Certain Steel Nails From the United Arab Emirates: Postponement of Preliminary Determination of Antidumping Duty Investigation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* August 22, 2011.

FOR FURTHER INFORMATION CONTACT:

Michael A. Romani at (202) 482-0198, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Postponement of Preliminary Determination

On April 27, 2011, the Department of Commerce (the Department) initiated the antidumping duty investigation on nails from the United Arab Emirates. See *Certain Steel Nails From the United Arab Emirates: Initiation of Antidumping Duty Investigation*, 76 FR 23559 (April 27, 2011). The notice of initiation stated that the Department would issue its preliminary determination for this investigation no later than 140 days after the issuance of the initiation in accordance with section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.205(b)(1) unless postponed.

On August 8, 2011, Mid Continent Nail Corporation (the petitioner) made a timely request pursuant to section 733(c)(1) of the Act and 19 CFR 351.205(b)(2) and (e) for postponement of the preliminary determination in this investigation. The petitioner requested a 50-day postponement of the preliminary determination in order to allow the Department additional time to resolve a number of complex issues in this investigation.

The petitioner submitted a request for postponement of the preliminary determination more than 25 days before the scheduled date of the preliminary determination. See 19 CFR 351.205(e). Therefore, because the petitioner provided reasons for its request and the Department finds no compelling reasons

to deny the request, the Department is postponing the deadline for the preliminary determination in accordance with section 733(c)(1)(A) of the Act and 19 CFR 351.205(b)(2) and (e) by 50 days to October 27, 2011. The deadline for the final determination will continue to be 75 days after the date of the preliminary determination unless extended.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: August 15, 2011.

Christian Marsh,

Acting Deputy Assistant Secretary for Import Administration.

Bottom Mount Combination Refrigerator-Freezers From the Republic of Korea and Mexico: Postponement of Preliminary Determinations of Antidumping Duty Investigations

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT:

Henry Almond (Republic of Korea) (202) 482-0049 or David Goldberger (Mexico) (202) 482-4136; AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington DC 20230.

SUPPLEMENTARY INFORMATION:

Postponement of Preliminary Determinations

On April 19, 2011, the Department of Commerce (the Department) initiated antidumping duty investigations of imports of bottom mount combination refrigerator-freezers from the Republic of Korea (Korea) and Mexico. See *Bottom Mount Combination Refrigerator-Freezers From the Republic of Korea and Mexico: Initiation of Antidumping Duty Investigations*, 76 FR 23281 (April 26, 2011). The notice of initiation stated that we would issue our preliminary determinations no later than 140 days after the date of initiation. Currently, the preliminary determinations in these investigations are due on September 6, 2011.

On August 11, 2011, Whirlpool Corporation (hereafter, the petitioner)

made timely requests, pursuant to 19 CFR 351.205(e) and section 733(c)(1)(A) of the Tariff Act of 1930, as amended (the Act), for a 50-day postponement of the preliminary determinations in the investigations. The petitioner stated that a postponement of these preliminary determinations is necessary because of the complexities of the investigations, the novelty of the issues raised, and because the Department is still involved in gathering and analyzing data from the respondents.

Under section 733(c)(1)(A) of the Act, if the petitioner makes a timely request for an extension of the period within which the preliminary determination must be made under subsection (b)(1), then the Department may postpone making the preliminary determination under subsection (b)(1) until not later than the 190th day after the date on which the administering authority initiated the investigation. Therefore, because there are no compelling reasons to deny its requests, the Department is postponing the preliminary determinations in these investigations until October 26, 2011, which is 190 days from the date on which the Department initiated these investigations.

The deadline for the final determinations will continue to be 75 days after the date of the preliminary determinations, unless extended.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: August 16, 2011.

Paul Piquado,

Acting Deputy Assistant Secretary for Import Administration.

Heavy Forged Hand Tools (i.e., Axes & Adzes, Bars & Wedges, Hammers & Sledges, and Picks & Mattocks) From the People's Republic of China: Continuation of Antidumping Duty Orders

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce ("Department") and the International Trade Commission ("ITC") that revocation of the antidumping duty orders on heavy forged hand tools (i.e.,

Axes & Adzes, Bars & Wedges, Hammers & Sledges, and Picks & Mattocks) (“Hand Tools”) from the People’s Republic of China (“PRC”) would likely lead to continuation or recurrence of dumping and of material injury to an industry in the United States, the Department is publishing a notice of continuation of the antidumping duty orders.

DATES: *Effective Date:* August 22, 2011.

FOR FURTHER INFORMATION CONTACT: Emeka Chukwudebe, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; *telephone:* (202) 482-0219.

SUPPLEMENTARY INFORMATION: On January 3, 2011, the Department initiated the third sunset review of the antidumping duty orders on Hand Tools from the PRC pursuant to section 751(c)(2) of the Tariff Act of 1930, as amended (“Act”). See *Initiation of Five-Year (“Sunset”) Review*, 76 FR 89 (January 3, 2011). As a result of its review, the Department found that revocation of the antidumping duty orders would likely lead to continuation or recurrence of dumping and notified the ITC of the magnitude of the margins likely to prevail were the orders to be revoked. See *Heavy Forged Hand Tools (i.e., Axes & Adzes, Bars & Wedges, Hammers & Sledges, and Picks & Mattocks) From the People’s Republic of China: Final Results of the Expedited Sunset Review of the Antidumping Duty Orders*, 76 FR 24856 (May 3, 2011).

On August 10, 2011, the ITC determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty orders on Hand Tools from the PRC would likely lead to continuation or recurrence of material injury to an industry in the United States. See *Heavy Forged Hand Tools From China*, 76 FR 50755 (August 16, 2011), and USITC Publication 4250 (August 2011), *Heavy Forged Hand Tools from China: Investigation Nos. 731-TA-457-A-D* (Third Review).

Scope of the Orders

The products covered by these orders are Hand Tools comprising the following classes or kinds of merchandise: (1) Hammers and sledges with heads over 1.5 kg (3.33 pounds); (2) bars over 18 inches in length, track tools and wedges; (3) picks and mattocks; and (4) axes, adzes and similar hewing tools. Hand Tools include heads for drilling hammers, sledges, axes, mauls, picks and mattocks, which may or may not be

painted, which may or may not be finished, or which may or may not be imported with handles; assorted bar products and track tools including wrecking bars, digging bars, and tampers; and steel wood splitting wedges. Hand Tools are manufactured through a hot forge operation in which steel is sheared to required length, heated to forging temperature, and formed to final shape on forging equipment using dies specific to the desired product shape and size. Depending on the product, finishing operations may include shot blasting, grinding, polishing and painting, and the insertion of handles for handled products. Hand Tools are currently provided for under the following Harmonized Tariff Schedule of the United States subheadings: 8205.20.60, 8205.59.30, 8201.30.00, and 8201.40.60. Specifically excluded from these orders are hammers and sledges with heads 1.5 kg (3.33 pounds) in weight and under, hoes and rakes, and bars 18 inches in length and under. The tariff classifications are provided for convenience and customs purposes; however, the written description of the scope of the orders is dispositive.

Continuation of the Orders

As a result of the determinations by the Department and the ITC that revocation of the antidumping duty orders would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping duty orders on Hand Tools from the PRC. U.S. Customs and Border Protection will continue to collect antidumping duty cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of continuation of the orders will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year review of the orders no later than 30 days prior to the fifth anniversary of the effective date of continuation.

This five-year (sunset) review and this notice are in accordance with sections 751(c) and 777(i)(1) of the Act and 19 CFR 351.218(f)(4).

Dated: August 16, 2011.

Christian Marsh,

Acting Deputy Assistant Secretary for Import Administration.

Application(s) for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, as amended by Pub. L. 106-36; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be postmarked on or before September 12, 2011. Address written comments to Statutory Import Programs Staff, Room 3720, U.S. Department of Commerce, Washington, DC 20230. Applications may be examined between 8:30 a.m. and 5 p.m. at the U.S. Department of Commerce in Room 3720.

Docket Number: 11-026. *Applicant:* Purdue University, 745 Agriculture Mall Dr., West Lafayette, IN 47907.

Instrument: SPSx Moisture Sorption Analyzer. *Manufacturer:* Projekt Messtechnik, Germany. *Intended Use:* The SPSx will be used to monitor the water-solid interaction behavior of food ingredients (both amorphous and crystalline) and blends of powdered food ingredients. The instrument monitors water-solid interactions by taking gravimetric measurement of samples continuously using a microbalance to monitor sample weight after exposure to the programmed relative humidity and temperature conditions. The SPSx is the leading instrument in monitoring multiple samples exposed to the same experimental conditions by use of a sampling wheel and enclosed top weighing balance, allowing for the measurement of up to 23 samples in a single experimental protocol. A unique feature of this instrument is that it monitors multiple samples at one time, ensuring that conditions do not vary from one experiment to the next. *Justification for Duty-Free Entry:* There are no instruments of the same general category being manufactured in the United States. *Application accepted by Commissioner of Customs:* March 23, 2011.

Dated: August 16, 2011.

Gregory Campbell,

Director, IA Subsidies Enforcement Office.
