This action also explains the procedures the FAA will use to amend the listings of Class A, B, C, D, and E airspace areas; air traffic service routes; and reporting points incorporated by reference.

DATES: These regulations are effective September 15, 2011, through September 15, 2012. The incorporation by reference of FAA Order 7400.9V is approved by the Director of the Federal Register as of September 15, 2011, through September 15, 2012.

SUPPLEMENTARY INFORMATION:

History

FAA Order 7400.9U, Airspace Designations and Reporting Points, effective September 15, 2010, listed Class A, B, C, D and E airspace areas; air traffic service routes; and reporting points. Due to the length of these descriptions, the FAA requested approval from the Office of the Federal Register to incorporate the material by reference in the Federal Aviation Regulations section 71.1, effective

September 15, 2010, through September 15, 2011. During the incorporation by reference period, the FAA processed all proposed changes of the airspace listings in FAA Order 7400.9U in full text as proposed rule documents in the **Federal Register**. Likewise, all amendments of these listings were published in full text as final rules in the **Federal Register**. This rule reflects the periodic integration of these final rule amendments into a revised edition of Order 7400.9V, Airspace Designations and Reporting Points. The Director of the Federal Register has approved the incorporation by reference of FAA Order 7400.9V in section 71.1, as of September 15, 2011 through September 15, 2012. This rule also explains the procedures the FAA will use to amend the airspace designations incorporated by reference in part 71. Sections 71.5, 71.15, 71.31, 71.33, 71.41, 71.51, 71.61, 71.71, and 71.901 are also updated to reflect the incorporation by reference of FAA Order 7400.9V.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 to reflect the approval by the Director of the Federal Register of the incorporation by reference of FAA Order 7400.9V, effective September 15, 2011, through September 15, 2012. During the incorporation by reference period, the FAA will continue to process all proposed changes of the airspace listings in FAA Order 7400.9V in full text as proposed rule documents in the **Federal Register**. Likewise, all amendments of these listings will be published in full text as final rules in the **Federal Register**. The FAA will periodically integrate all final rule amendments into a revised edition of the Order, and submit the revised edition to the Director of the Federal Register for approval for incorporation by reference in section 71.1.

The FAA has determined that this action: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. This action neither places any new restrictions or requirements on the public, nor changes the dimensions or operation requirements of the airspace listings incorporated by reference in part 71.

Eleventh Coast Guard District Annual Marine Events

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is updating and consolidating the list of marine events occurring annually within the Eleventh Coast Guard District. These amendments standardize the special local regulations language, update listed events, delete events that are no longer occurring, add new unlisted annual events to the regulation, and standardize the format for all tables in these four sections. When these special local regulations are activated, and thus subject to enforcement, this rule would enable vessel movement restrictions in the regulated area.

DATES: This rule is effective September 26, 2011.
