS Accession No. ML112140088), which may be examined—and/or copied for a fee—at the NRC's Public Document Room, located at One White Flint North, 11555 Rockville Pike (First Floor), Rockville, MD 20852; and accessible online in the NRC Library at <http://www.nrc.gov/reading-rm/adams.html>.

Dated at Rockville, Maryland, this 8th day of August 2011.

For the U.S. Nuclear Regulatory Commission.

Catherine Haney,

Director, Office of Nuclear Material Safety and Safeguards.

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[NRC-2008-0441; Docket Nos. 52-025-COL and 52-026-COL]

Southern Nuclear Operating Co., et al.; Combined Licenses for Vogtle Electric Generating Plant, Units 3 and 4, and Limited Work Authorizations

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of hearing.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC or the Commission) will convene an evidentiary session to receive testimony and exhibits in the uncontested portion of this proceeding regarding the application of Southern Nuclear Operating Company for two combined licenses (COLs) seeking approval to construct and operate new nuclear power generation facilities at the Vogtle Electric Generating Plant, Units 3 & 4 (VEGP), as well as for two limited work authorizations (LWAs) to engage in selected construction activities. This mandatory hearing will concern safety and environmental matters relating to the proposed issuance of the requested COLs and LWAs.

DATES: The hearing will be held on September 27, 2011, from 9 a.m. (Eastern Daylight Time). For a schedule for submitting prefiled documents and deadlines affecting Interested Government Participants, see the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT: Rochelle C. Bavol, Office of the Secretary, U.S. Nuclear Regulatory
