Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Virginia Modified Pound Net Leader Inspection Program.

OMB Control Number: 0648–0559.

Form Number(s): NA.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 19.

Average Hours per Response: Telephone calls, 5 minutes; inspection meetings, 1 hour.

Burden Hours: 70.

Needs and Uses: This action would continue an inspection program for modified pound net leaders in the Virginia waters of the mainstem Chesapeake Bay. The pound net fishermen must call the National Marine Fisheries Service (NMFS) to arrange for a meeting. At the meeting, they must allow for the inspection of gear to ensure the modified leader meets the definition of a modified pound net leader, as described in the regulations (50 CFR 222.102). This inspection program is necessary to provide fishermen with the insurance that their leaders meet the regulatory definition of a modified pound net leader before setting their gear, provide managers with the knowledge that the offshore leaders in a portion of the Virginia Chesapeake Bay are configured in a sea turtle-safe manner, and aid in enforcement efforts.

Affected Public: Business or other for-profit organizations.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* August 23, 2011.

FOR FURTHER INFORMATION CONTACT: Alexander Montoro or Jennifer Meek, at (202) 482–0238 or (202) 482–2778, respectively; AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On November 1, 2010, the Department published a notice of opportunity to request an administrative review of the antidumping duty order on certain circular welded non-alloy steel pipe (“circular welded pipe”) from the Republic of Korea (“Korea”) for the period November 1, 2009, through October 31, 2010. See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review*, 75 FR 67079 (November 1, 2010).

In accordance with 19 CFR 351.213(b), on November 30, 2010, Wheatland Tube Company (“Wheatland”) and United States Steel Corporation (“U.S. Steel”), manufacturers of the domestic like product, timely requested an administrative review. Wheatland requested that the Department of Commerce (the “Department”) conduct an administrative review of the following producers and/or exporters of the subject merchandise: SeAH Steel Corporation (“SeAH”); Hyundai HYSCO (“HYSCO”); Husteel Co., Ltd. (“Husteel”); Nexteel Co., Ltd. (“Nexteel”); Kumkang Industrial Co., Ltd. (“Kumkang”); and Dongbu Steel Co., Ltd. (“Dongbu”). U.S. Steel requested the Department conduct an administrative review of the following producers of subject merchandise: SeAH; HYSCO; Husteel; Nexteel; Kumkang; and A–JU Besteel Co., Ltd. (“Besteel”). On the same day, SeAH and HYSCO both separately requested the Department conduct an administrative review of their respective companies.

On December 28, 2010, the Department initiated an administrative review covering the period November 1, 2009, through October 31, 2010. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 75 FR 81565 (December 28, 2010).

Wheatland withdrew its request for a review of Husteel, Nexteel, Kumkang, and Dongbu on July 13, 2011. U.S. Steel also withdrew its request for a review of Husteel, Nexteel, Kumkang, and Besteel on July 13, 2011. Wheatland and U.S.

Steel are the only parties to have requested reviews of Husteel, Nexteel, and Kumkang; Wheatland is the only party to have requested a review of Dongbu, and U.S. Steel is the only party to have requested a review of Besteel.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if the party that requested a review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. The Department may extend this deadline if it determines that it is reasonable to do so. Although Wheatland and U.S. Steel withdrew their respective requests for Husteel, Nexteel, Kumkang, Dongbu, and Besteel after the 90-day period, the Department has not, to date, dedicated extensive time and resources to this review, only having recently issued supplemental questionnaires to SeAH and HYSCO. Therefore, in response to the requests by Wheatland and U.S. Steel, the Department hereby rescinds the administrative review for the period November 1, 2009, through October 31, 2010, for Husteel, Nexteel, Kumkang, Dongbu, and Besteel.

Assessment

The Department will instruct U.S. Customs and Border Protection (“CBP”) to assess antidumping duties on all appropriate entries. For the companies for which this review is rescinded, the antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 15 days after the date of publication of this notice of partial rescission of administrative review.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice serves as a final reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/ destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with 19 CFR 351.213(d)(4).

Dated: August 16, 2011.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for extension of a currently approved information collection.

The National Marine Fisheries Service (NMFS) Southeast Region manages the United States fisheries of the exclusive economic zone (EEZ) off the South Atlantic, Caribbean, and Gulf of Mexico under the Fishery Management Plans (FMPs) for each Region. The Regional Fishery Management Councils prepared the FMPs pursuant to the Magnuson-Stevens Fishery Conservation and Management Act (MSA). The regulations implementing the FMPs that have reporting requirements are at 50 CFR part 622.

The recordkeeping and reporting requirements at 50 CFR part 622 form the basis for this collection of information. NMFS Southeast Region requires that all permitted fishing vessels must mark their vessel with the official identification number or some form of identification. A vessel’s official number, under most regulations, is required to be displayed on the port and starboard sides of the deckhouse or hull, and weather deck. The official number and color code identifies each vessel and should be visible at distances at sea and in the air. These markings provide law enforcement personnel with a means to monitor fishing, at-sea processing, and other related activities, to ascertain whether the vessel’s observed activities are in accordance with those authorized for that vessel. The identifying number is used by NMFS, the United States Coast Guard (USCG) and other marine agencies in issuing violations, prosecutions, and other enforcement actions. Vessels that qualify for particular fisheries are readily identified, gear violations are more readily prosecuted, and this allows for more cost-effective enforcement.

II. Method of Collection

Numbers are painted directly on the vessels.
