

The law judge found that, in sales of variable annuities to elderly customers, Respondents violated Section 17(a) of the Securities Act of 1933, Section 10(b) of the Securities Exchange Act of 1934, and Exchange Act Rule 10b-5, and Exchange Act Section 17(a) and Exchange Act Rule 17a-3. The law judge also found that Collins failed to reasonably supervise Brown within the meaning of Exchange Act Sections 15(b)(4)(E) and 15(b)(6). For these violations, the law judge issued cease-and-desist orders against Respondents, ordered Respondents to disgorge commissions earned from selling certain variable annuities, barred Respondents from associating with a broker, dealer, or investment adviser, and imposed a third-tier civil monetary penalty of \$130,000 against each Respondent.

Issues likely to be considered at oral argument include whether Respondents violated the above provisions and, if so, the extent to which, under the circumstances, sanctions are warranted.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NASDAQ is proposing to modify Rule 7050 governing the rebates and fees

assessed for option orders entered into NOM. Specifically, NASDAQ is proposing to modify pricing for the Customer Rebate to Add Liquidity in Penny Options to create monthly volume tiers. The Exchange believes the monthly volume thresholds will incentivize firms that route Customer orders to the Exchange to increase Customer order flow to the Exchange.

The Exchange currently pays a Customer Rebate to Add Liquidity of \$0.36 per executed contract to members providing liquidity through NOM in Penny Options. The Exchange proposes to amend this rebate so that Customers will receive a Rebate to Add Liquidity based on their total number of Customer contracts that add liquidity in Penny Options in a given month. The Exchange proposes to pay a Customer Rebate to Add Liquidity in Penny Options based on four volume tiers as follows:

	Monthly volume	Rebate to add liquidity
Tier 1	0–499,999	\$0.26
Tier 2	500,000–799,999	\$0.32
Tier 3	800,000–1,199,999	\$0.36
Tier 4	1,200,000 and up	\$0.38

By way of example, the Exchange would pay a Rebate to Add Liquidity of \$0.36 per contract to a NOM Participant that executed 900,000 Customer contracts that added liquidity in Penny Options in a given month. If the NOM Participant executed 1,500,000 Customer contracts that added liquidity in Penny Options in a given month, the Exchange would pay a Rebate to Add Liquidity of \$0.38 per contract.

2. Statutory Basis

NASDAQ believes that the proposed rule changes are consistent with the provisions of Section 6 of the Act,⁴ in general, and with Section 6(b)(4) of the Act,⁵ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which NASDAQ operates or controls.

The Exchange believes that the proposed monthly tier structure for Customer Rebates to Add Liquidity in Penny Options is equitable, reasonable and not unfairly discriminatory because by incentivizing broker-dealers acting as agent for Customer orders to select the Exchange as a venue to post Customer orders will attract Customer order flow

and benefit all market participants. While the Exchange is lowering the current Rebate to Add Liquidity for Customers in tiers 1 and 2, the Exchange believes that broker-dealers acting as agent for Customer orders will in fact be incentivized to bring additional order flow to the Exchange and obtain higher rebates.

Furthermore, the Exchange believes that the proposed Customer monthly volume tier Rebates to Add Liquidity are equitable and not unfairly discriminatory because the Rebates to Add Liquidity are higher in tier levels 2, 3 and 4 for Customers as compared to all other market participants. With respect to tier level 1, the Exchange is proposing to pay a Customer a lower Rebate to Add Liquidity as compared to a Professional and NOM Market Maker. The Exchange believes that this proposal is equitable because the Customer has the opportunity to earn higher rebates with the tier structure as compared to a Professional, who will only receive a \$0.29 per contract Rebate to Add Liquidity, and a NOM Market Maker, who will only receive a \$0.30 per contract Rebate to Add Liquidity. Additionally, with respect to NOM Market Makers, the proposed fee structure is equitable because market makers have obligations to the market

and regulatory requirements,⁶ which normally do not apply to other market participants. Customers receive a higher Rebate to Add Liquidity for all tiers as compared to a Firm and Non-NOM Market Maker.⁷

The Exchange believes the proposed monthly tier structure for Customer Rebates to Add Liquidity in Penny Options is also reasonable because the amount of the rebate is similar to a tiered rebate offered by NYSE Arca, Inc. (“NYSE Arca”). NYSE Arca pays a per contract rate on all posted liquidity in Customer Penny Pilot Issues by aggregating total contracts executed that added liquidity in Penny Pilot Issues in a given month.⁸

⁶ Pursuant to Chapter VII (Market Participants), Section 5 (Obligations of Market Makers), in registering as a market maker, an Options Participant commits himself to various obligations. Transactions of a Market Maker in its market making capacity must constitute a course of dealings reasonably calculated to contribute to the maintenance of a fair and orderly market, and Market Makers should not make bids or offers or enter into transactions that are inconsistent with such course of dealings. Further, all Market Makers are designated as specialists on NOM for all purposes under the Act or rules thereunder. See Chapter VII, Section 5.

⁷ A Firm receives a \$0.10 per contract Rebate to Add Liquidity and a Non-NOM Market maker receives a \$0.25 per contract Rebate to Add Liquidity.

⁸ See NYSE Arca’s Fee Schedule.

⁴ 15 U.S.C. 78f.

⁵ 15 U.S.C. 78f(b)(4).

The Exchange believes that the proposed monthly tier structure for Customer Rebates to Add Liquidity in Penny Options is equitable and not unfairly discriminatory because the Exchange would uniformly pay a Rebate to Add Liquidity to Customers executing Penny Options based on the monthly tiers proposed herein.

The Exchange operates in a highly competitive market comprised of nine U.S. options exchanges in which sophisticated and knowledgeable market participants can readily send order flow to competing exchanges if they deem fee levels at a particular exchange to be excessive. The Exchange believes that the proposed rebate structure and tiers are competitive and similar to other rebates and tiers in place on other exchanges. The Exchange believes that this competitive marketplace impacts the rebates present on the Exchange today and substantially influences the proposals set forth above.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁹ and paragraph (f)(2) of Rule 19b-4¹⁰ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
